[57] CLAIM

The ornamental design for a combined ceiling fan and
light, as shown and described.

DESCRIPTION

FIG. 1 is a bottom plan view of a combined ceiling fan
and light, showing my new design;
FIG. 2 is a front side elevational view thereof, the rear,
left and right side elevational views being mirror images
of the side shown.
FIG. 3 is an enlarged bottom plan view thereof, with
parts of the fan blades broken away for convenience of
illustration.
FIG. 4 is a front elevational view of FIG. 3.
FIG. 5 is a top plan view of FIG. 3.
FIG. 6 is a bottom plan view of a combined ceiling fan
and light, showing a second embodiment of my new
design, with parts of the fan blades broken away for
convenience of illustration.
FIG. 7 is a front side elevational view of FIG. 6, the
rear, left, and right side elevational views being mirror
images thereof.
FIG. 8 is a top plan view of FIG. 6.
The fan blades of the second embodiment of the design
are understood to be identical to those of the first em-
bodiment as shown in FIGS. 1 and 2 of the drawing.
The pattern of vent holes has been partially shown in
FIGS. 1 and 2 for ease of illustration, it being under-
stood that the dot-dash lines represent the continuous
pattern of said vent holes, which are fully depicted in
FIGS. 3 and 4.
