[57] **CLAIM**  
 The ornamental design for decalcomania for china dinnerware or similar articles, as shown and described.

**DESCRIPTION**

FIG. 1 is a plan view of a first embodiment our new design for decalcomania for use on china dinnerware or similar articles, the fragmentary broken line showing of chinaware being illustrative of environmental structure only. The decalcomania is of no substantial thickness. The strippling represents shading in color.

FIG. 2 is a plan view of another embodiment our new design for decalcomania for use on china dinnerware or similar articles, the fragmentary broken line showing of chinaware being illustrative of environmental structure only. The decalcomania is of no substantial thickness. The stippling represents shading in color.

FIG. 3 is a plan view of another embodiment our new design for decalcomania for use on china dinnerware or similar articles, the fragmentary broken line showing of chinaware being illustrative of environmental structure only. The decalcomania is of no substantial thickness. The stippling represents shading in color.
