[57] CLAIM

The ornamental design for a sprinkler stabilizer flange, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top and front side perspective view of a sprinkler stabilizer flange showing my new design, the broken-line showing of the sprinkler head and shaft being for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is an enlarged, exploded perspective view thereof;

FIG. 3 is a greatly enlarged top plan view of the rear flange half thereof;

FIG. 4 is a greatly enlarged front elevational view of the rear flange half thereof;

FIG. 5 is a greatly enlarged left side elevational view of the rear flange half thereof;

FIG. 6 is a greatly enlarged right side elevational view of the rear flange half thereof;

FIG. 7 is a greatly enlarged rear elevational view of the rear flange half thereof; and,

FIG. 8 is a greatly enlarged bottom plan view of the rear flange half thereof.

FIG. 1
