[57] **CLAIM**

The ornamental design for a portable handset radio telephone, as shown and described.

DESCRIPTION

FIGS. 1 and 2 are respectively front and rear elevational views of a portable handset radio telephone showing my new design with the hinged transmitter in opened position;

FIGS. 3 and 4 are respectively left and right side elevational views thereof;

FIGS. 5 and 6 are respectively top and bottom plan views thereof;

FIGS. 7 and 8 are respectively cross-sectional views of taken on the lines VIII of FIG. 1 and on the lines VII of FIG. 1 thereof, with interior construction omitted;

FIGS. 9 and 10 are respectively front, right side and bottom perspective views thereof, with the hinged transmitter in opened position in FIG. 9 and in closed position in FIG. 10; and,

FIG. 11 is a front, right side and bottom perspective views of a second embodiment thereof in opened operative position, with the differences in the embodiment, vis-a-vis the first, being display of the antenna in extended position and with the display panel and sundry pushbuttons showing conventional operative indicia.

The broken line showing of numbers in the display panel of FIG. 11 is for illustrative purposes only and forms no part of the claimed design.
