[57] CLAIM

The ornamental design for a surgical clip applier, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a surgical clip applier showing our new design, in unactuated condition; FIG. 2 is a side elevational view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a bottom plan view thereof; FIG. 5 is a rear elevational view thereof; FIG. 6 is a top plan view of an alternate embodiment of the surgical clip applier, in actuated condition, and FIG. 7 is a side elevational view of FIG. 6.

The only difference residing in FIG. 6 is in the sides of the handles, the remaining portions being identical to that shown in FIGS. 1-5.
