[57] CLAIM

The ornamental design for a housing for a telephone handset and stand, as shown and described.

DESCRIPTION

FIG. 1 is a bracketed right side front and top perspective view of a housing for a telephone handset and stand showing my new design with the handset spaced above its stand for clarity of surface representation;

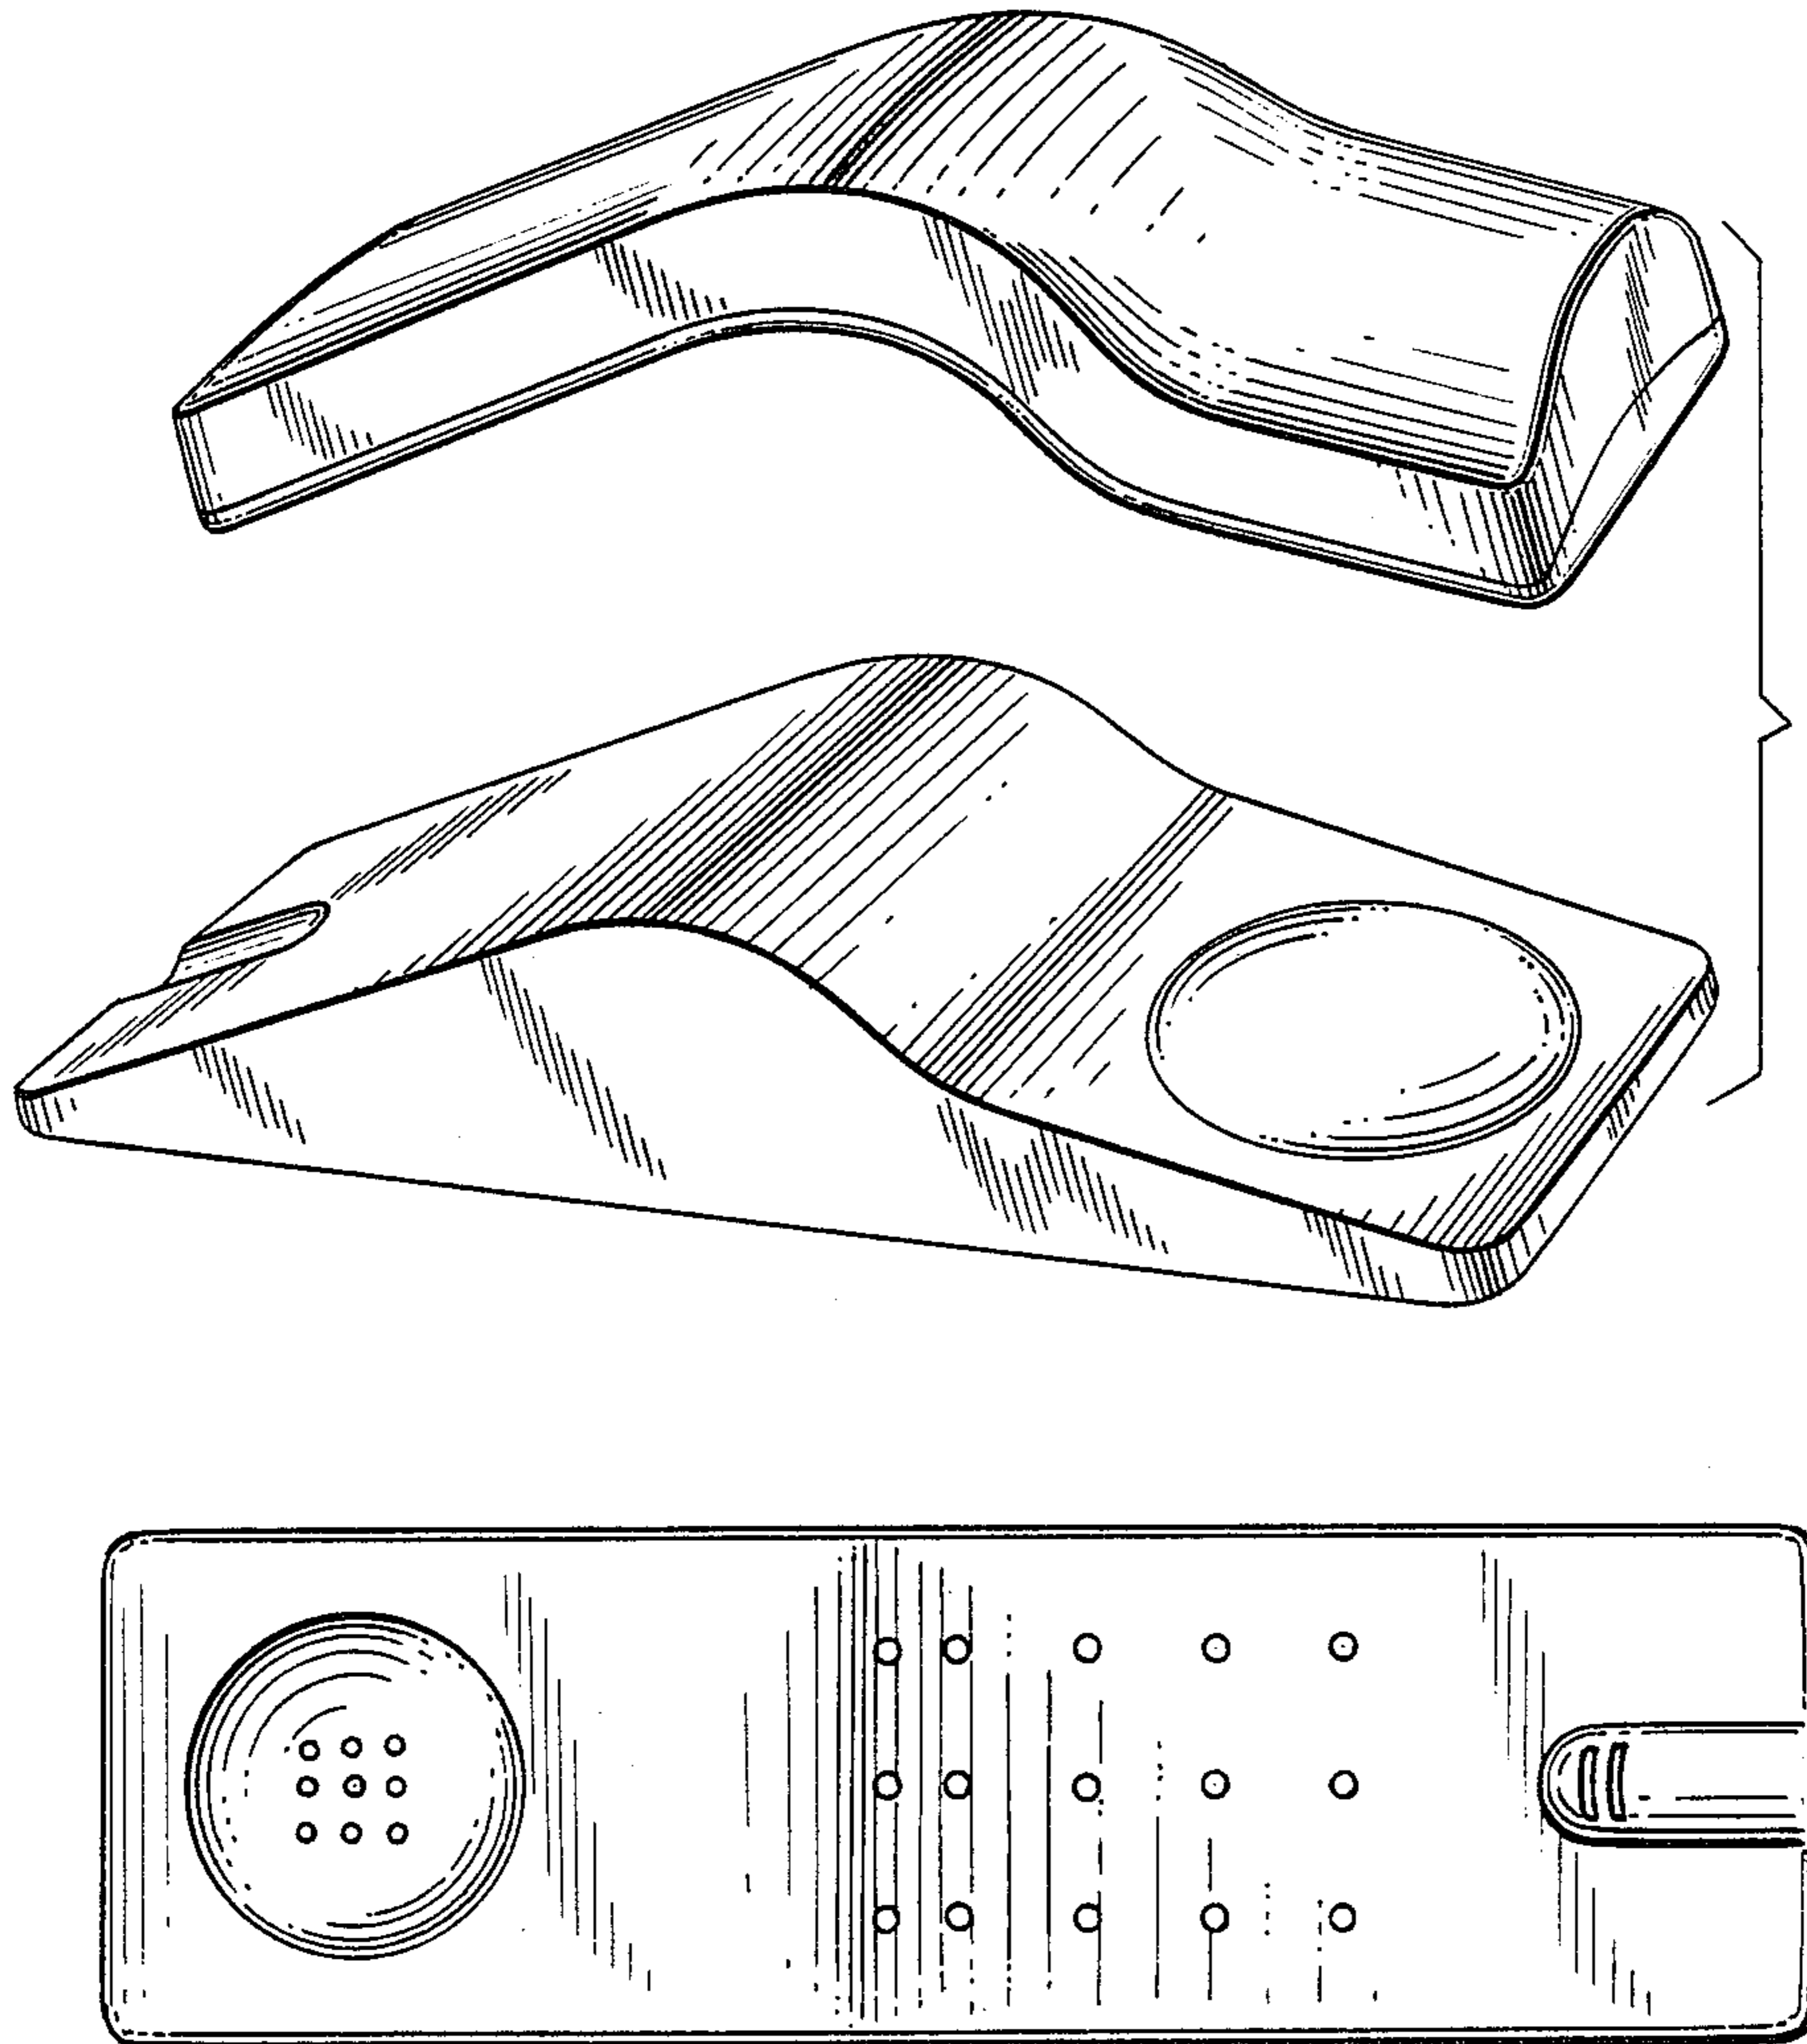

FIG. 2 is a left side elevational view thereof in cradled relationship, the side opposite being a mirror image thereof;

FIG. 3 is a bracketed left side elevational view of the handset and stand spaced apart, one over the other;

FIGS. 4 and 5 are respectively front and rear elevational views of the handset shown alone;

FIGS. 6 and 7 are respectively top and bottom plan views of the handset alone; and,

FIG. 8 is a top plan view of the handset alone, the bottom of the stand being plain and without ornamentation.
