[57] CLAIM

The ornamental design for a mobile living quarters unit, substantially as shown and described.

FIG. 1 is a side elevation illustrating our mobile living quarters unit design;
FIG. 2 is a back end elevation illustrating our mobile living quarters unit with the individual living compartments thereof being shown in a closed nested configuration;
FIG. 3 is a back end view of our mobile living quarters unit with the living compartments shown in an open living quarters configuration;
FIG. 4 is a top plan view of our living quarters unit with the individual living compartments shown in the closed nested configuration;
FIG. 5 is a top plan view of our mobile living quarters unit with the individual living compartments in an open living quarters configuration;
FIG. 6 is a perspective view illustrating our mobile living quarters unit with the compartments in an open living quarters configuration;
FIG. 7 is a side elevational view of the mobile living quarters unit with only two of the living compartments showing; and,
FIG. 8 is a top plan view of FIG. 7 with four individual compartments being in an open living quarters position. The broken line showing of the elements at the front of the unit is for illustrative purposes only and forms no part of the claimed design.
