[57] CLAIM

The ornamental design for a retractable marine thrust motor, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a retractable marine thrust motor showing my new design in the retracted position;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a side elevational view thereof, shown in the extended position;
FIG. 5 is an opposite side elevational view thereof, shown in the extended position; and
FIG. 6 is a top, front and left side elevational view thereof, shown in the extended position with a portion broken-away for clarity of illustration.

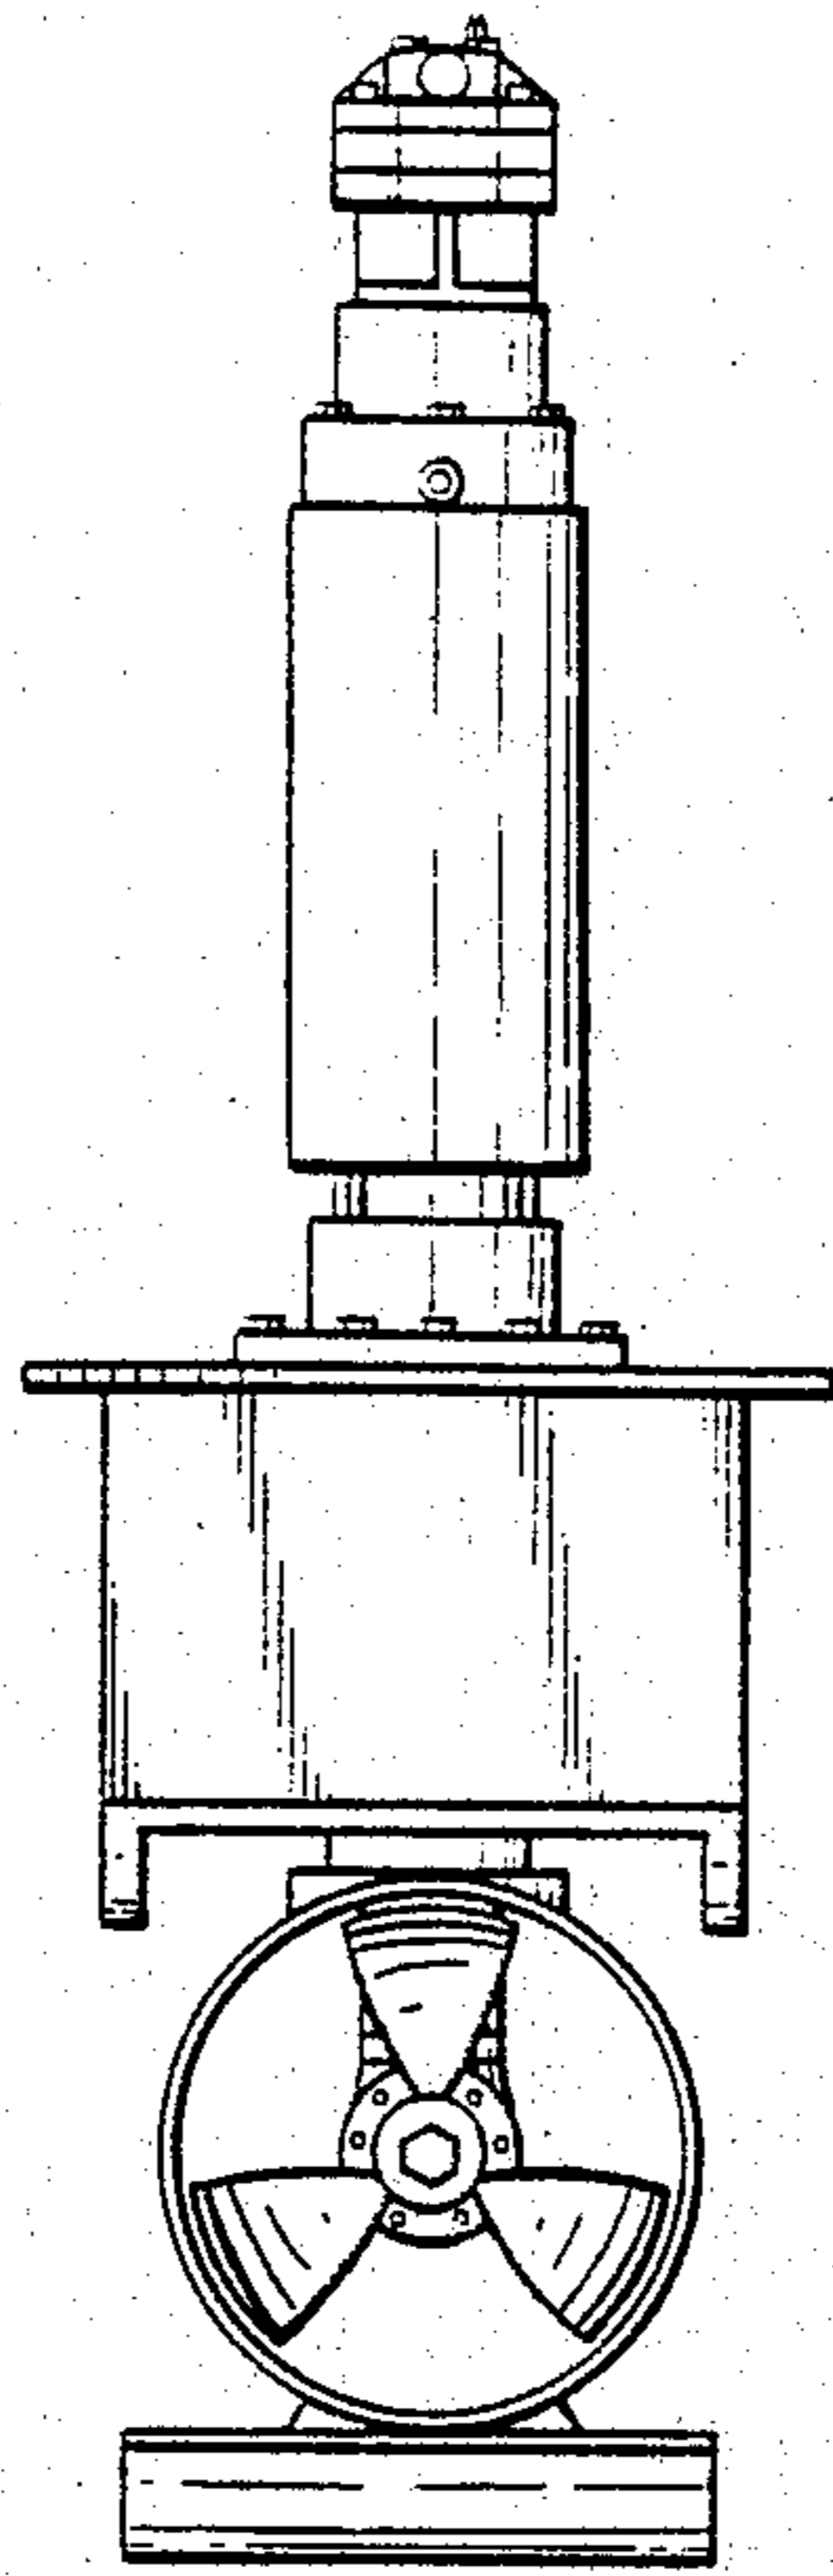

FIG. 4.

