[57] CLAIM

The ornamental design for adjustable height mount for pump motor, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of an adjustable height mount for a pump motor showing my new design in a low mode position;
 FIG. 2 is a front elevational view thereof, the rear view being identical;
 FIGS. 3 and 4 are respectively top and bottom plan views thereof;
 FIGS. 5 and 6 are respectively left and right side elevational views thereof;
 FIG. 7 is a front, top and right side perspective view thereof in high mode position;
 FIG. 8 is a front elevational view thereof as illustrated in FIG. 7, the rear view being identical;
 FIGS. 9 and 10 are respectively left and right elevational views thereof, as illustrated in FIG. 7.

FIG. 1

FIG. 2

FIG. 3

FIG. 4

FIG. 5

FIG. 6
