[57] CLAIM

The ornamental design for a piston pin removal tool, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a piston pin removal tool showing my new design; FIG. 2 is a right side elevational view thereof; FIG. 3 is a left side elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a bottom plan view thereof; and, FIG. 7 is a reduced scale perspective view thereof. The threaded rod member is partially shown in broken lines in FIGS. 1-4 for ease of illustration only.
