[57] CLAIM

The ornamental design for a service station pump housing, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a service station pump housing showing my new design; FIG. 2 is a front elevational view thereof; the rear being a mirror image of that shown; FIG. 3 is a side elevational view thereof, the opposite side being a mirror image of that shown; FIG. 4 is a horizontal cross-sectional view thereof, taken along line 4—4 of FIG. 2; FIG. 5 is a rear elevational view of an alternative embodiment thereof, the only difference residing in the omission of pump handle apertures from the rear elevation; and FIG. 6 is a horizontal cross-sectional view of the embodiment of FIG. 5, taken along line 6—6 of FIG. 5.

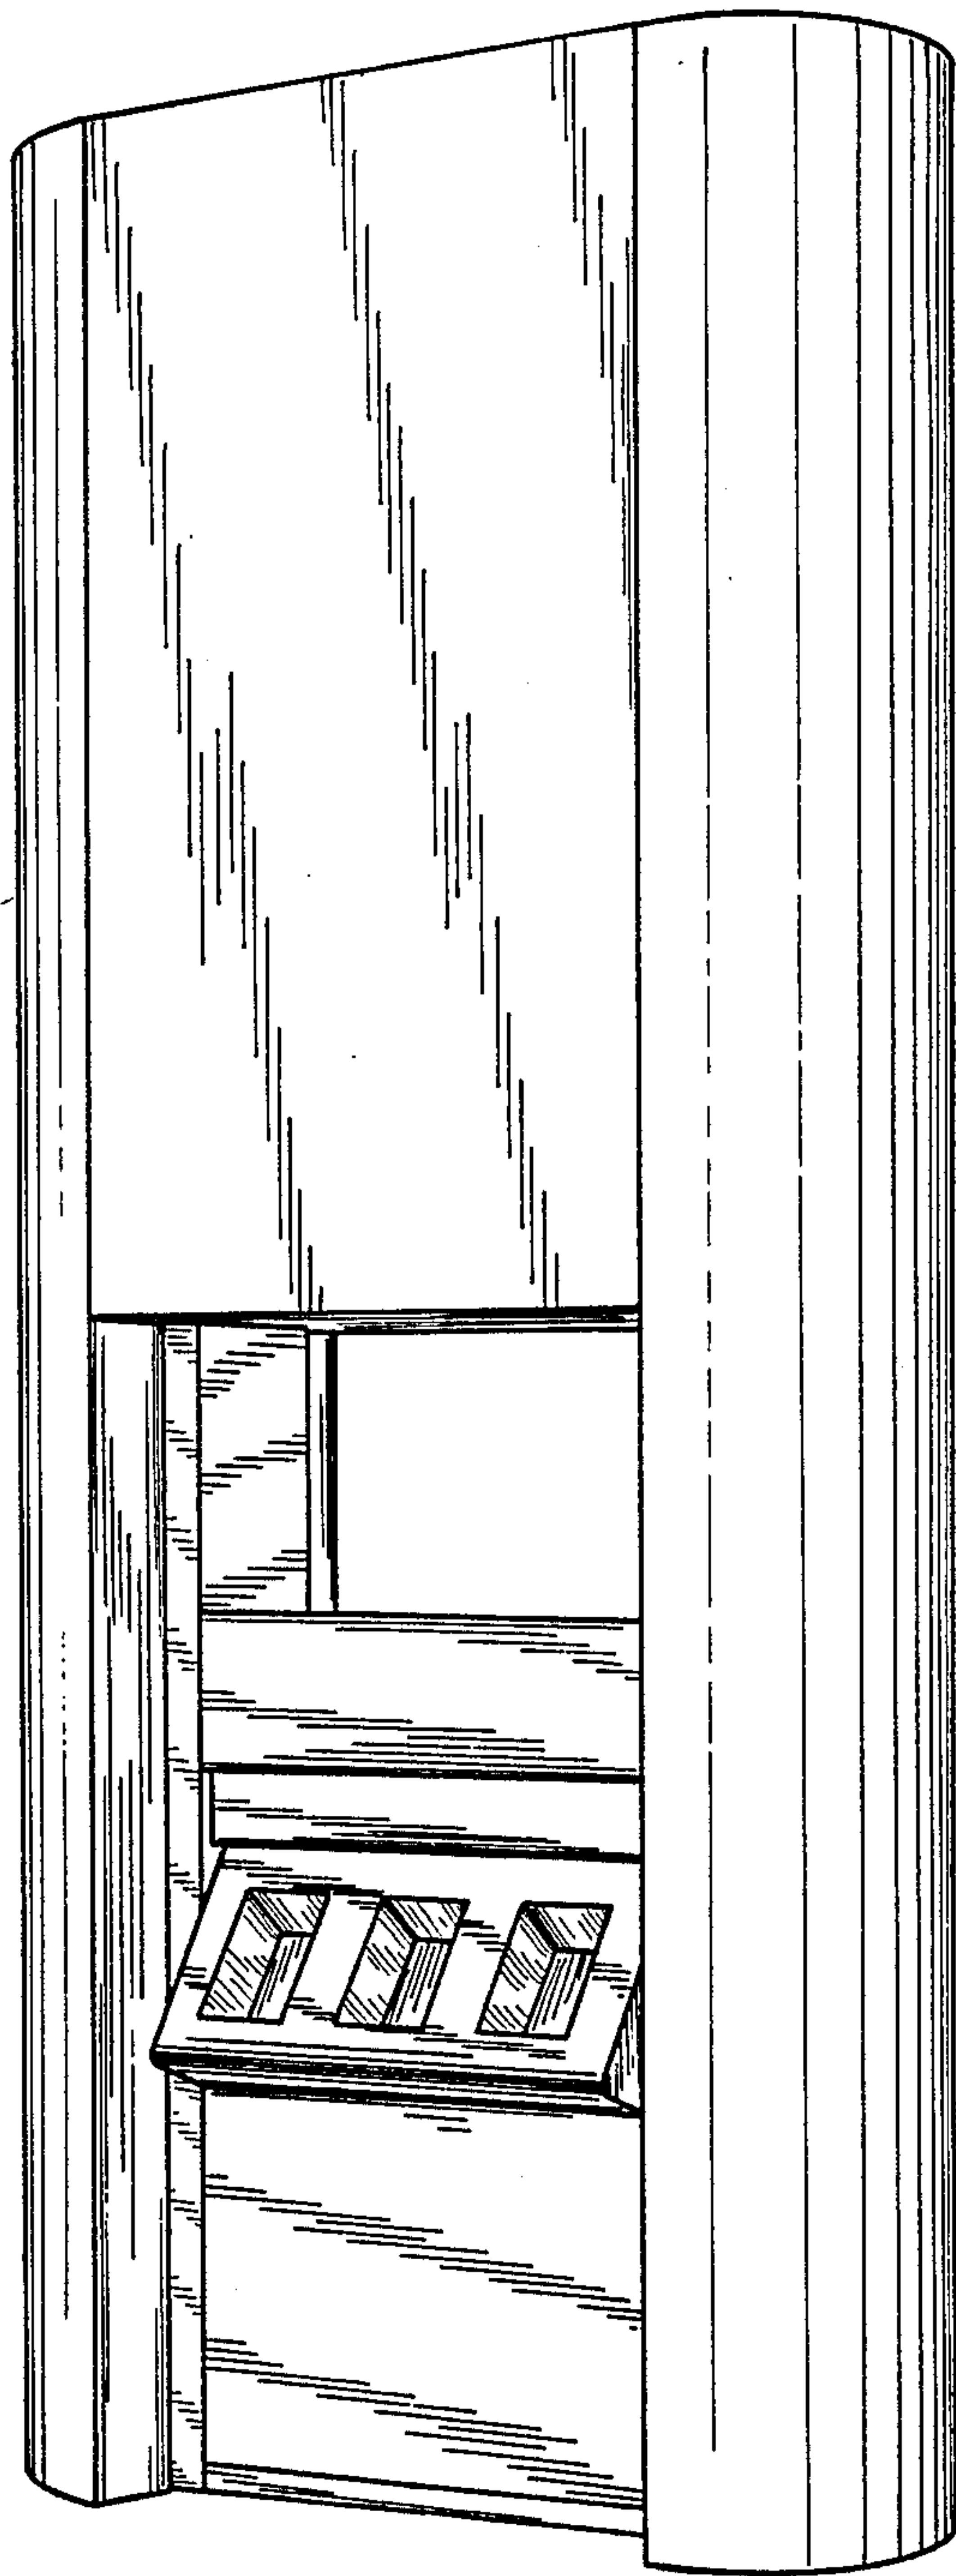

FIG. 1

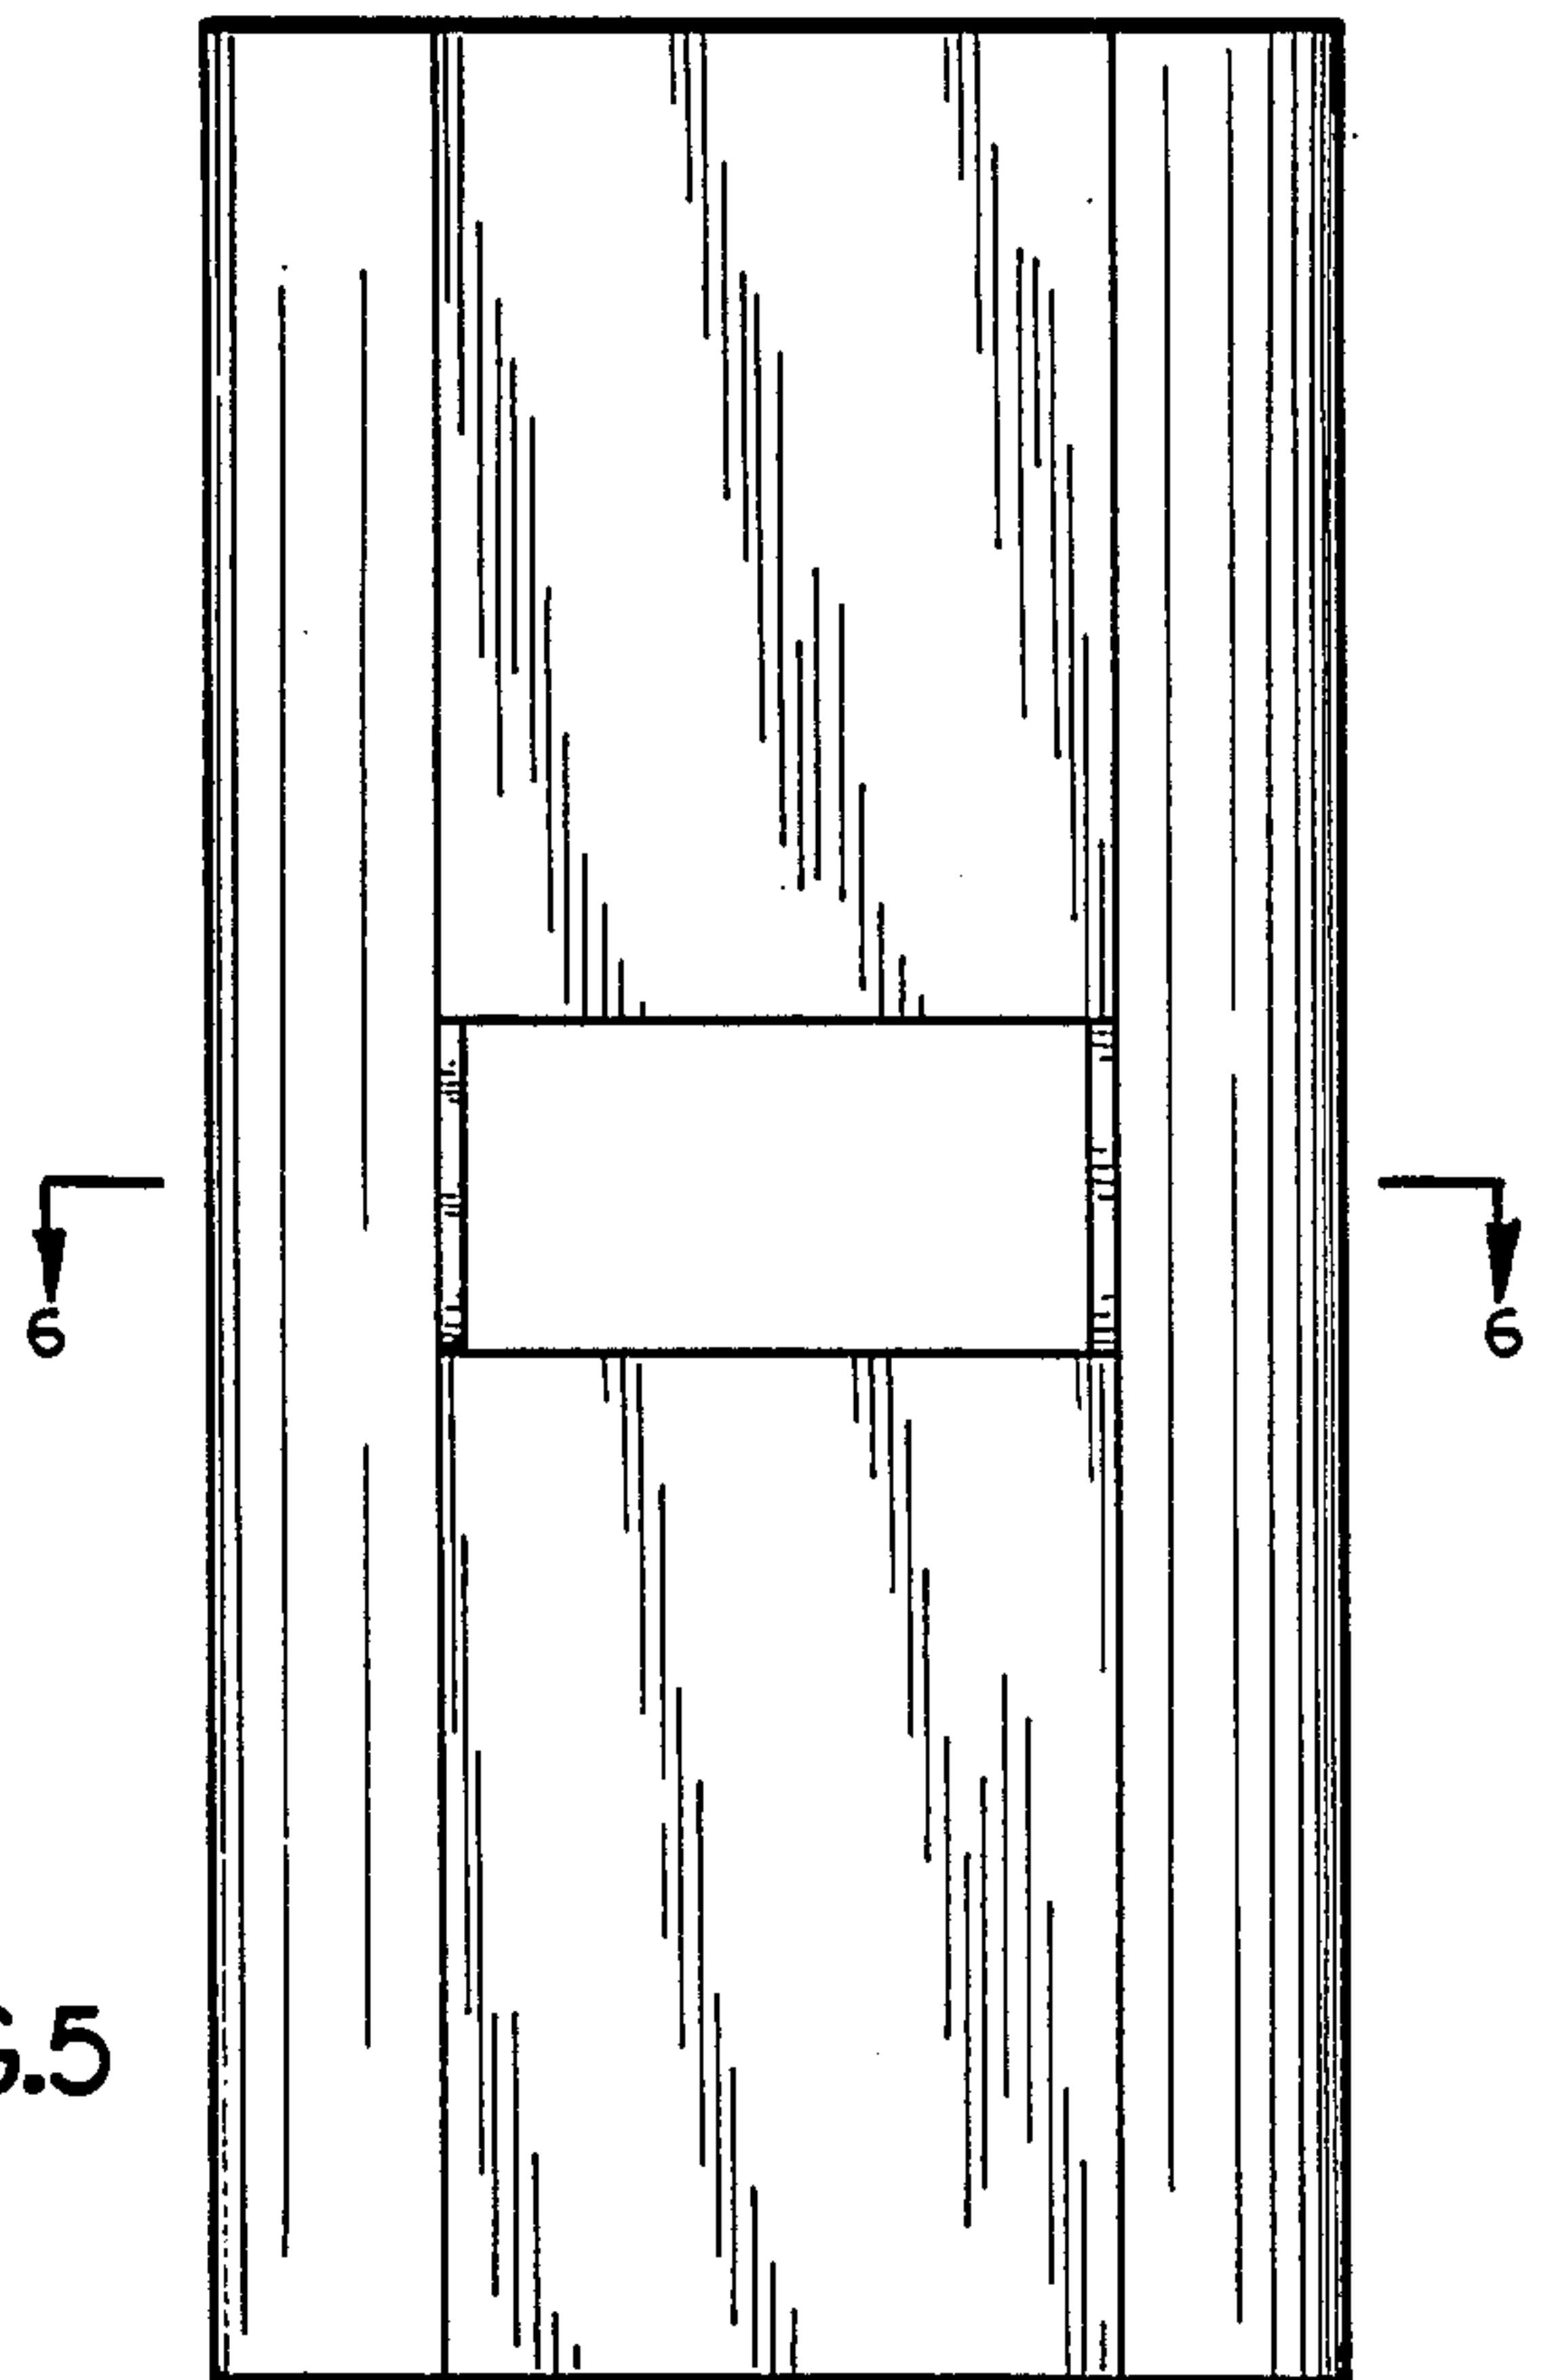

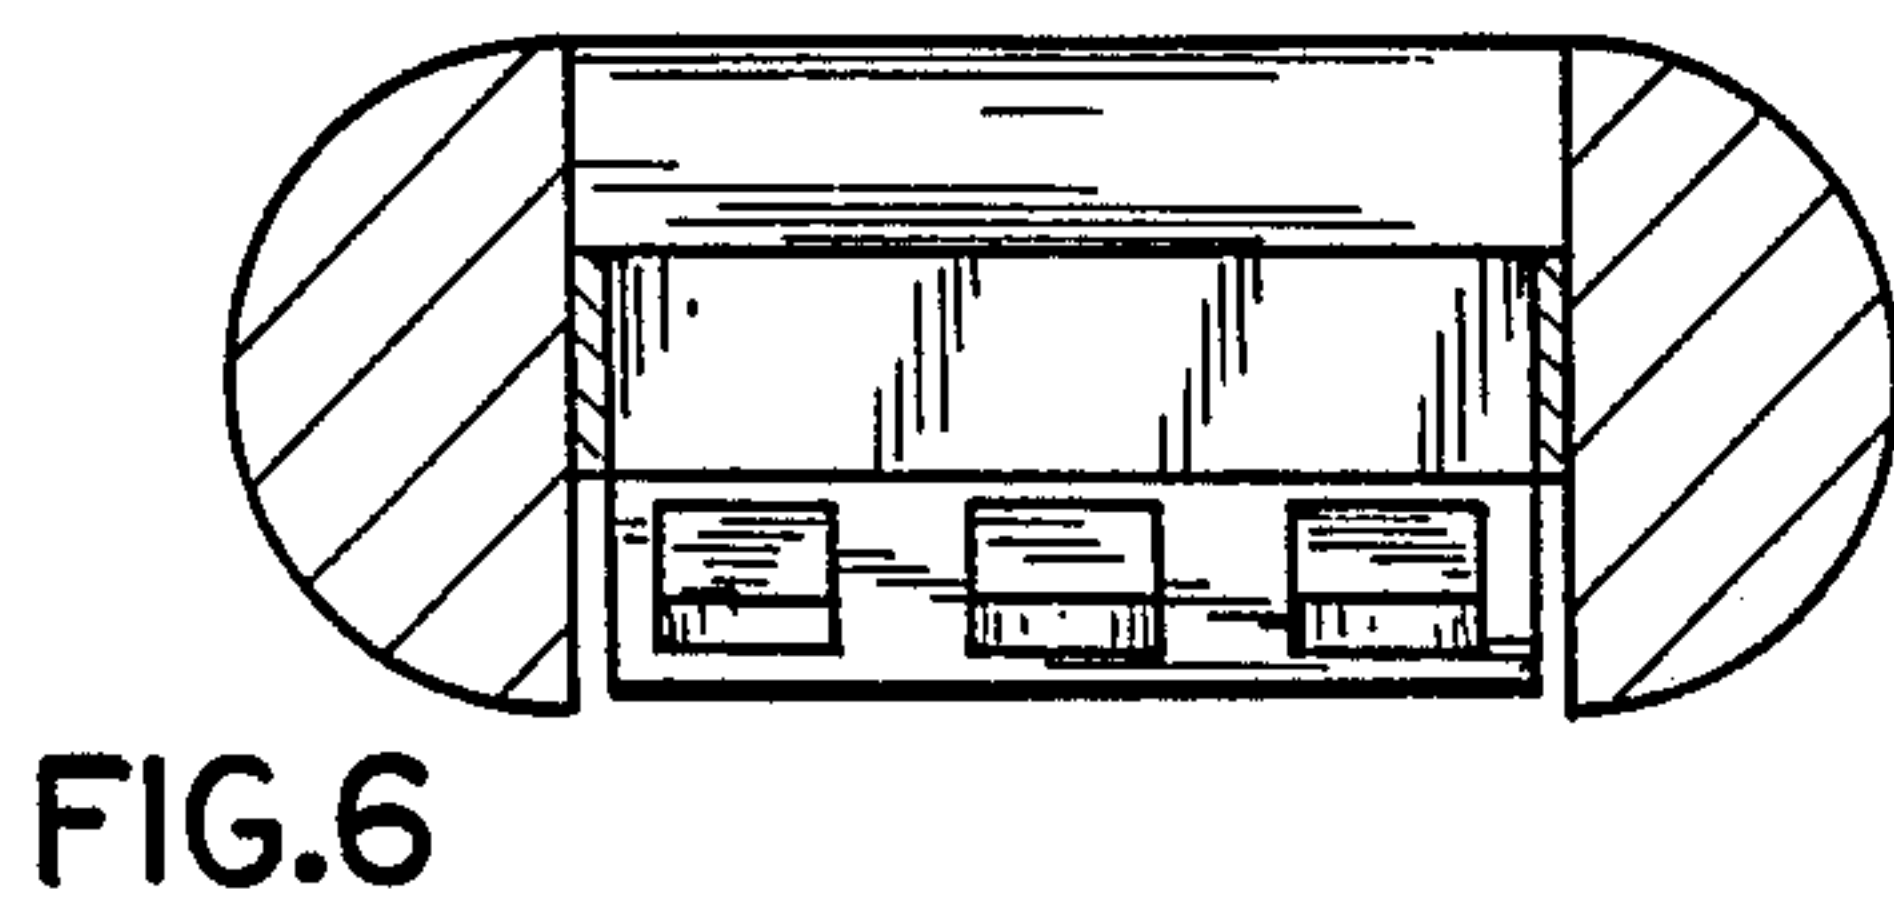

