[57] CLAIM

The ornamental design for a cordless drill or similar
article, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a cordless drill
or similar article;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a front elevational view thereof;

FIG. 6 is a rear elevational view thereof.

The terms left, right, front, rear, top, and bottom used
to describe the orientation of the drill in the drawings
are used for convenience and are not intended to limit
the design to a particular orientation. As will be appar-
ent, the drill of this invention may be used in any orien-
tation.
