[57] **CLAIM**

The ornamental design for a flow control valve for lawn sprinklers, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a flow control valve for lawn sprinklers, with the cover in an open position, showing our new design;
FIG. 2 is another top perspective view thereof, showing the cover in its closed position;
FIG. 3 is a bottom perspective view of FIG. 2;
FIG. 4 is a top plan view of FIG. 2;
FIG. 5 is a side elevational view of FIG. 2, the opposite side being a mirror image of the side shown;
FIG. 6 is an elevational view taken from the end shown in FIG. 2;
FIG. 7 is an elevational view taken from the end opposite that shown in FIG. 6;
FIG. 8 is a bottom plan view of FIG. 2; and
FIG. 9 is an enlarged top plan view of the top portion of the valve with the cover in a open position and broken away.
