[57] **CLAIM**

The ornamental design for a mirrored cabinet, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a mirrored cabinet showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a top plan view thereof, the bottom being a mirror image of that shown;

FIG. 4 is a left side elevational view thereof, the right side being a mirror image of that shown;

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a top, front and right side perspective view of an alternate embodiment thereof;

FIG. 7 is a front elevational view of the embodiment of FIG. 6;

FIG. 8 is a top plan view of the embodiment of FIG. 6, the bottom being a mirror image of that shown;

FIG. 9 is a left side elevational view of the embodiment of FIG. 6, the right side being a mirror image of that shown; and

FIG. 10 is a rear elevational view of the embodiment of FIG. 6.

The electrical power cord in the views is shown broken-away to indicate indeterminate length.