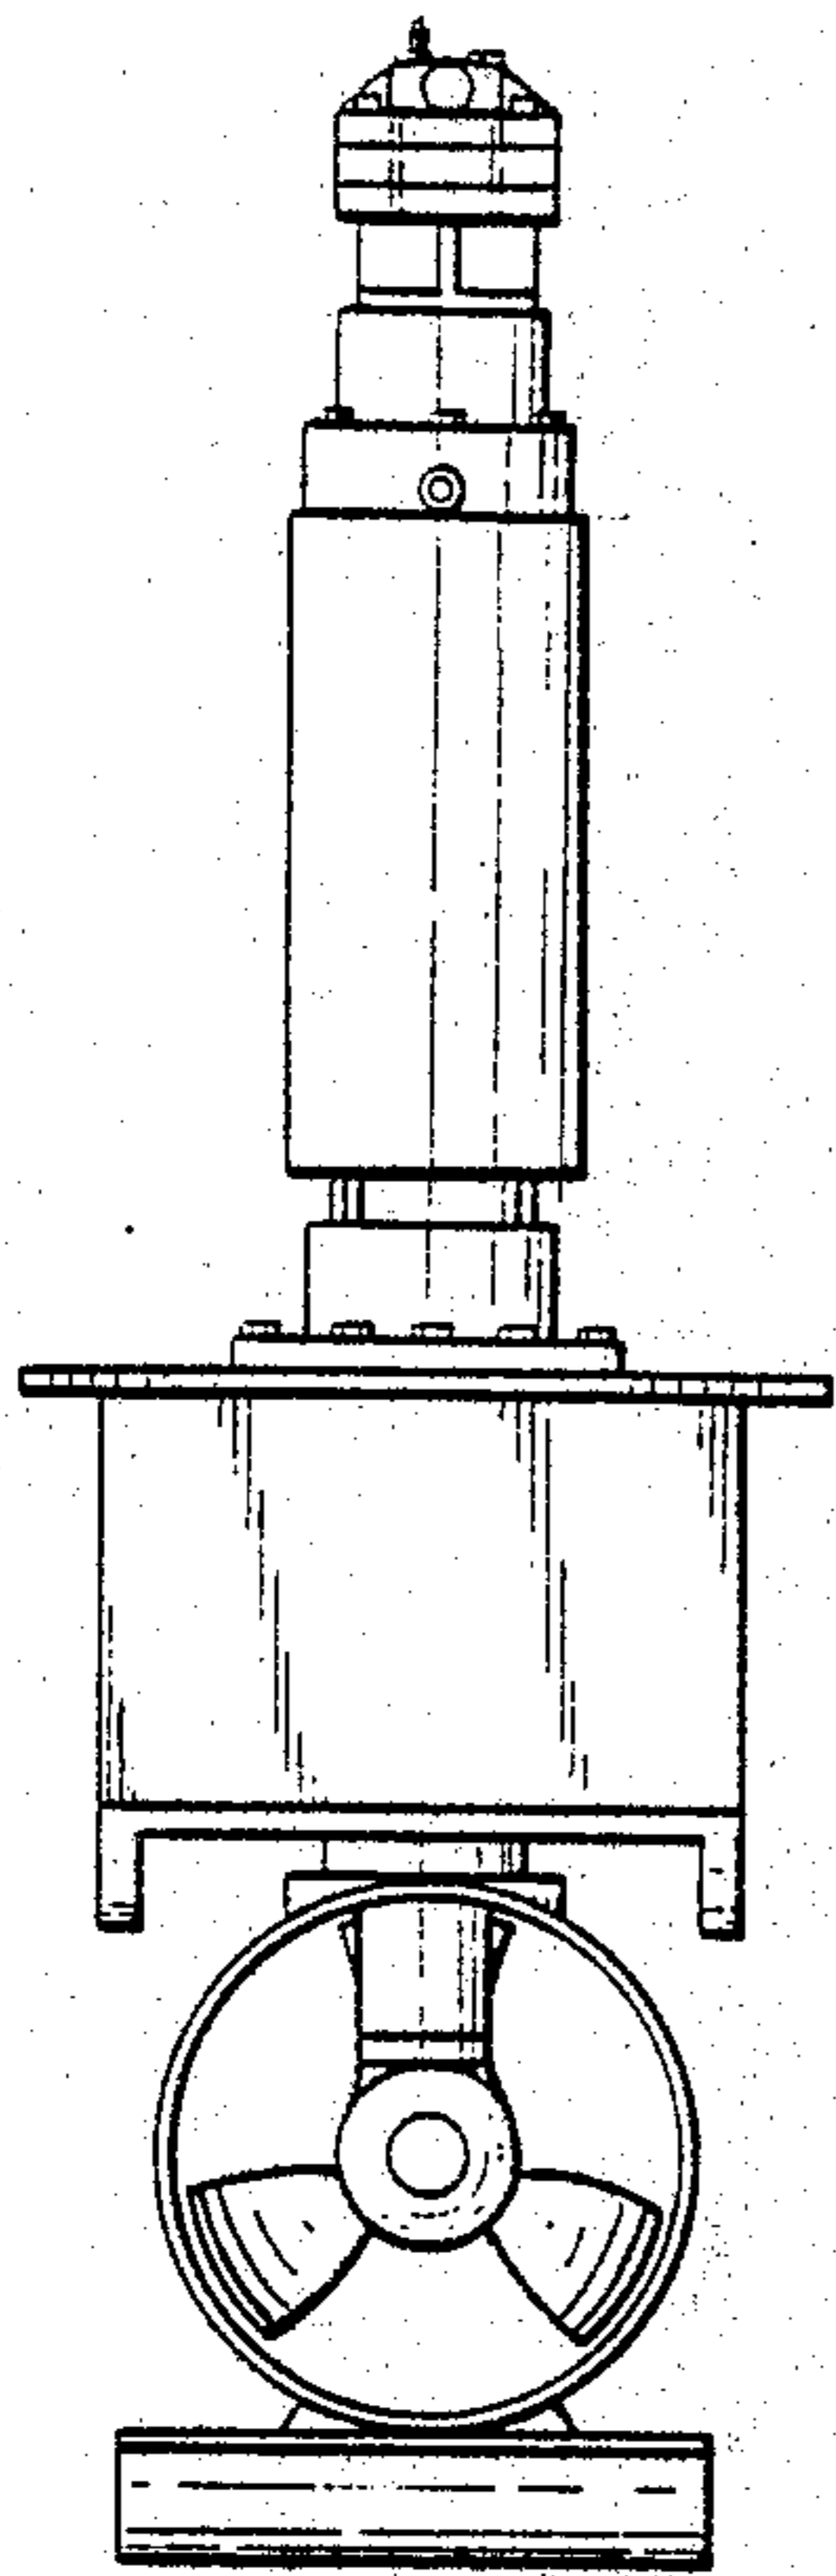

