[57] CLAIM

The ornamental design for a brewer for coffee or tea, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and right side perspective view of a brewer for coffee or tea showing my new design.

FIG. 2 is a front elevational view thereof.

FIG. 3 is a left side elevational view thereof.

The right side elevational view of the brewer for coffee or tea of FIG. 1 is a mirror image of the left side elevational view shown in FIG. 3.

FIG. 4 is a rear elevational view thereof.

FIG. 5 is a top plan view thereof.

FIG. 6 is a bottom plan view thereof.

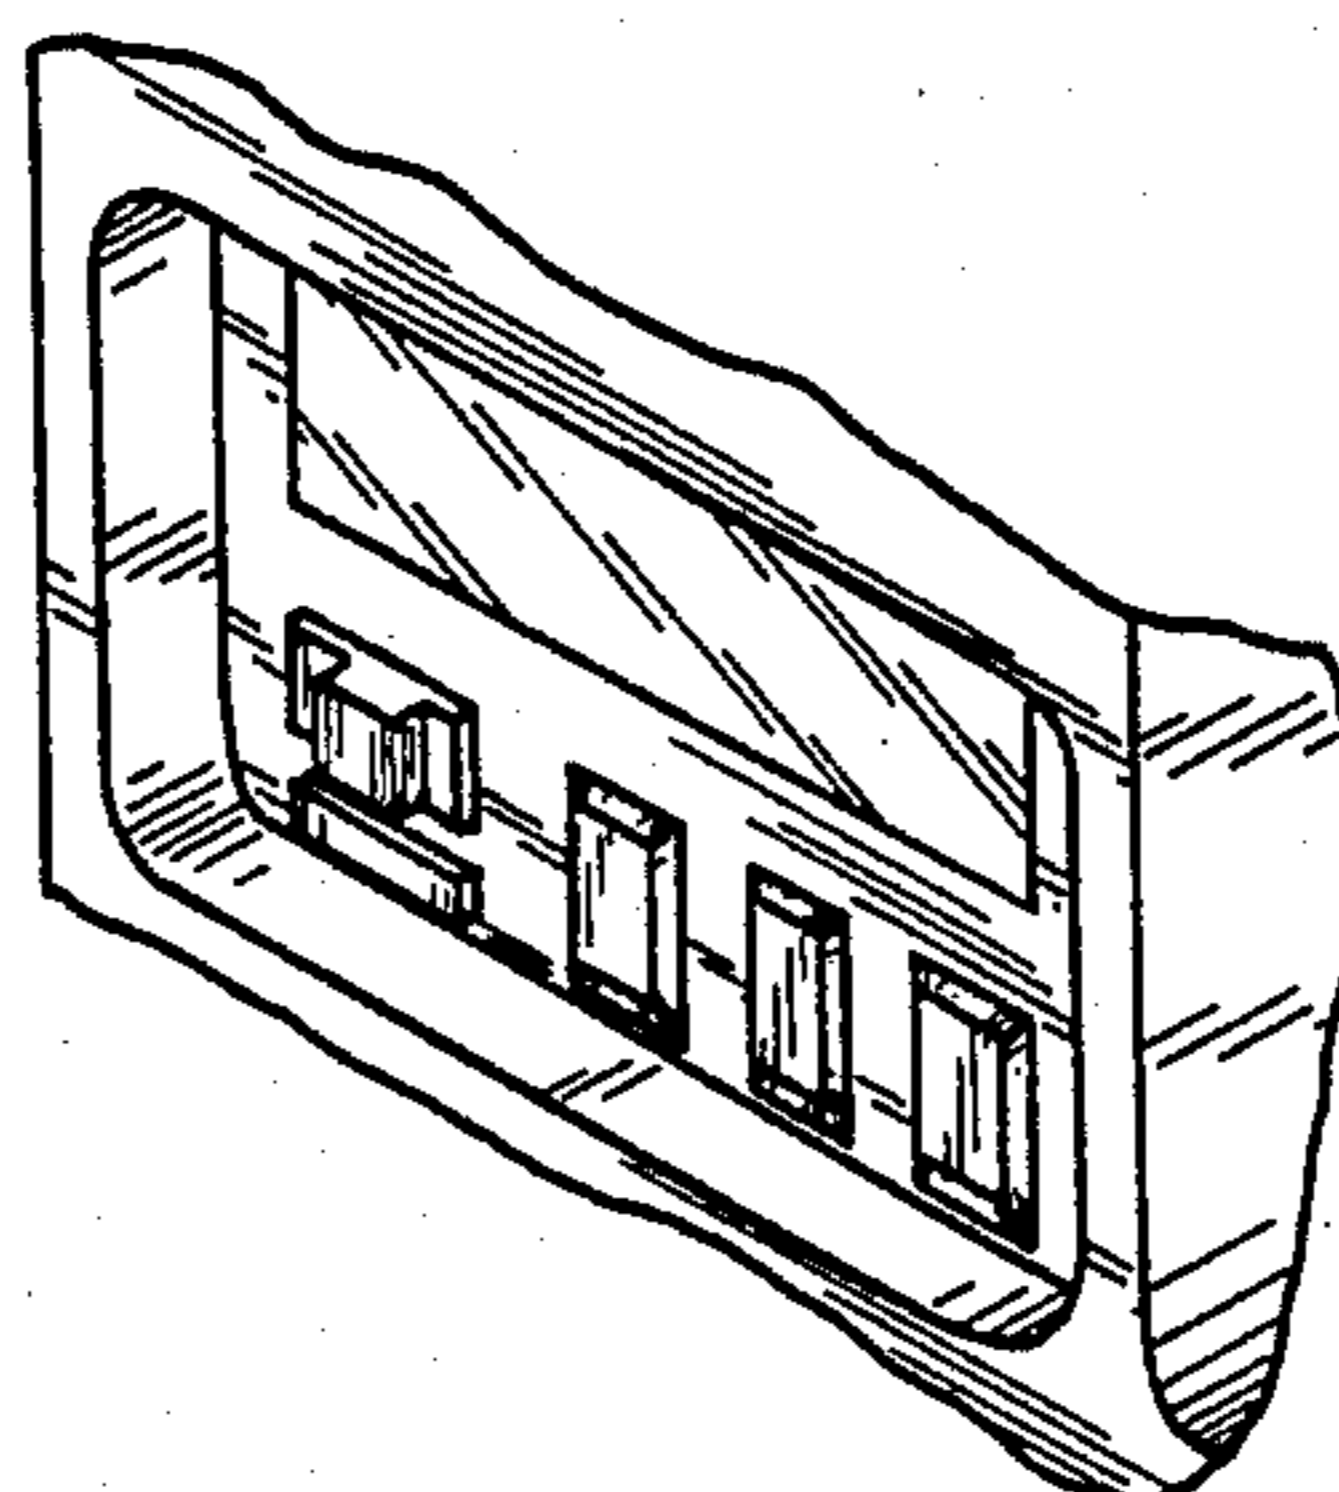

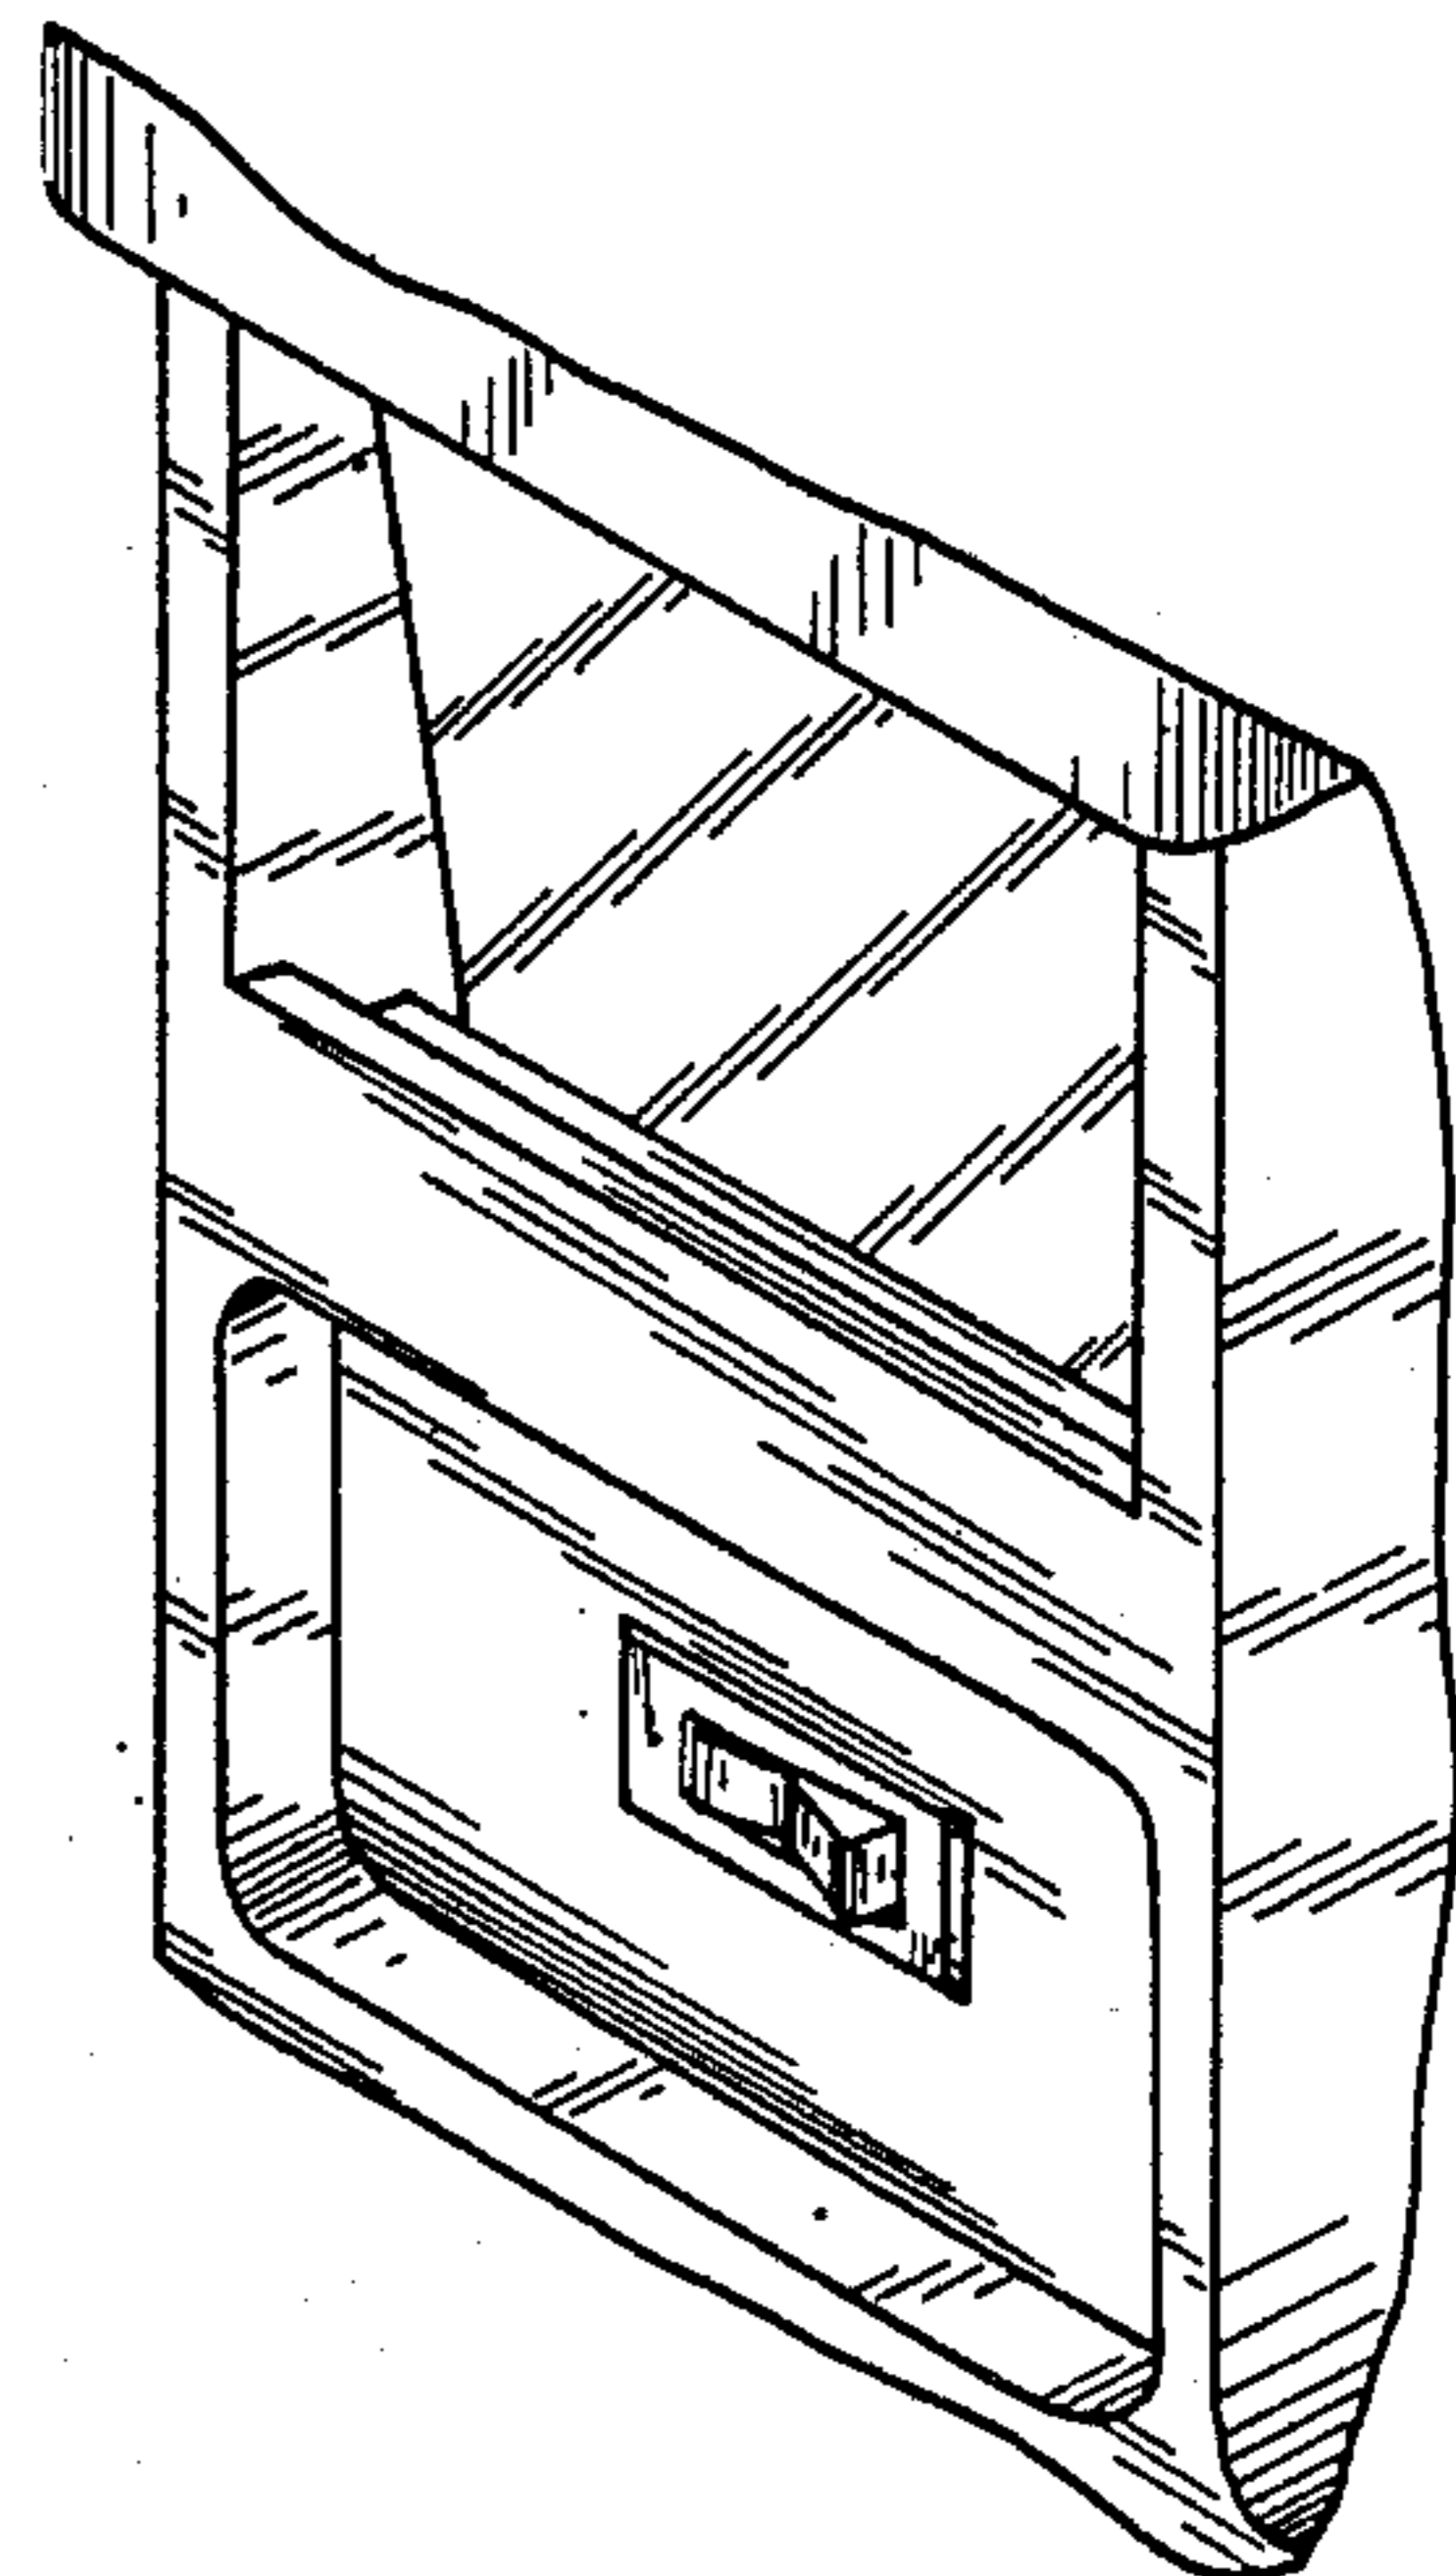

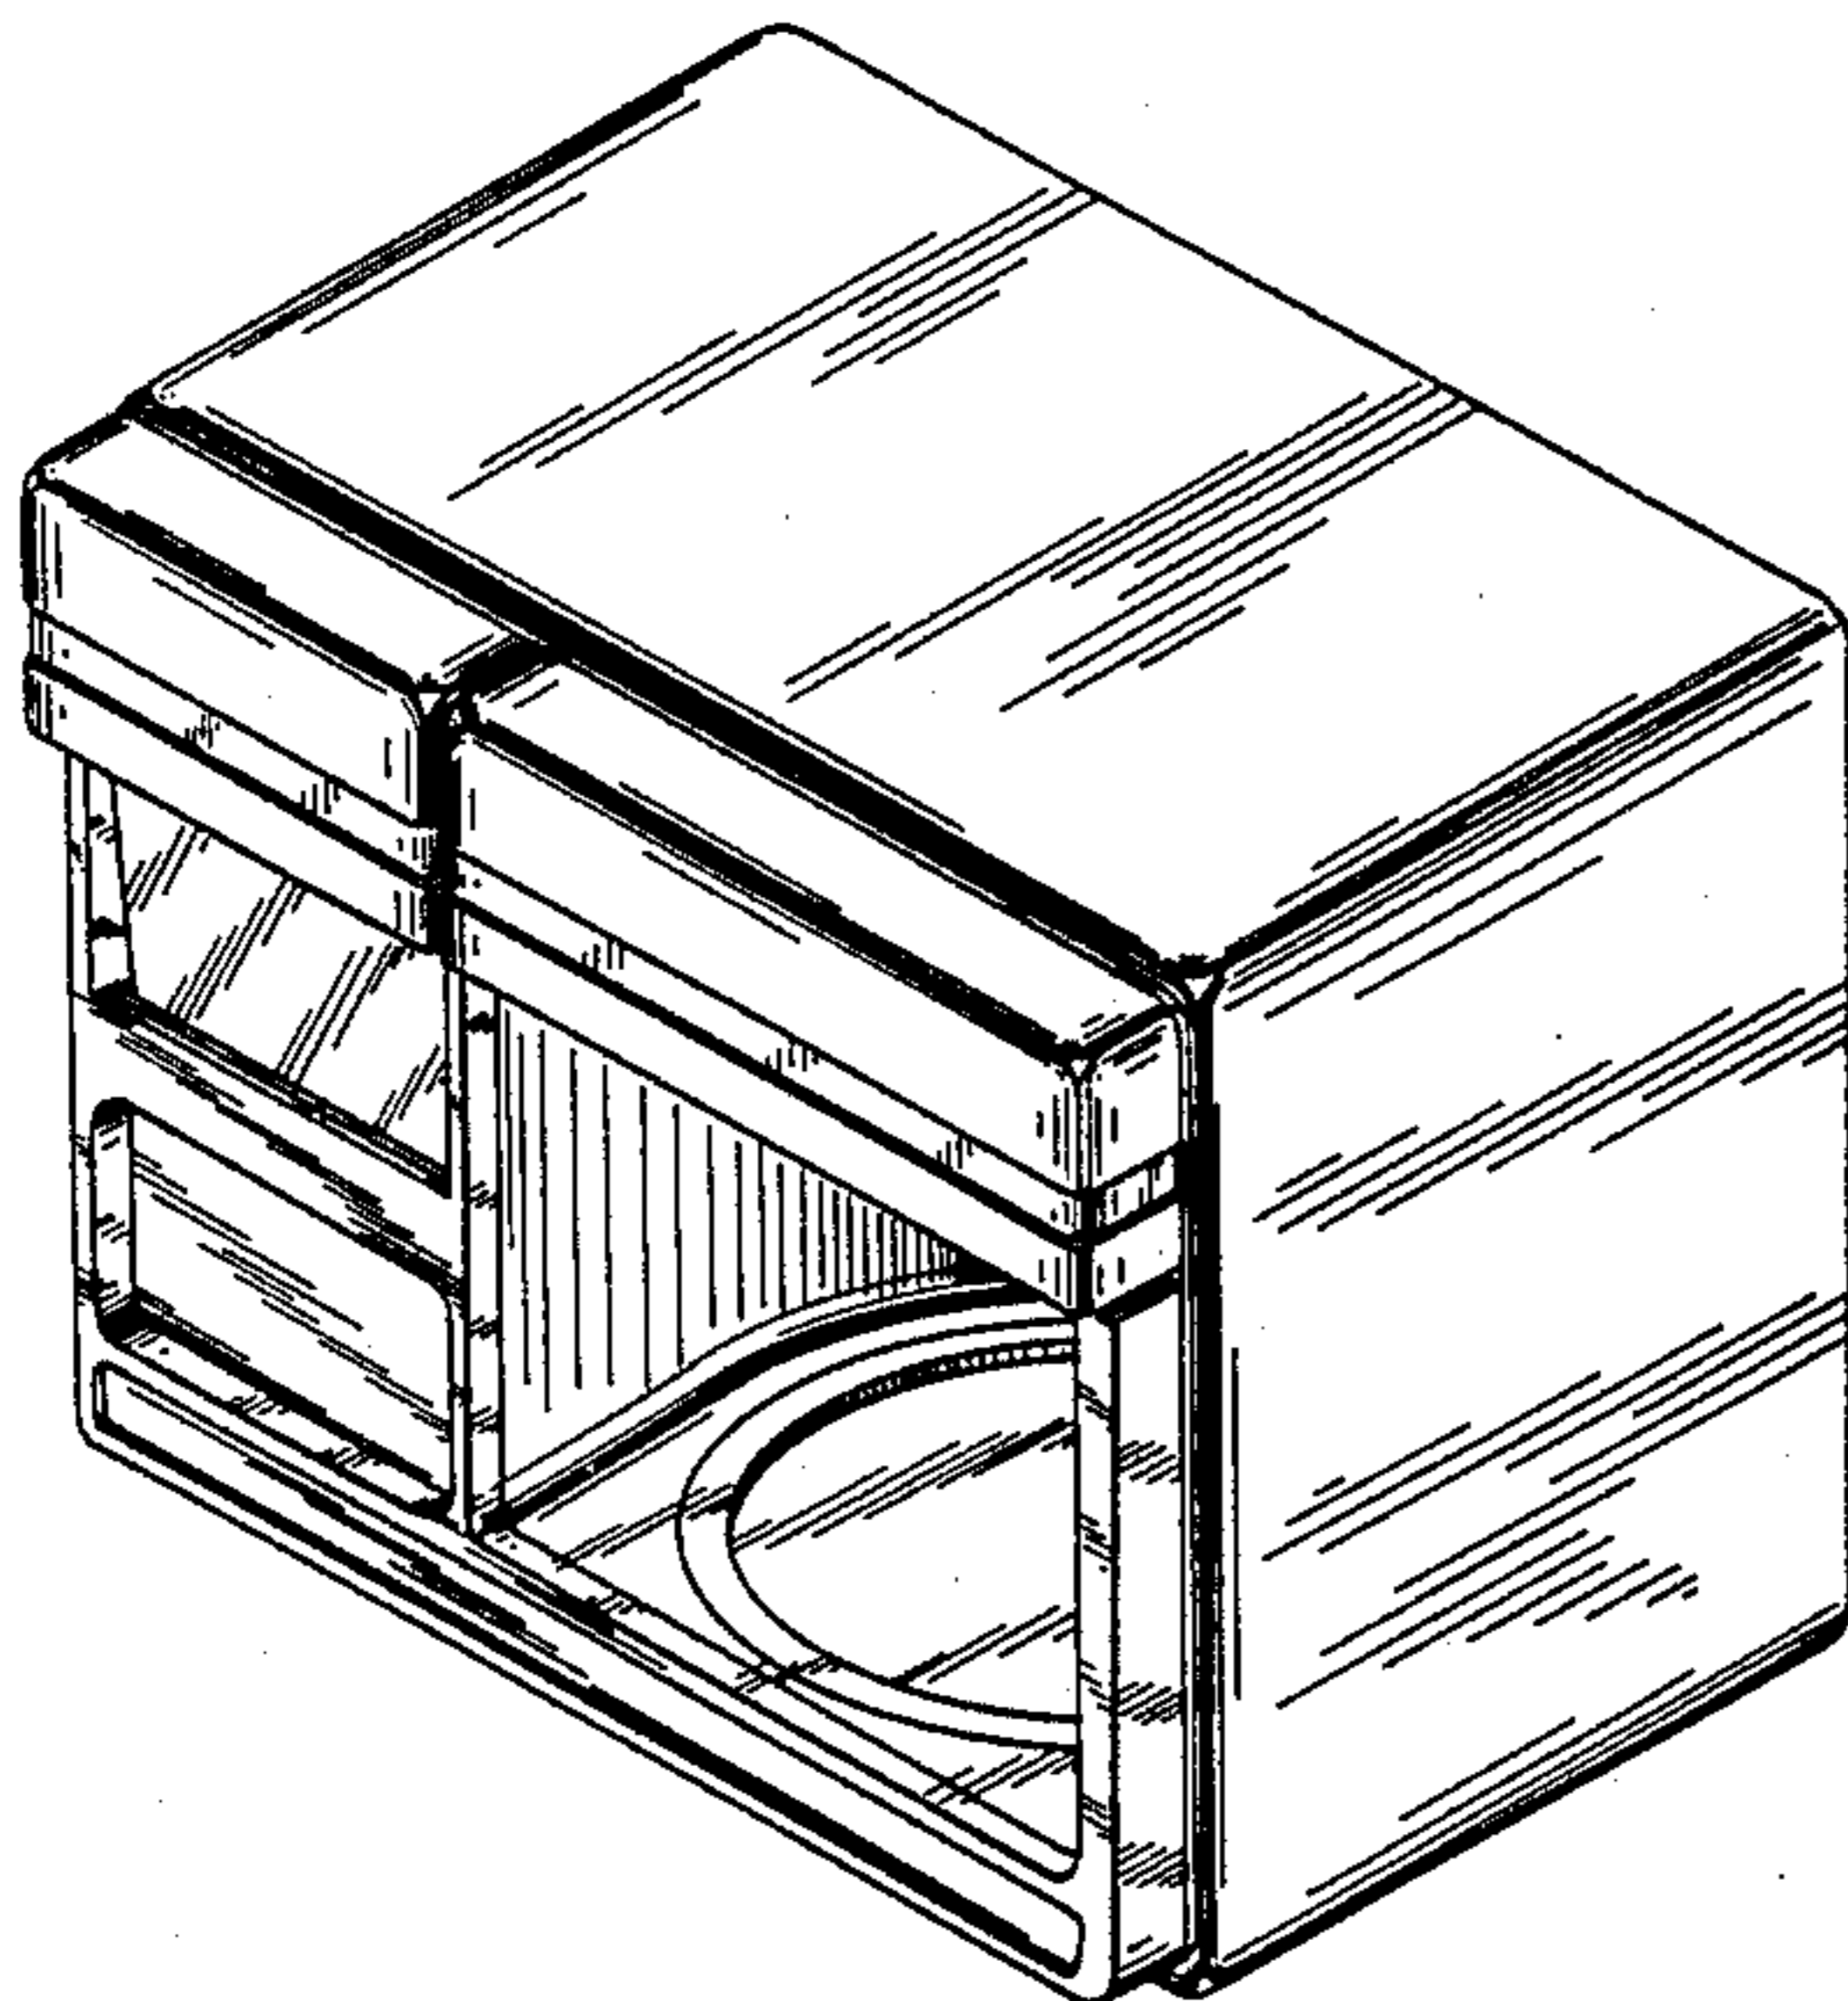

FIG. 7 is a partial sectional view thereof taken along line 7—7 of FIG. 2 to better show the configuration the walls thereof.

FIG. 8 is a partial sectional view thereof looking up from line 8—8 of FIG. 2 to better show the appearance of the bottom of the filter basket and the outside wall extending upwardly from the right hand portion of the base and about the basket.

FIG. 9 is a partial sectional view thereof taken along line 9—9 of FIG. 2 to better show the appearance of the lower front panel thereof.

FIG. 10 is a fragmentary front perspective view of a modified form of the brewer for coffee or tea of FIG. 1 wherein a switch arrangement has been applied to the front face of the column support.

FIG. 11 is a fragmentary front perspective view of another modified form of the brewer for coffee or tea of FIG. 1 wherein an alternate switch arrangement has been applied to the front face of the column support.

