[57] CLAIM

The ornamental design for a connector for plastic fence post and rail, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a connector for plastic fence post and rail showing one embodiment of the new design; FIG. 2 is an elevational view of the right end thereof; FIG. 3 is a side elevational view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is an elevational view of the left end of the connector; FIG. 6 is a perspective view of a second embodiment of the connector showing my new design; FIG. 7 is an elevational view of the right end thereof; FIG. 8 is a side elevational view thereof; FIG. 9 is a top plan view thereof; and FIG. 10 is an elevational view of the left end of the connector of FIG. 6.

The broken lines showing of the post and rail in FIGS. 4 and 9 are for illustrative purposes only and forms no part of the claimed design.

FIG. 3

FIG. 2
