[57] CLAIM

The ornamental design for an insert for securing fastening devices, as shown.

DESCRIPTION

FIG. 1 is a perspective view of an insert for securing fastening devices showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a side elevational view thereof, the opposite side being a mirror image;

FIG. 4 is a side elevational view thereof, rotated ninety degrees from the position shown in FIG. 3, the opposite side being a mirror image;

FIG. 5 is a cross sectional view thereof, taken along lines 5-5 in FIG. 3; and

FIG. 6 is a bottom plan view thereof.
