FIG. 10 is a sectional view taken generally along the line 10—10 in FIG. 9.

Primary Examiner—A. Hugo Word

Attorney, Agent, or Firm—Bean, Kauffman & Spencer

The design is characterized in that one end of the liner has its bottom inner surface, which is rectangular when viewed in place, defined by six trapezoid surfaces extending outwardly and upwardly from the edges of a horizontally disposed hexagon surface and two horizontally disposed triangular surfaces arranged one adjacent each of the corners of such one end disposed remotely of an opposite end of the liner.

[57] CLAIM

The ornamental design for a swimming pool liner, as shown and described.
