[57] CLAIM

The ornamental design for an incontinence diaper, as shown as described.

DESCRIPTION

FIG. 1 is a front elevational view of an incontinence diaper showing my new design.

FIG. 2 is a side elevational view thereof.

FIG. 3 is a rear elevational view thereof.

The rear face of the diaper (FIG. 3) is constituted by an impermeable sheet having on both faces vertical parallel strips and the front face (FIG. 1) is constituted by an absorbant pad marked with a diamond pattern and contrasting with marginal portions of the impermeable sheet.
