[57] CLAIM

The ornamental design for a nocturnal airway patency
appliance for preventing occlusion of the oral airway of
sleep apnea patients, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a nocturnal airway patency
appliance for preventing occlusion of the oral airway of
sleep apnea patients, showing my new design;
FIG. 2 is a bottom plan view thereof;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a side elevational view thereof, the opposite
side being identical thereto; and
FIG. 5 is a rear elevational view thereof.

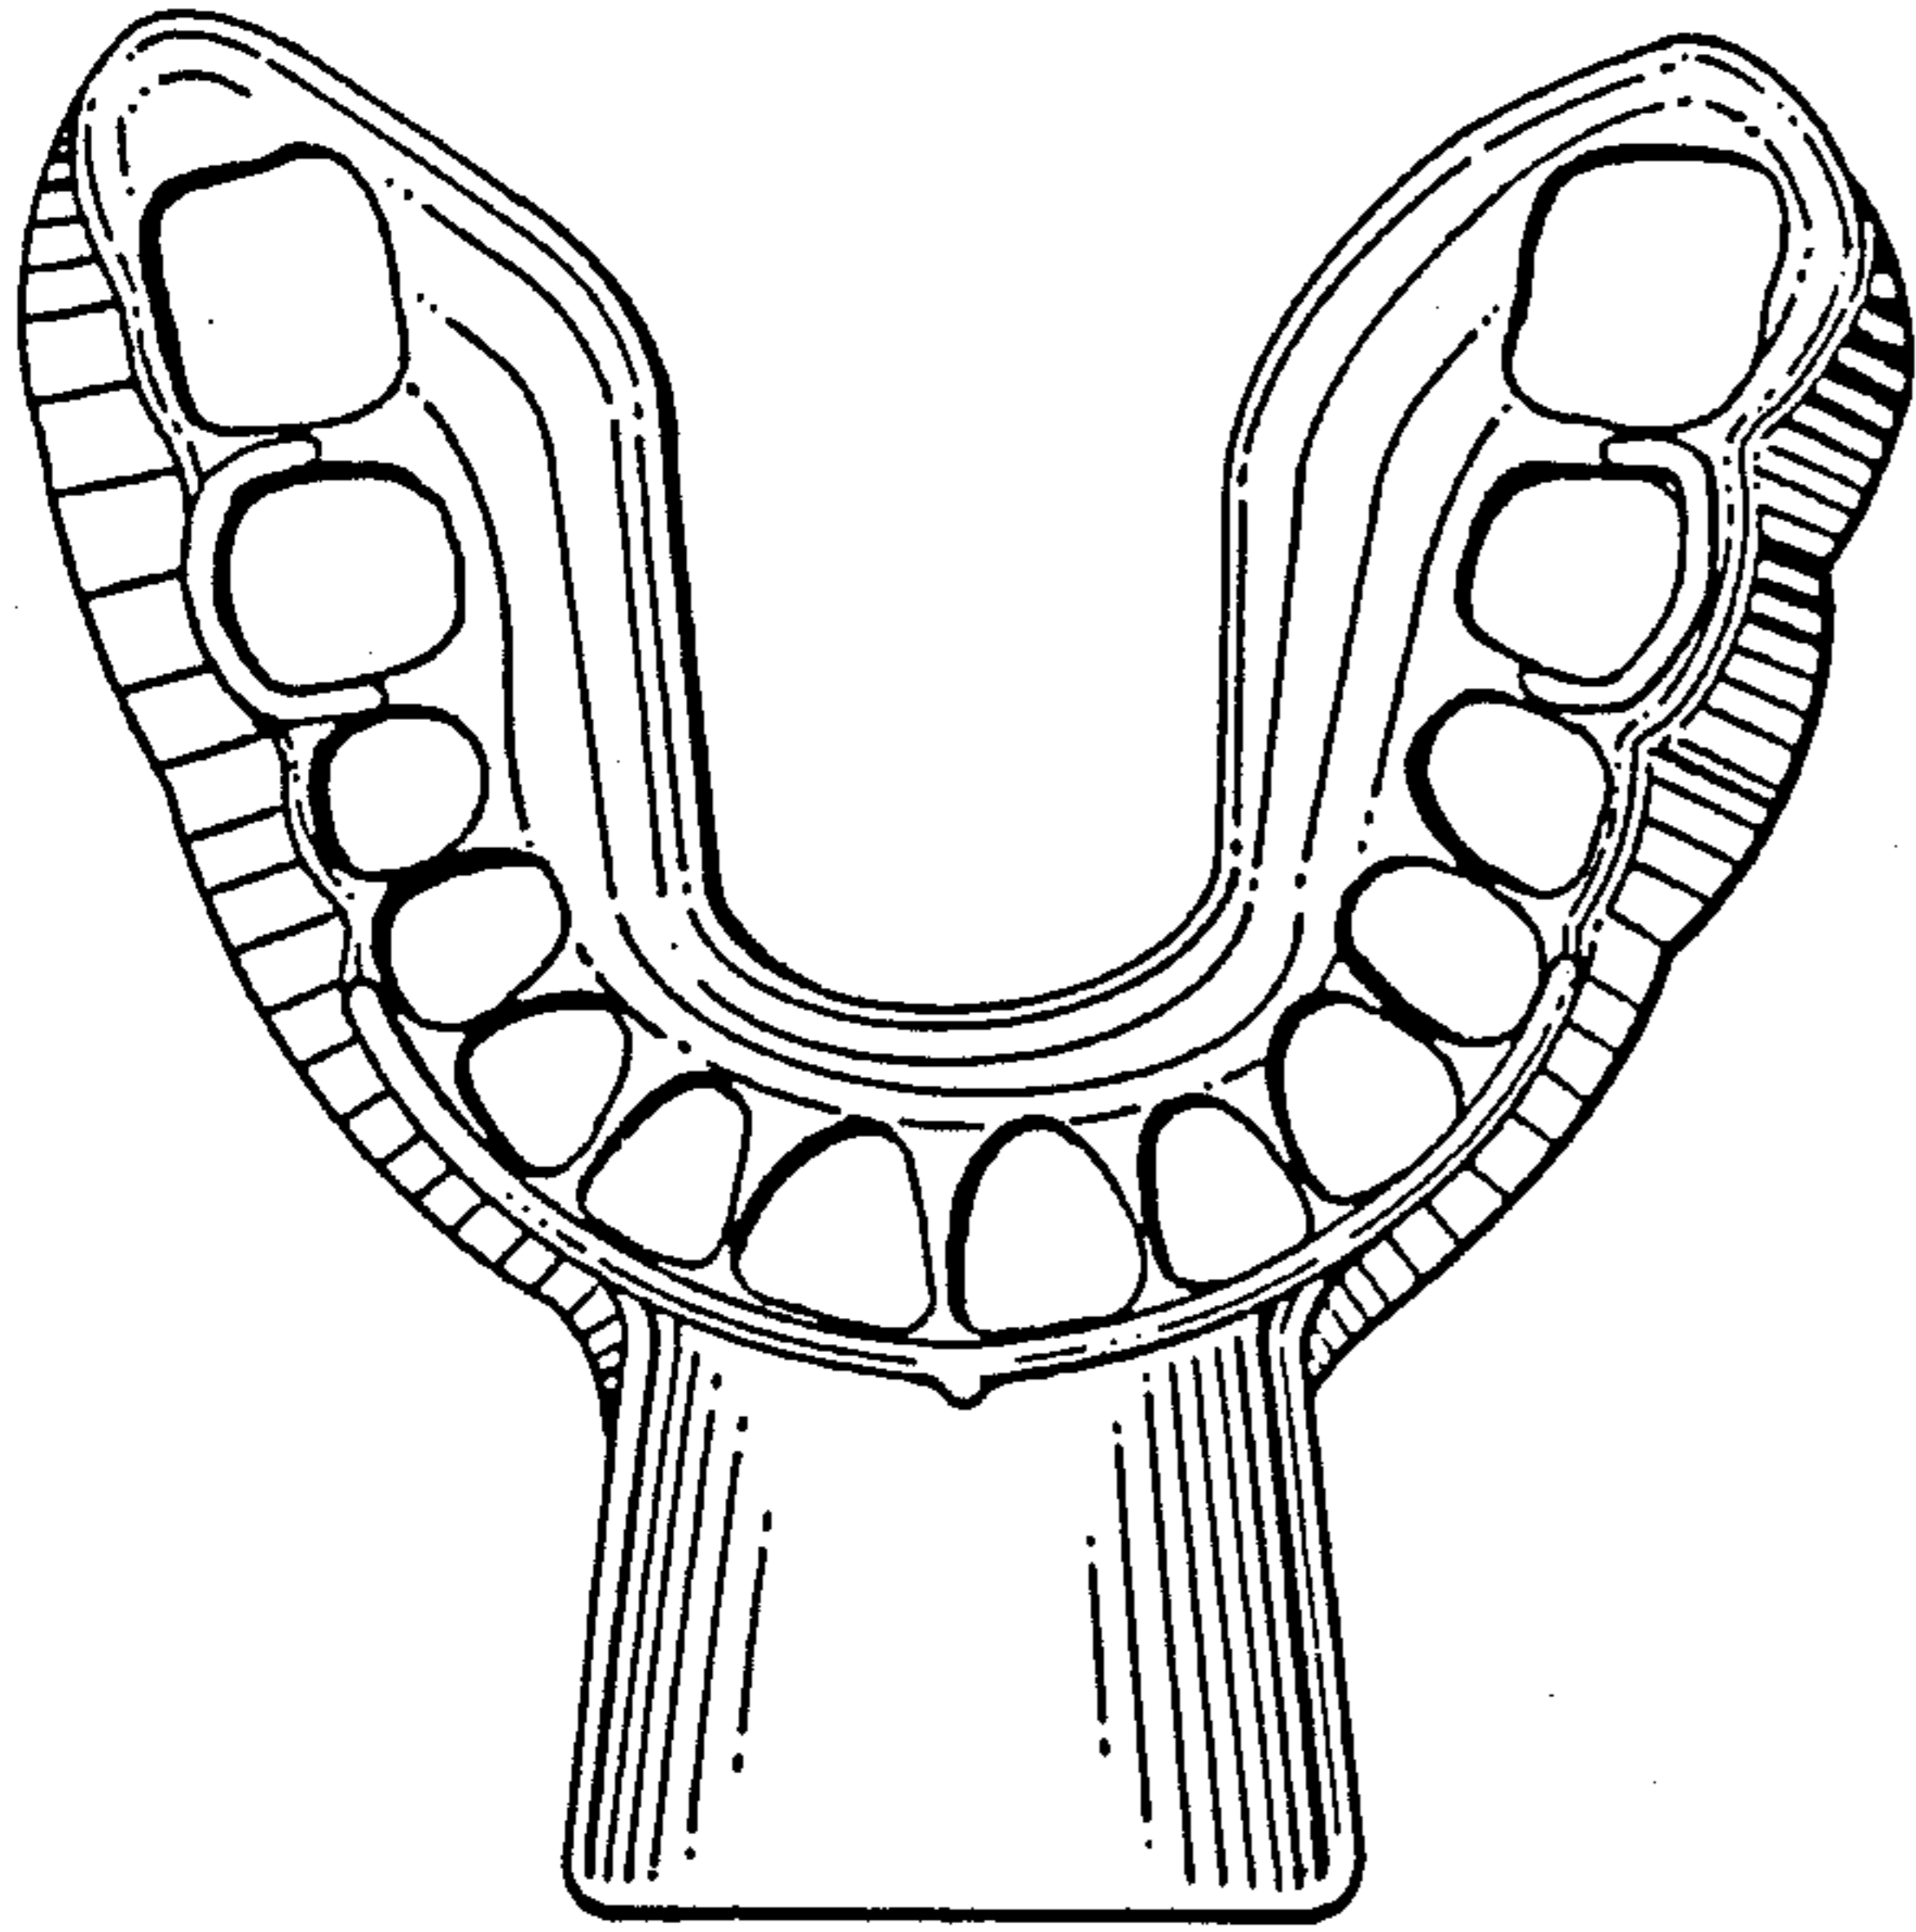

FIG. 1
