[57] **CLAIM**

The ornamental design for a pumpkin light, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a pumpkin light showing my new design;
FIG. 2 is a right side elevational view thereof;
FIG. 3 is a top plan view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a left side elevational view thereof;
FIG. 6 is a bottom plan view thereof;
FIG. 7 is a front elevational view of a second embodiment of my new design, the second embodiment being identical to the first except for the eyes, nose, and mouth which open into the hollow body and for the omission of the top light and lens;
FIG. 8 is a front elevational view of a third embodiment of my design, the third embodiment being identical to the first except for the added cylindrical apertured ears on the sides, and the shape of the top light;
FIG. 9 is a right side elevational view of the third embodiment, the left side being a mirror image but for the omission of the elongated vertical element under the cylindrical ear.
