[57] **CLAIM**

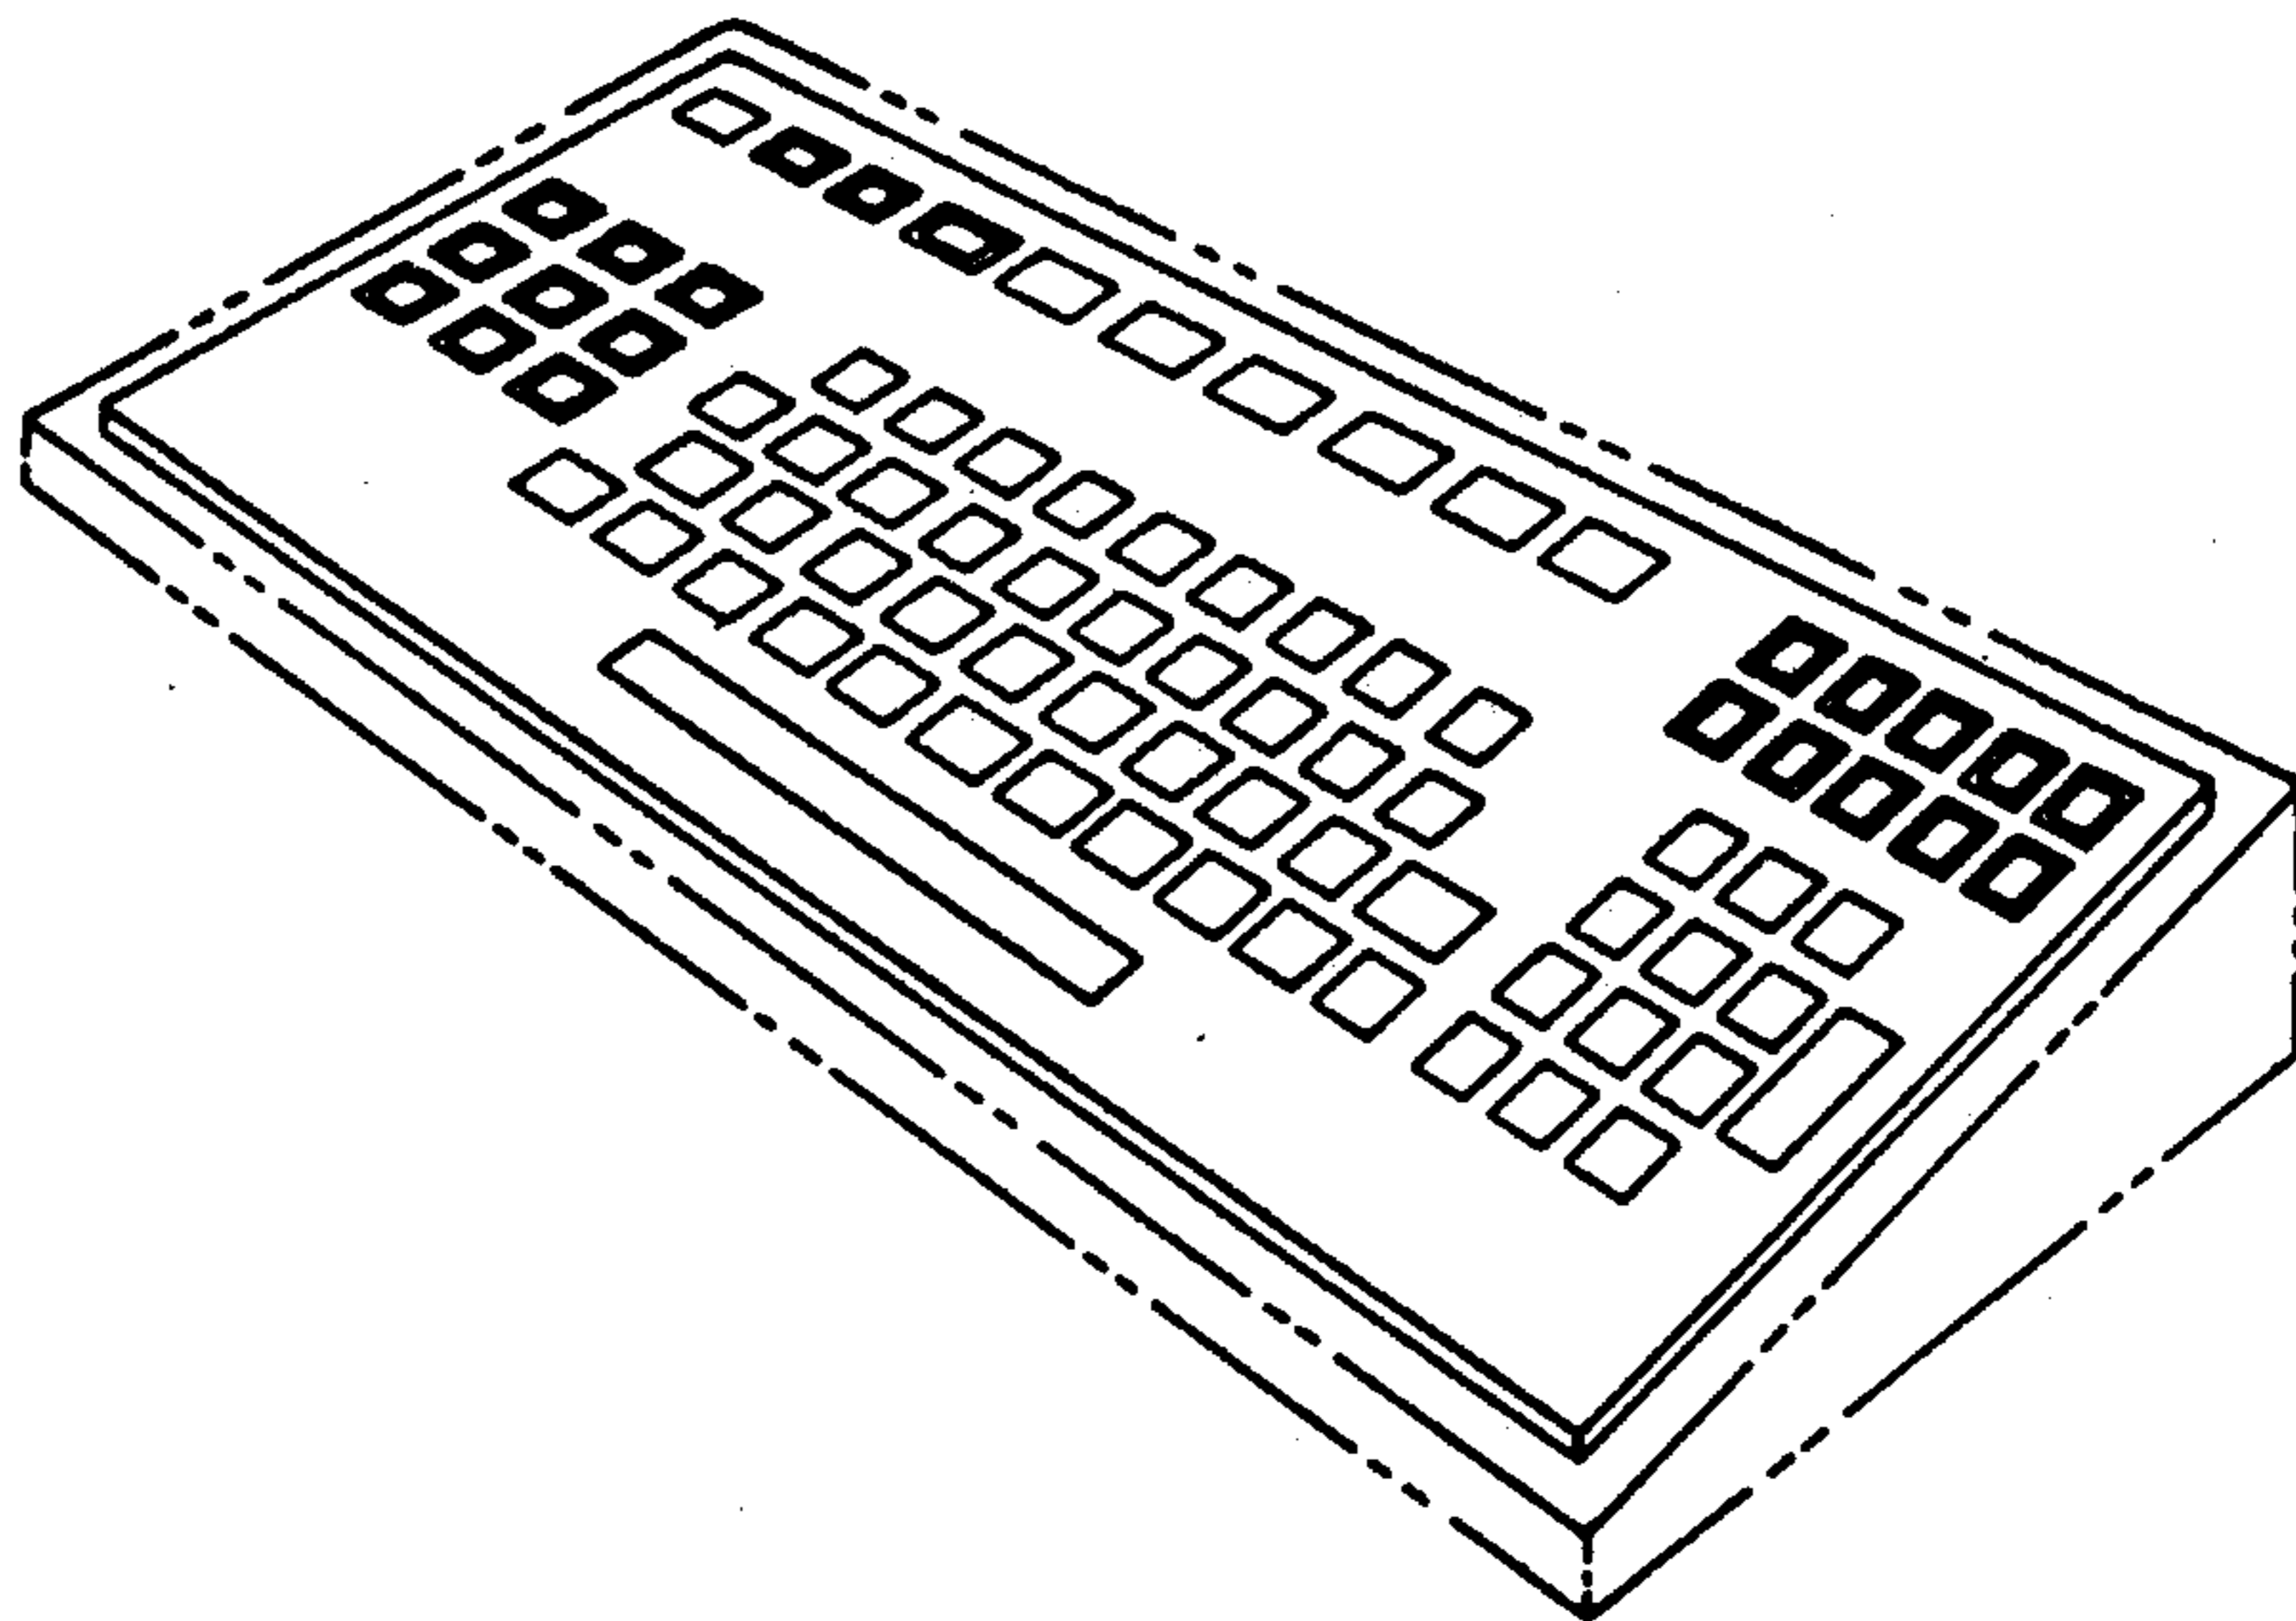

The ornamental design for a keyboard panel for information system terminal, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, front perspective view of a keyboard panel for informational system terminal showing our new design, the keyboard housing being shown in broken lines for illustrative purposes only;

FIG. 2 is a top plan view of the keyboard panel of FIG. 1 on an enlarged scale to illustrate the lettering on individual keys.

FIG. 3 is a front elevational view of the keyboard panel of FIG. 1 on an enlarged scale, the rear and side edges being similarly flat and plain.
