[57] CLAIM

The ornamental design for the front, back, and sides of housing for manure and sludge spreader, substantially as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a combined manure and sludge spreader with the rear door in the closed position, showing my new design; FIG. 2 is a reduced front and left side perspective view thereof; FIG. 3 is a reduced front and right side perspective view thereof; FIG. 4 shows a side perspective of the rear surface shown in FIG. 1. The undisclosed top and bottom of the housing for manure and sludge spreader are unornamented.