FIG. 5.

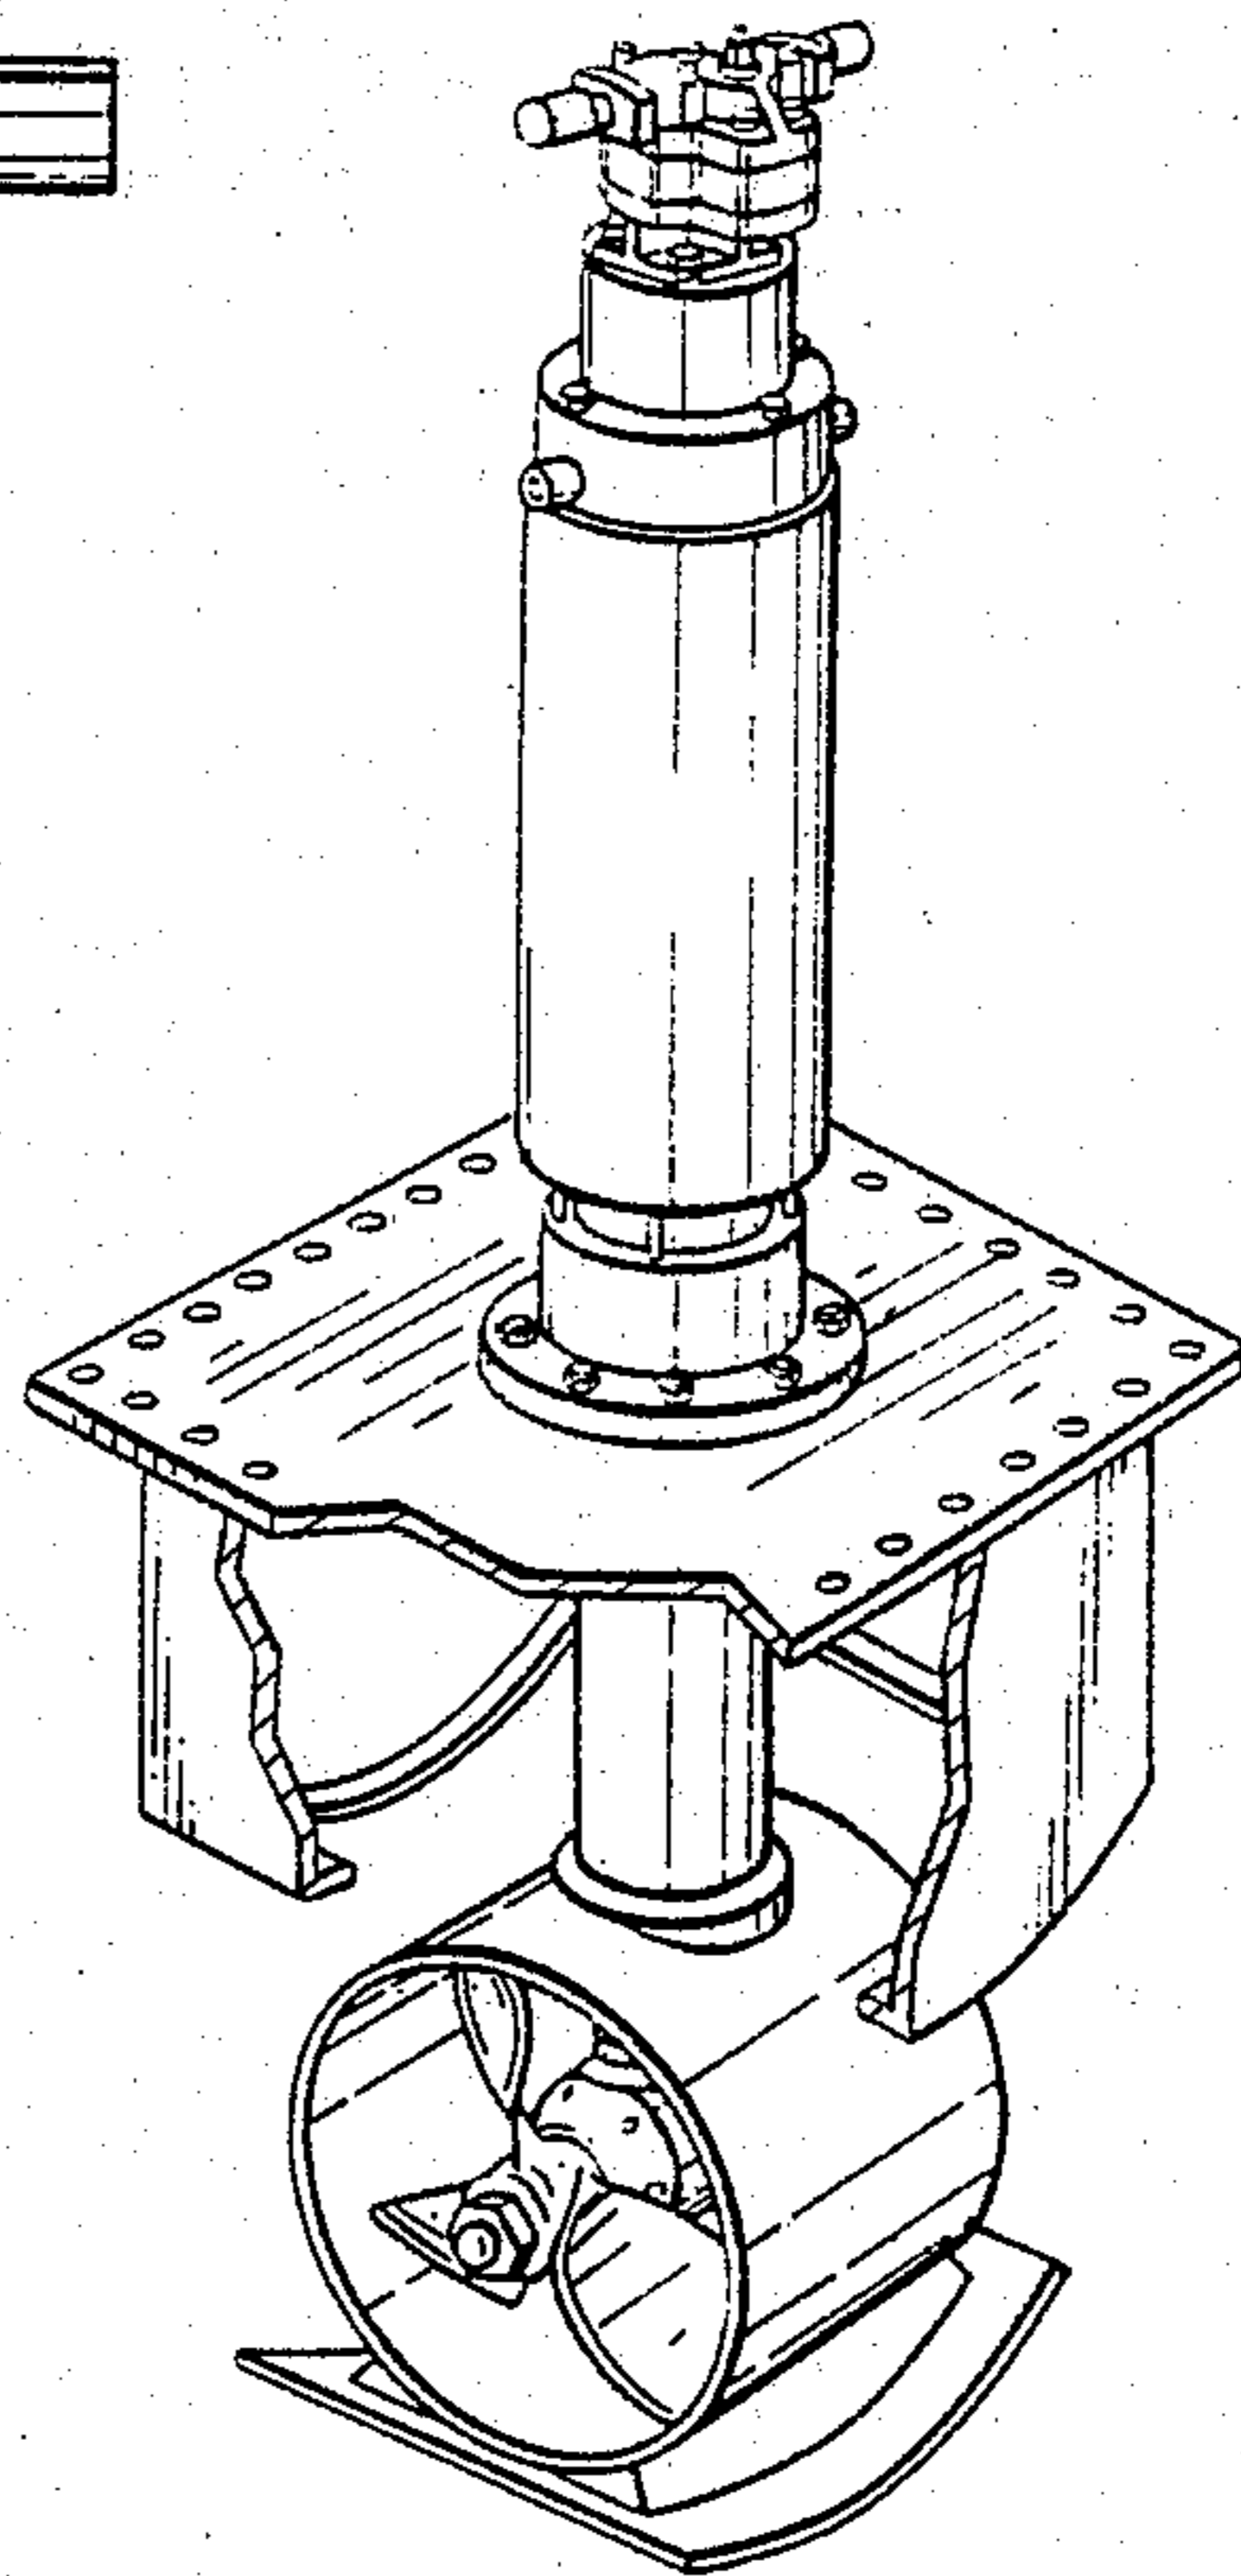

FIG. 6.
