[57] CLAIM

[21] Appl. No.: 763,408

The ornamental design for an electric heating unit for attachment to an automotive oil filter, as shown and described.

[22] Filed: Aug. 7, 1985

DESCRIPTION

[30] Foreign Application Priority Data

Feb. 15, 1985 [FI] Finland 13085

[52] U.S. Cl. D15/5; D23/209

[58] Field of Search D15/1, 3, 5-6; D13/40; D23/324, 209, 316; 123/1 R, 196 AB; 184/109; 219/200, 202, 205, 226, 311, 385, 424; D8/14, 349, 354-357, 364

FIG. 1 is a front elevational view of an electric heating unit for attachment to an automotive oil filter, showing my new design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof; and,

FIG. 5 is a left side elevational view thereof, the right side being substantially similar in appearance.

The cross-hatch shading on the tubular elements is intended to represent conventional flexible electric cable and is understood to cover the entire area indicated.