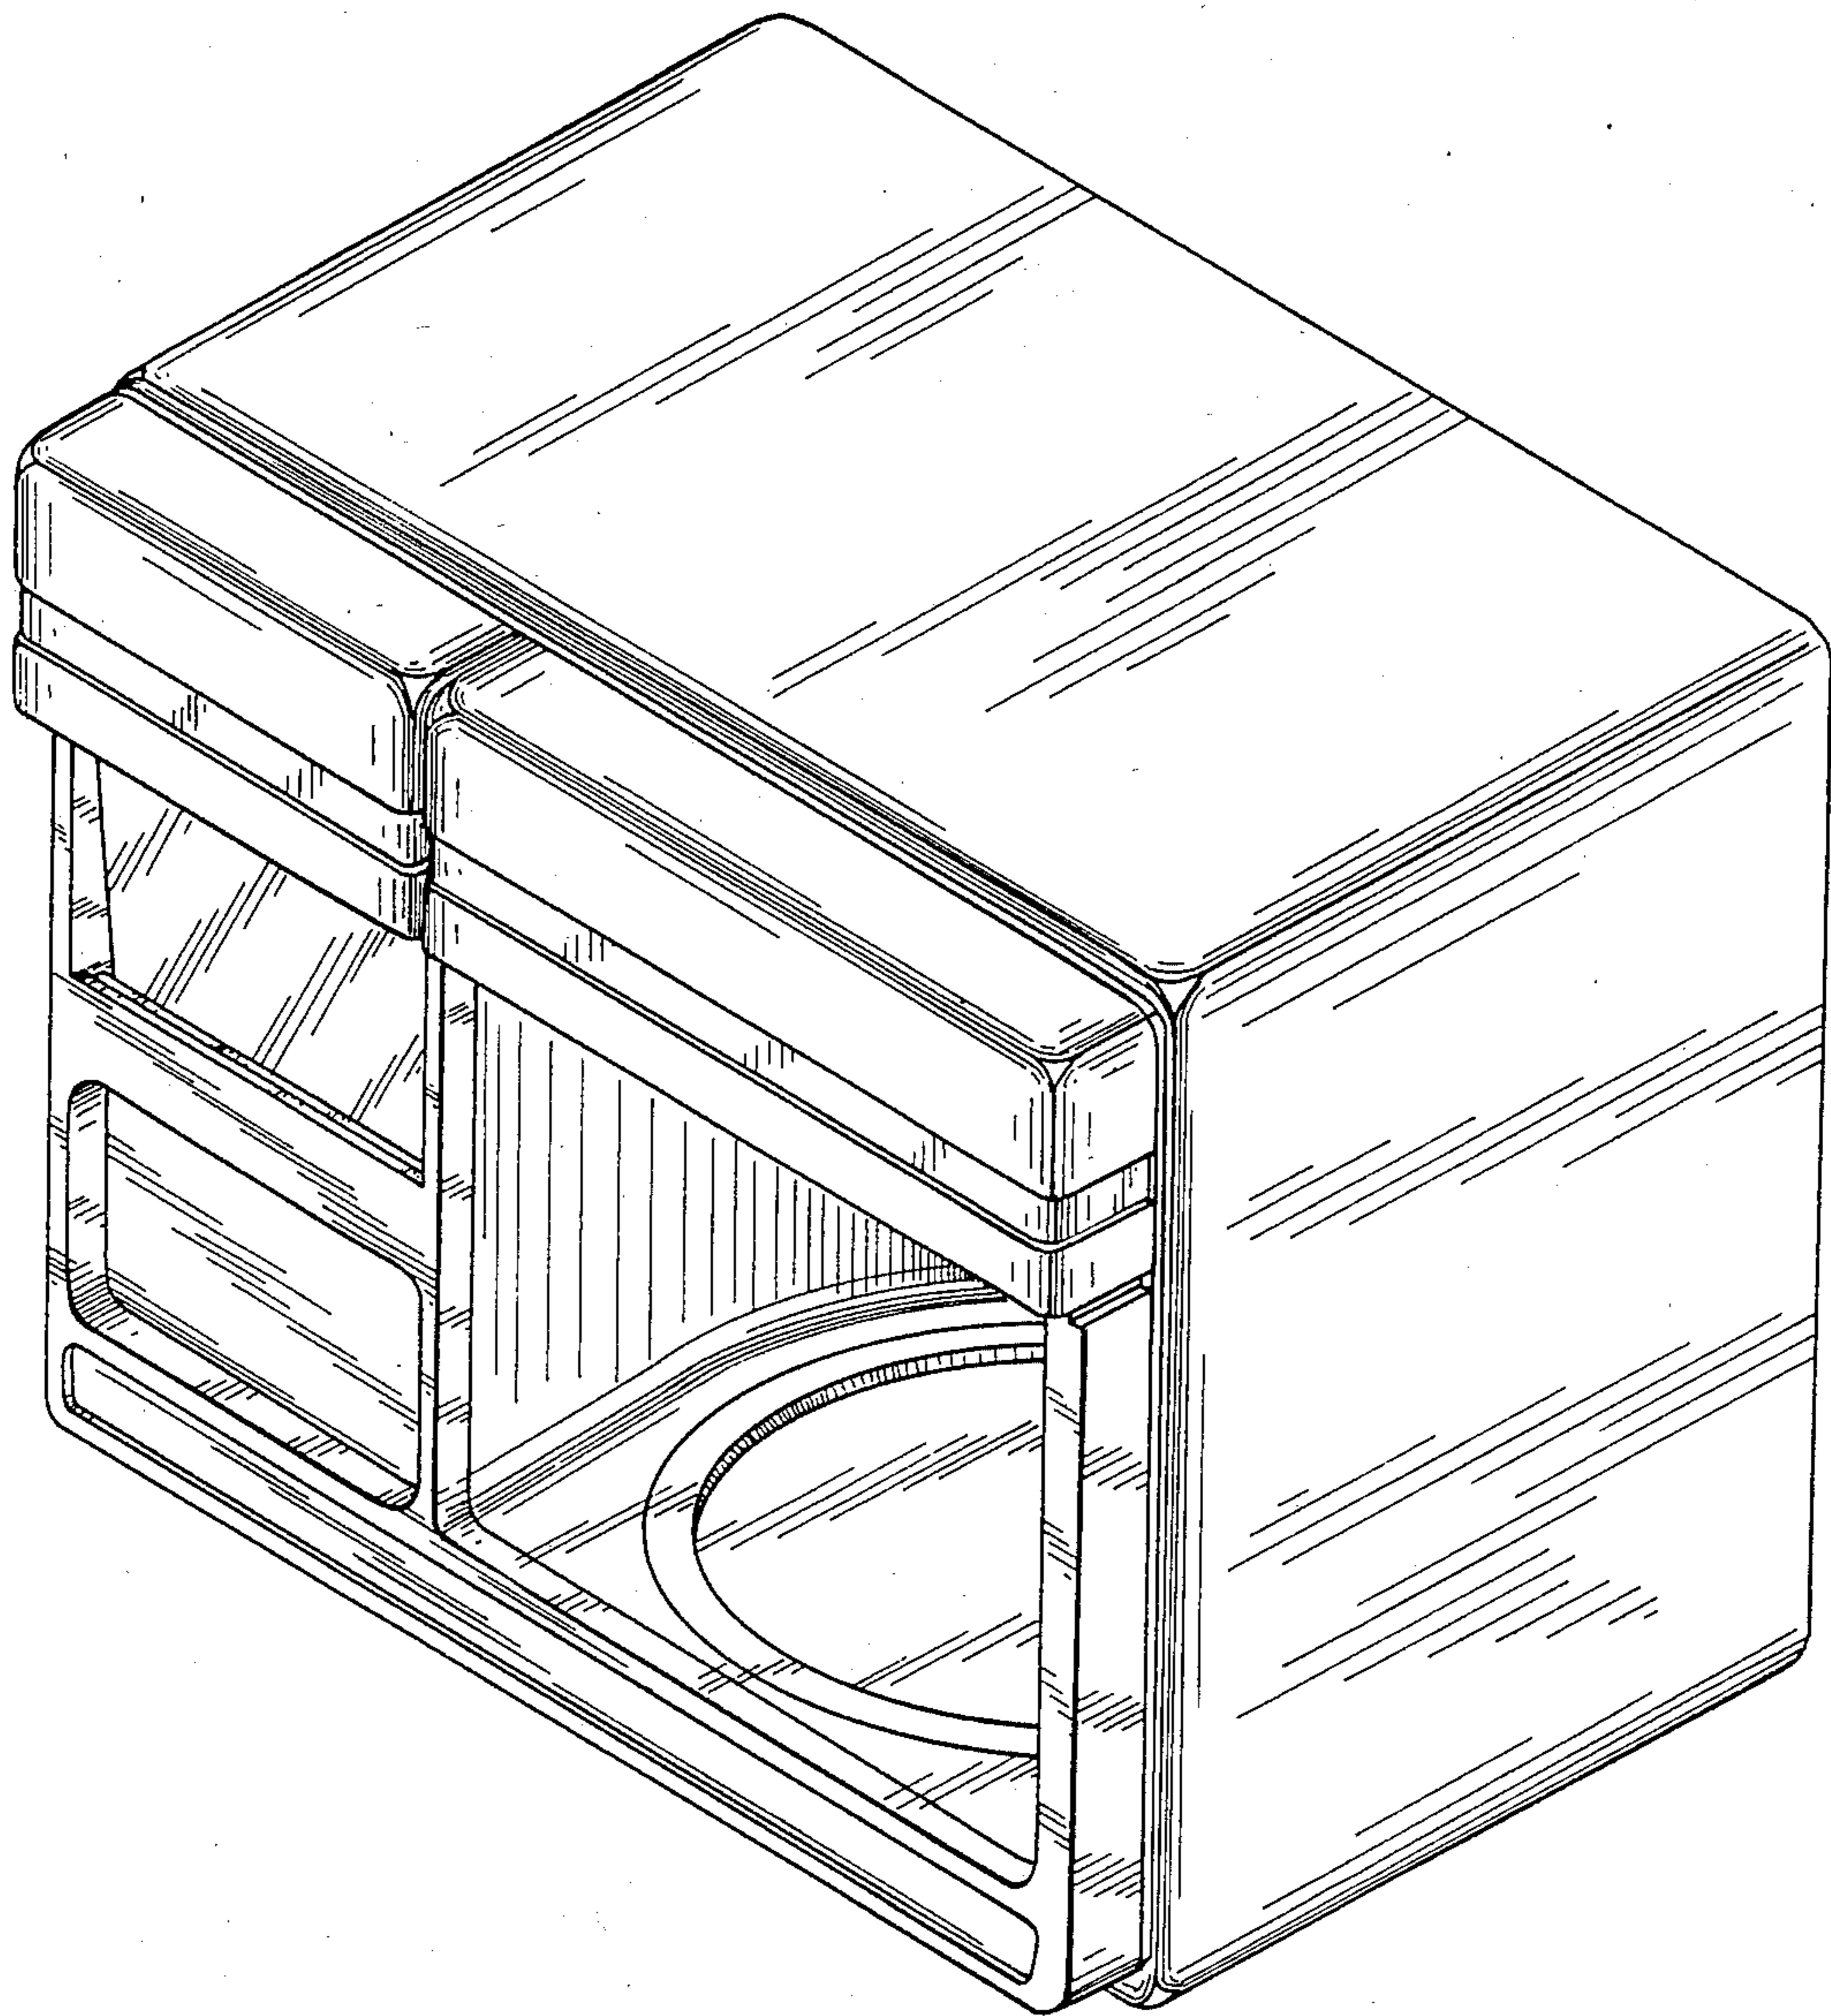

FIG. 1.
