[57] CLAIM

The ornamental design for an anterior articulator, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of an anterior articulator showing my new design in an open position;
FIG. 2 is a bottom plan view of the lower portion thereof;
FIG. 3 is a right side elevational view of the lower portion thereof, the left side being a mirror image;
FIG. 4 is a front elevational view of the lower portion thereof;
FIG. 5 is a rear elevational view of the lower portion thereof;
FIG. 6 is a top, front perspective view of the lower portion thereof; and
FIG. 7 is a bottom, front fragmentary perspective view of the upper portion thereof, the area shown broken-away being identical in appearance to the lower portion.