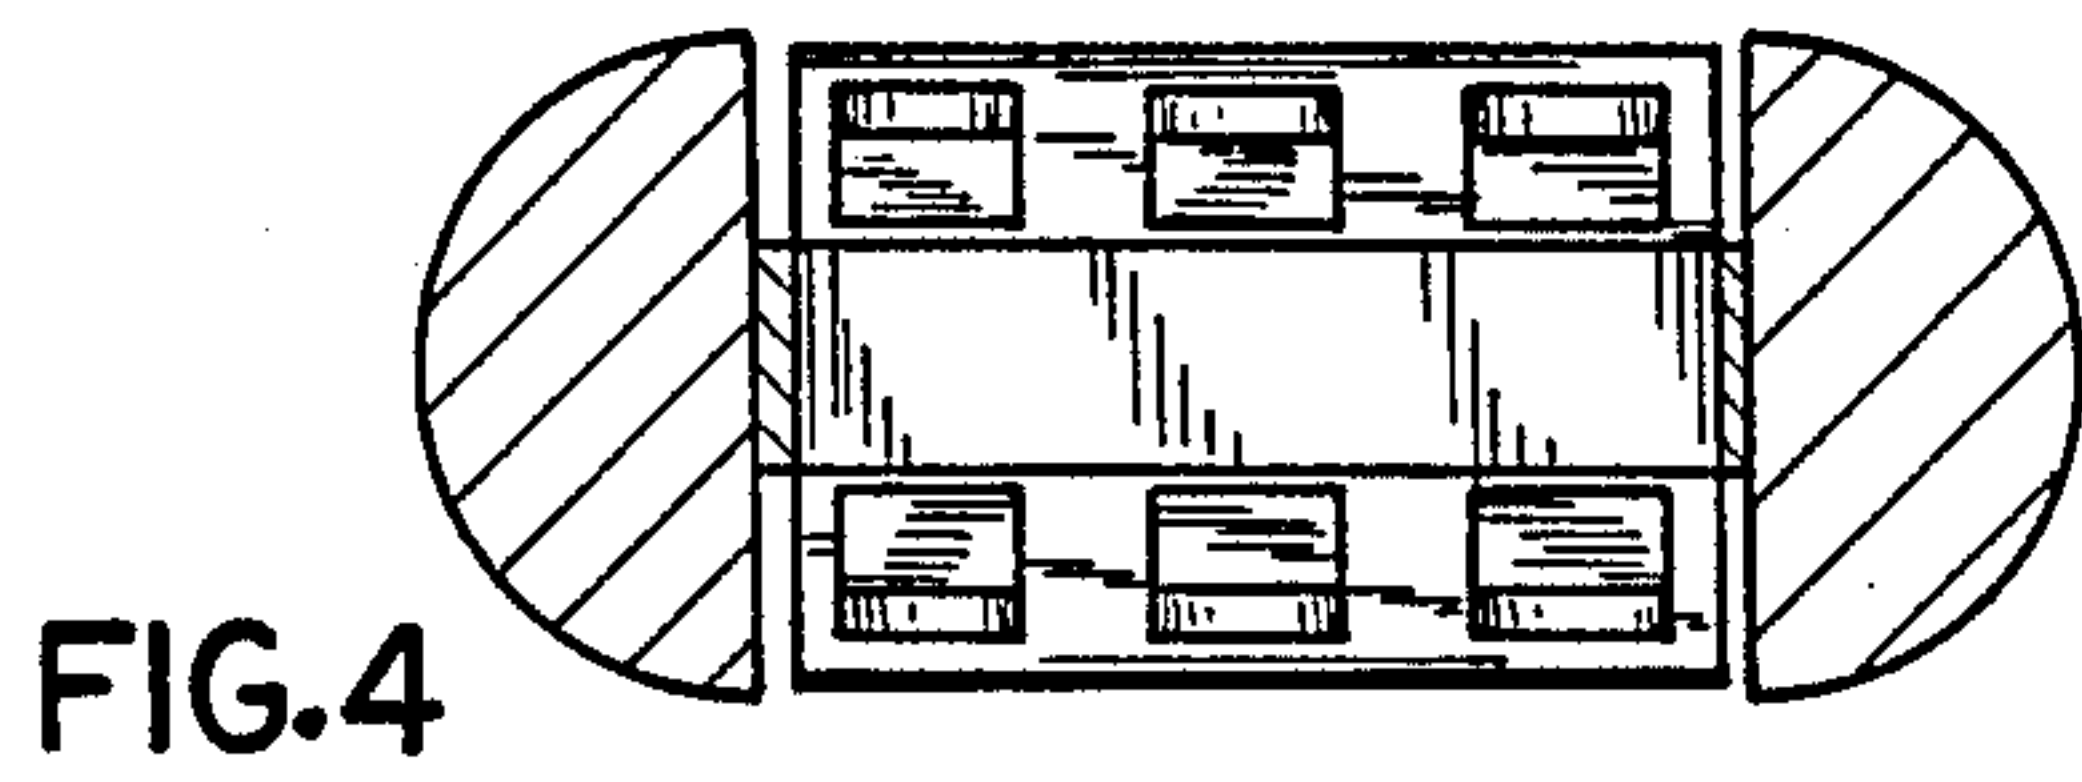

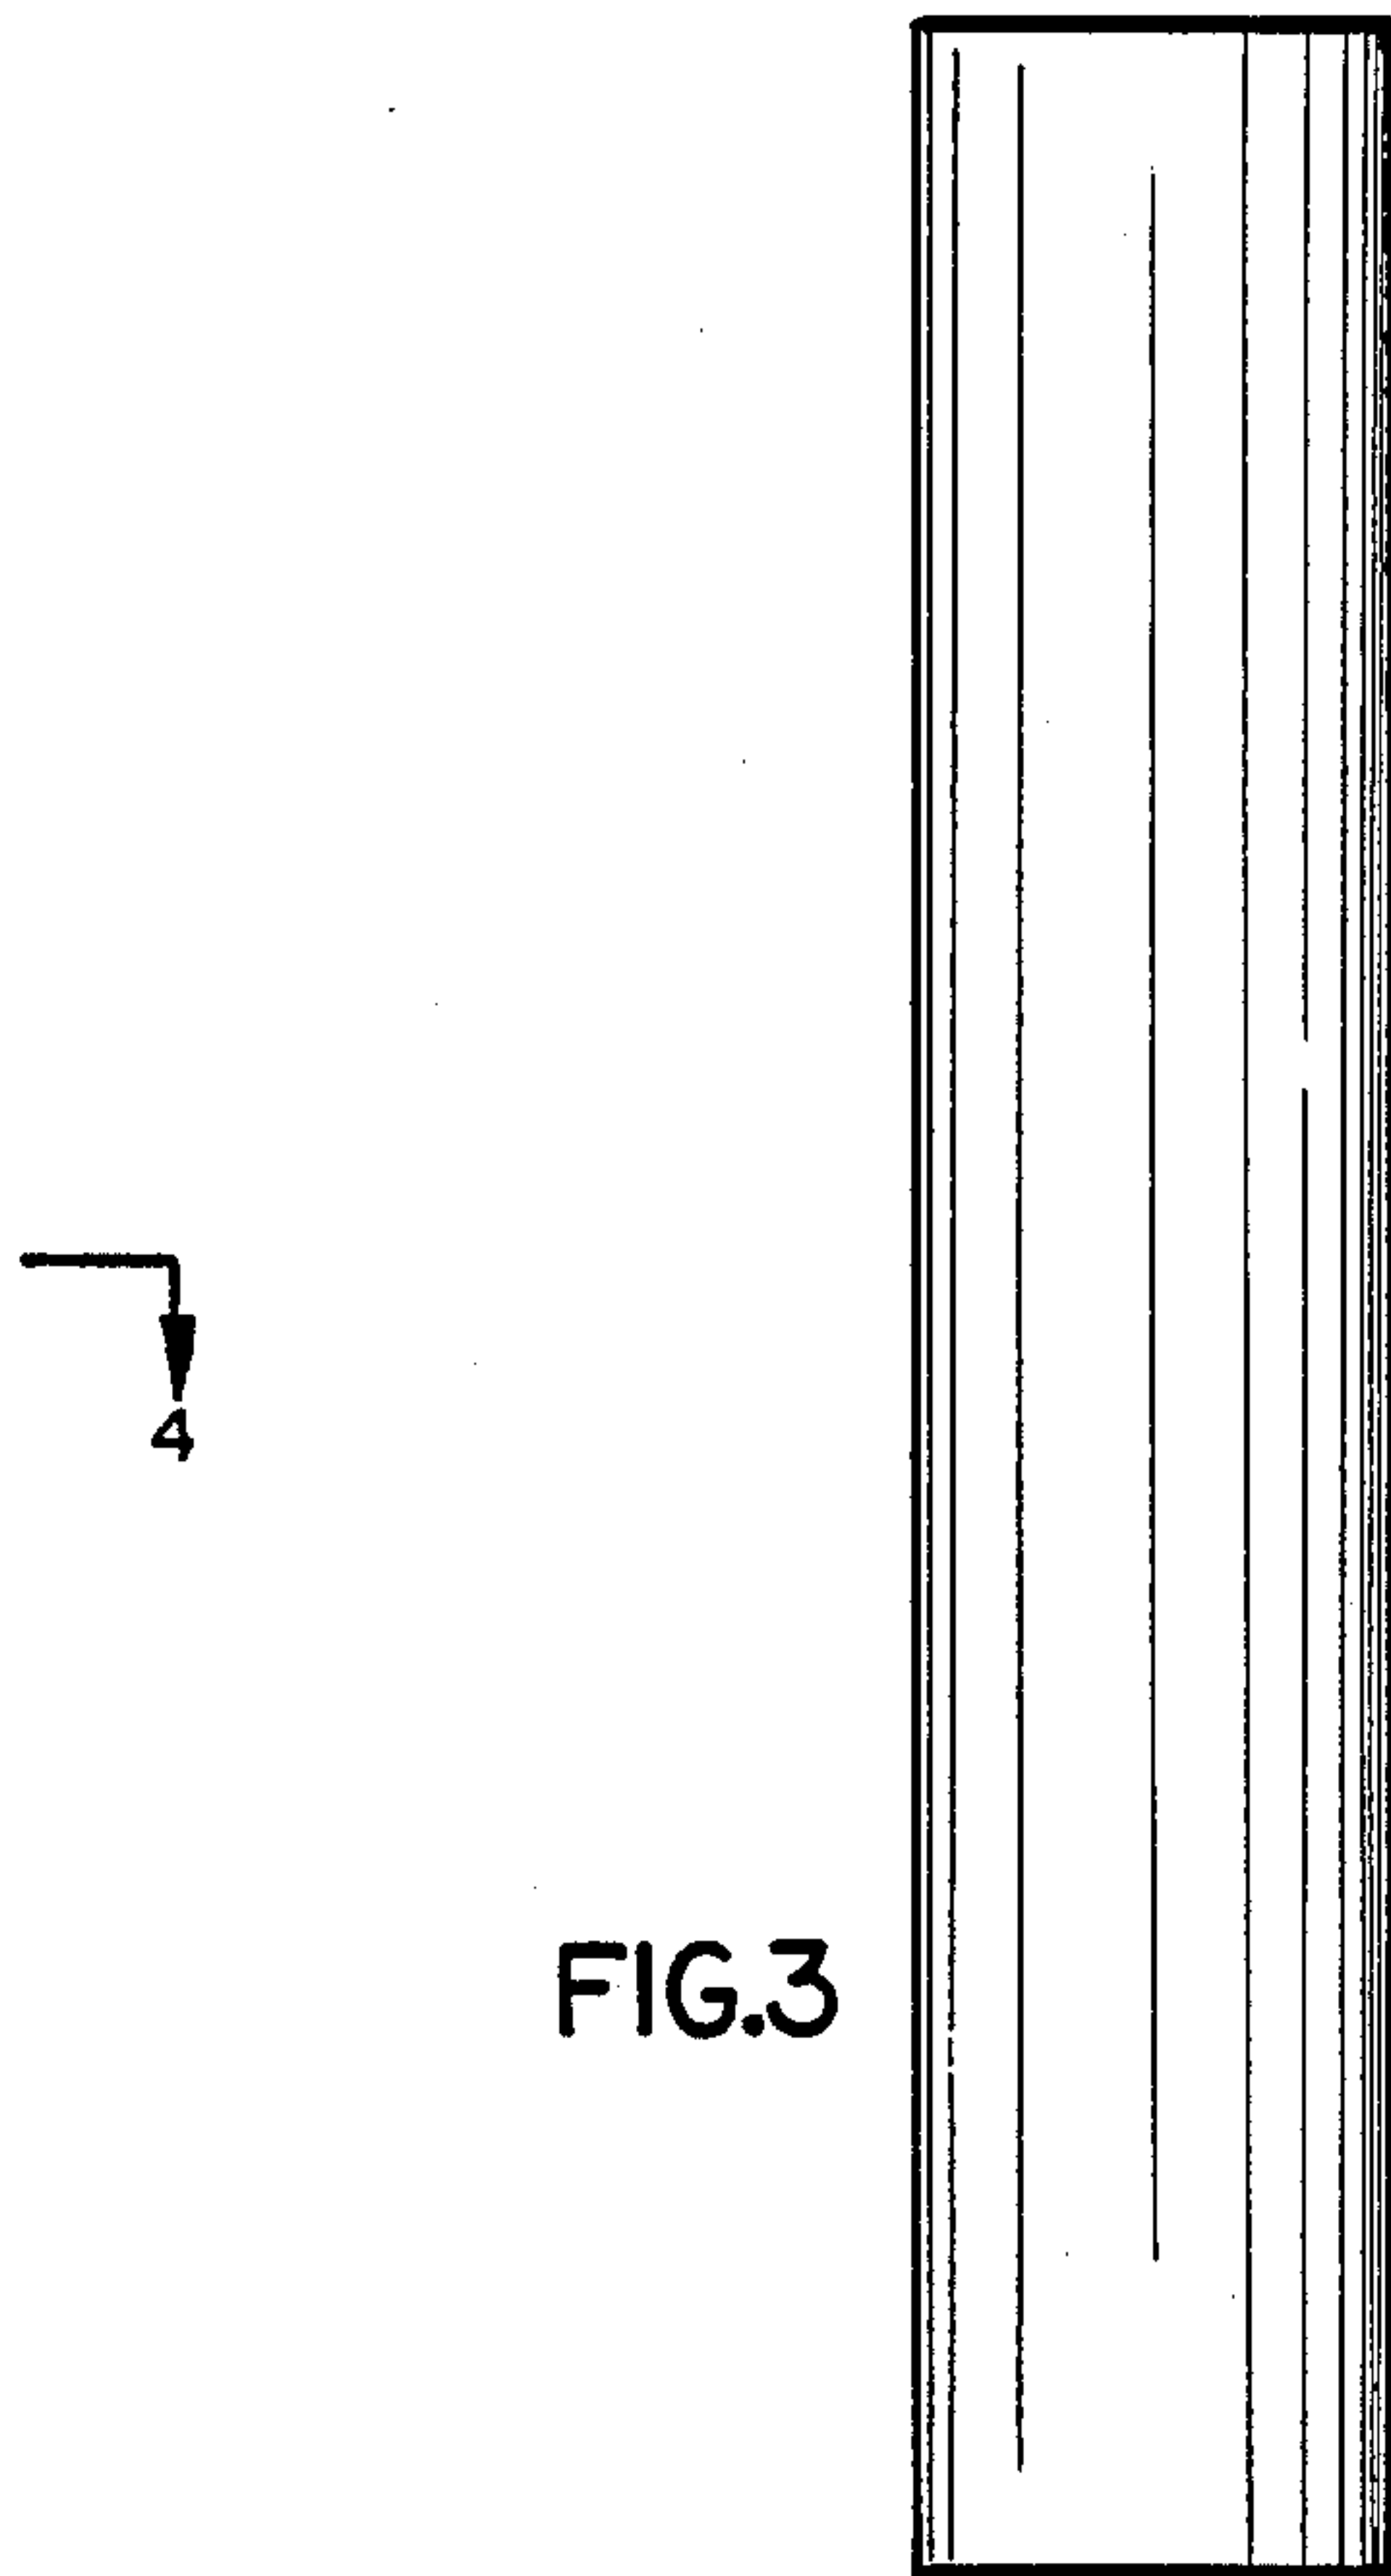

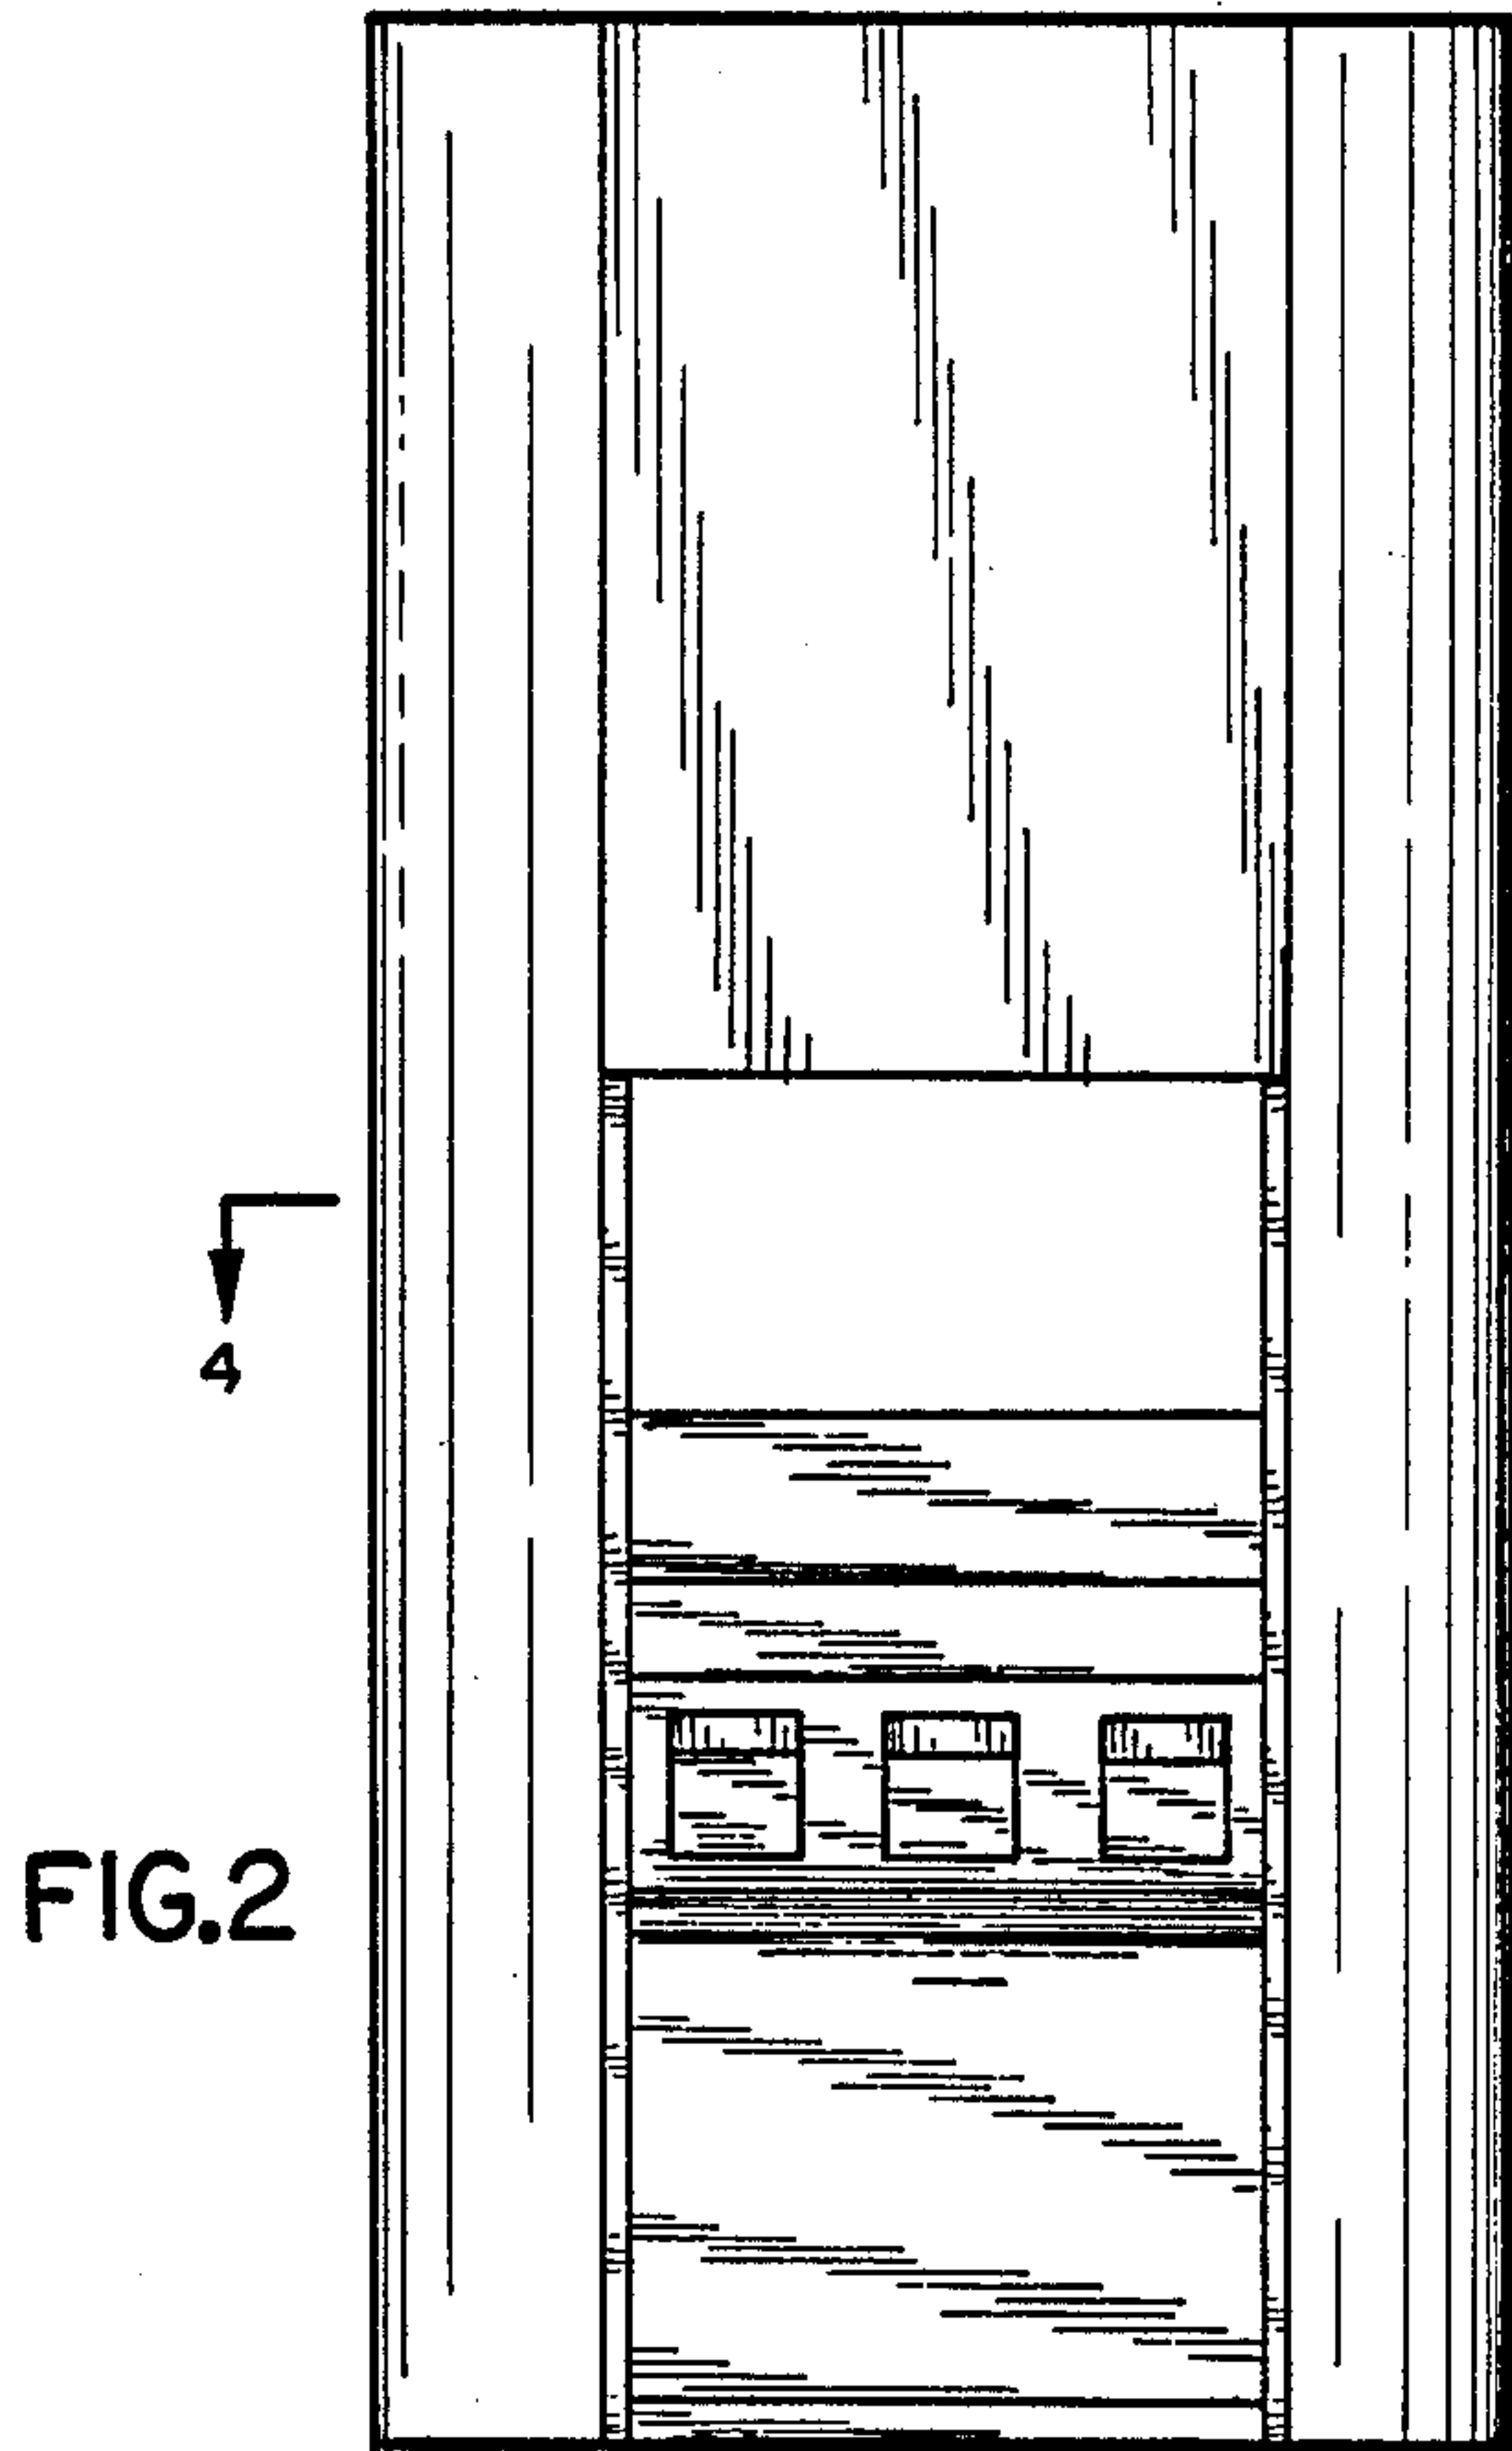

FIG. 5
