[57] CLAIM

The ornamental design for the front of an instrument panel for an electronic bar code reader, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the front of an instrument panel for an electronic bar code reader showing the new design;

FIG. 2 is a front elevational view of the design;

FIG. 3 is a front perspective view of a second embodiment of the design;

FIG. 4 is a front elevational view of this second embodiment;

FIG. 5 is a front perspective view of a third embodiment of the design;

FIG. 6 is a front elevational view of this third embodiment;

FIG. 7 is a front perspective view of a fourth embodiment of the design; and

FIG. 8 is a front elevational view of this fourth embodiment.
