[57] CLAIM

The ornamental design for a battery operated electric water pump, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a battery operated electric water pump showing our new design;

FIG. 2 is a right side elevational view thereof, the left side being a mirror image;

FIG. 3 is a rear elevational view thereof; and

FIG. 4 is a bottom plan view thereof; and

FIG. 5 is a top, front and left side perspective view of a second embodiment thereof, the only difference residing in the appearance of the discharge tube.

FIG. 1

FIG. 3

FIG. 4

FIG. 2

FIG. 5
