FIG. 1 is a top, front and side perspective view of an electronic nerve stimulator unit showing my new design, the cord portion of the hand instrument being broken away for ease of illustration;  
 FIG. 2 is a side elevational view thereof;  
 FIG. 3 is a rear elevational view thereof, with the hand instrument removed; and  
 FIG. 4 is a side elevational view thereof, opposite to that shown in FIG. 2, with the hand instrument removed.  
 The bottom of the unit is plain and unornamented.
