[57] **CLAIM**  
The ornamental design for a tire, as shown and described.

**DESCRIPTION**  
FIG. 1 is a perspective view of a tire showing my new design, it being understood that the tread pattern is repeated throughout the circumference of the tire, as shown schematically by solid lines, the opposite side being substantially the same as that illustrated; and FIG. 2 is a plan view of the tread of the tire of FIG. 1.
