[57] CLAIM

The ornamental design for a combined telephone handset and stand, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a combined telephone handset and stand, showing our new design with the handset removed for clarity of illustration;  
 FIG. 2 is a top plan view of the handset and stand in cradled relationship;  
 FIGS. 3 and 4 are respectively left side elevational views of the stand alone and of the cradled set;  
 FIGS. 5 and 6 are respectively right side elevational views of the stand alone and of the cradled set;  
 FIGS. 7 and 8 are respectively rear elevational views of the cradled set and of the stand alone;  
 FIGS. 9 and 10 are respectively front elevational views of the cradled set and of the stand alone;  
 FIGS. 11 and 12 are respectively bottom and top plan views of the handset;  
 FIGS. 13 and 14 are respectively right and left side elevational views of the handset; and,  
 FIGS. 15 and 16 are respectively rear and front elevational views of the handset;  
 FIG. 17 is a perspective view of the cradled set.  
 The handset and the stand are shown independently in FIGS. 1, 3, 5, 8 and 10-16 for clarity of illustration; the coiled cord is shown fragmentarily in all figures for ease of illustration.
