[57] CLAIM

The ornamental design for cordless telephone set, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of the base unit of a cordless telephone set showing our new design;

FIG. 2 is a bottom, rear, and left side perspective view thereof;

FIG. 3 is a perspective view of a foldable stand-up handset of the telephone set shown folded for mounting in the open well of the base unit as shown in FIG. 1;

FIG. 4 is a perspective view of the handset unfolded in face open position;

FIG. 5 is an opposite perspective view of the handset unfolded as in FIG. 4; and

FIG. 6 is a front, top and right side perspective view of base unit with the folded handset in stand up position upon the base unit thereof.
