[57] **CLAIM**

The ornamental design for a motor fuel dispensing control terminal or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a motor fuel dispensing control terminal or similar article showing my new design;
FIG. 2 is a front elevational view thereof, the undisclosed rear being plain and unornamented; and
FIG. 3 is a right side elevational view thereof, the left side being a mirror image of that shown.
