[57] **CLAIM**

The ornamental design for a pitot tube type flow measurement device with a crank-operated insert/retract mechanism, as shown.

**DESCRIPTION**

FIG. **1** is a front elevational view of the pitot tube type flow measurement device with a crank-operated insert-/retract mechanism showing our new design;
FIG. **2** is a right side elevational view thereof;
FIG. **3** is a top plan view thereof;
FIG. **4** is a rear elevational view thereof;
FIG. **5** is a left side elevational view thereof; and,
FIG. **6** is a bottom plan view thereof.
