[57] CLAIM

The ornamental design for a combination wireless handset telephone and speaker/dial stand therefor, as shown and described.

DESCRIPTION

FIG. 1 is a front, left side and top of a combination wireless handset telephone and speaker/dial stand therefor showing our new design in cradled relationship;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevational view thereof;

FIGS. 4 and 5 are respectively front and rear elevational view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a left side elevational view thereof;

FIG. 8 is a front, left side and top perspective view of the stand shown separately for clarity of representation;

FIG. 9 is a bottom plan view of the stand alone;

FIG. 10 is a right side elevational view of the stand alone;

FIGS. 11 and 12 are respectively front and rear elevational views of the stand alone;

FIG. 13 is a bottom plan view of the stand alone;

FIG. 14 is a left side elevational view of the stand alone;

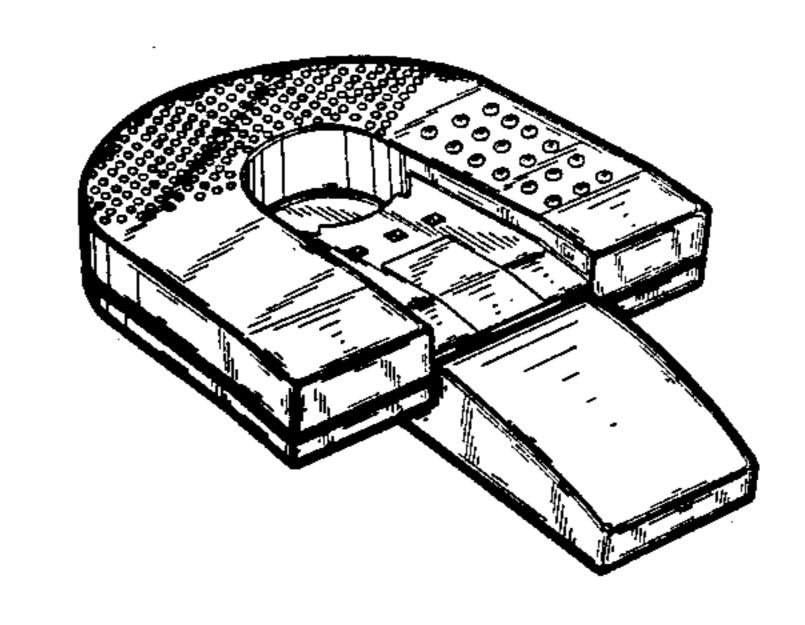

FIG. 15 is a front, bottom and left side perspective view of the handset telephone alone;

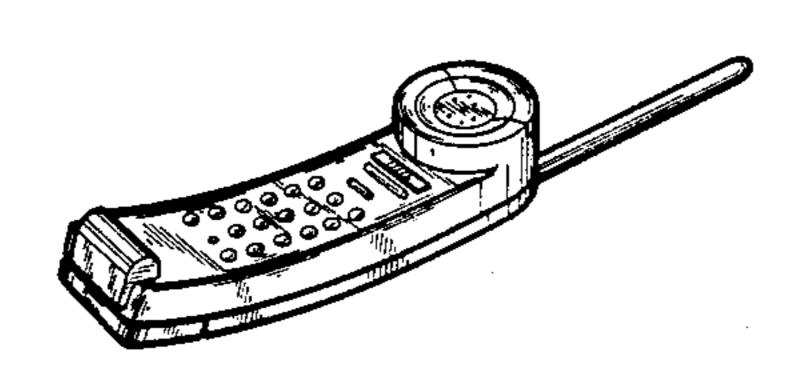

FIG. 16 is a bottom plan view of the handset telephone;

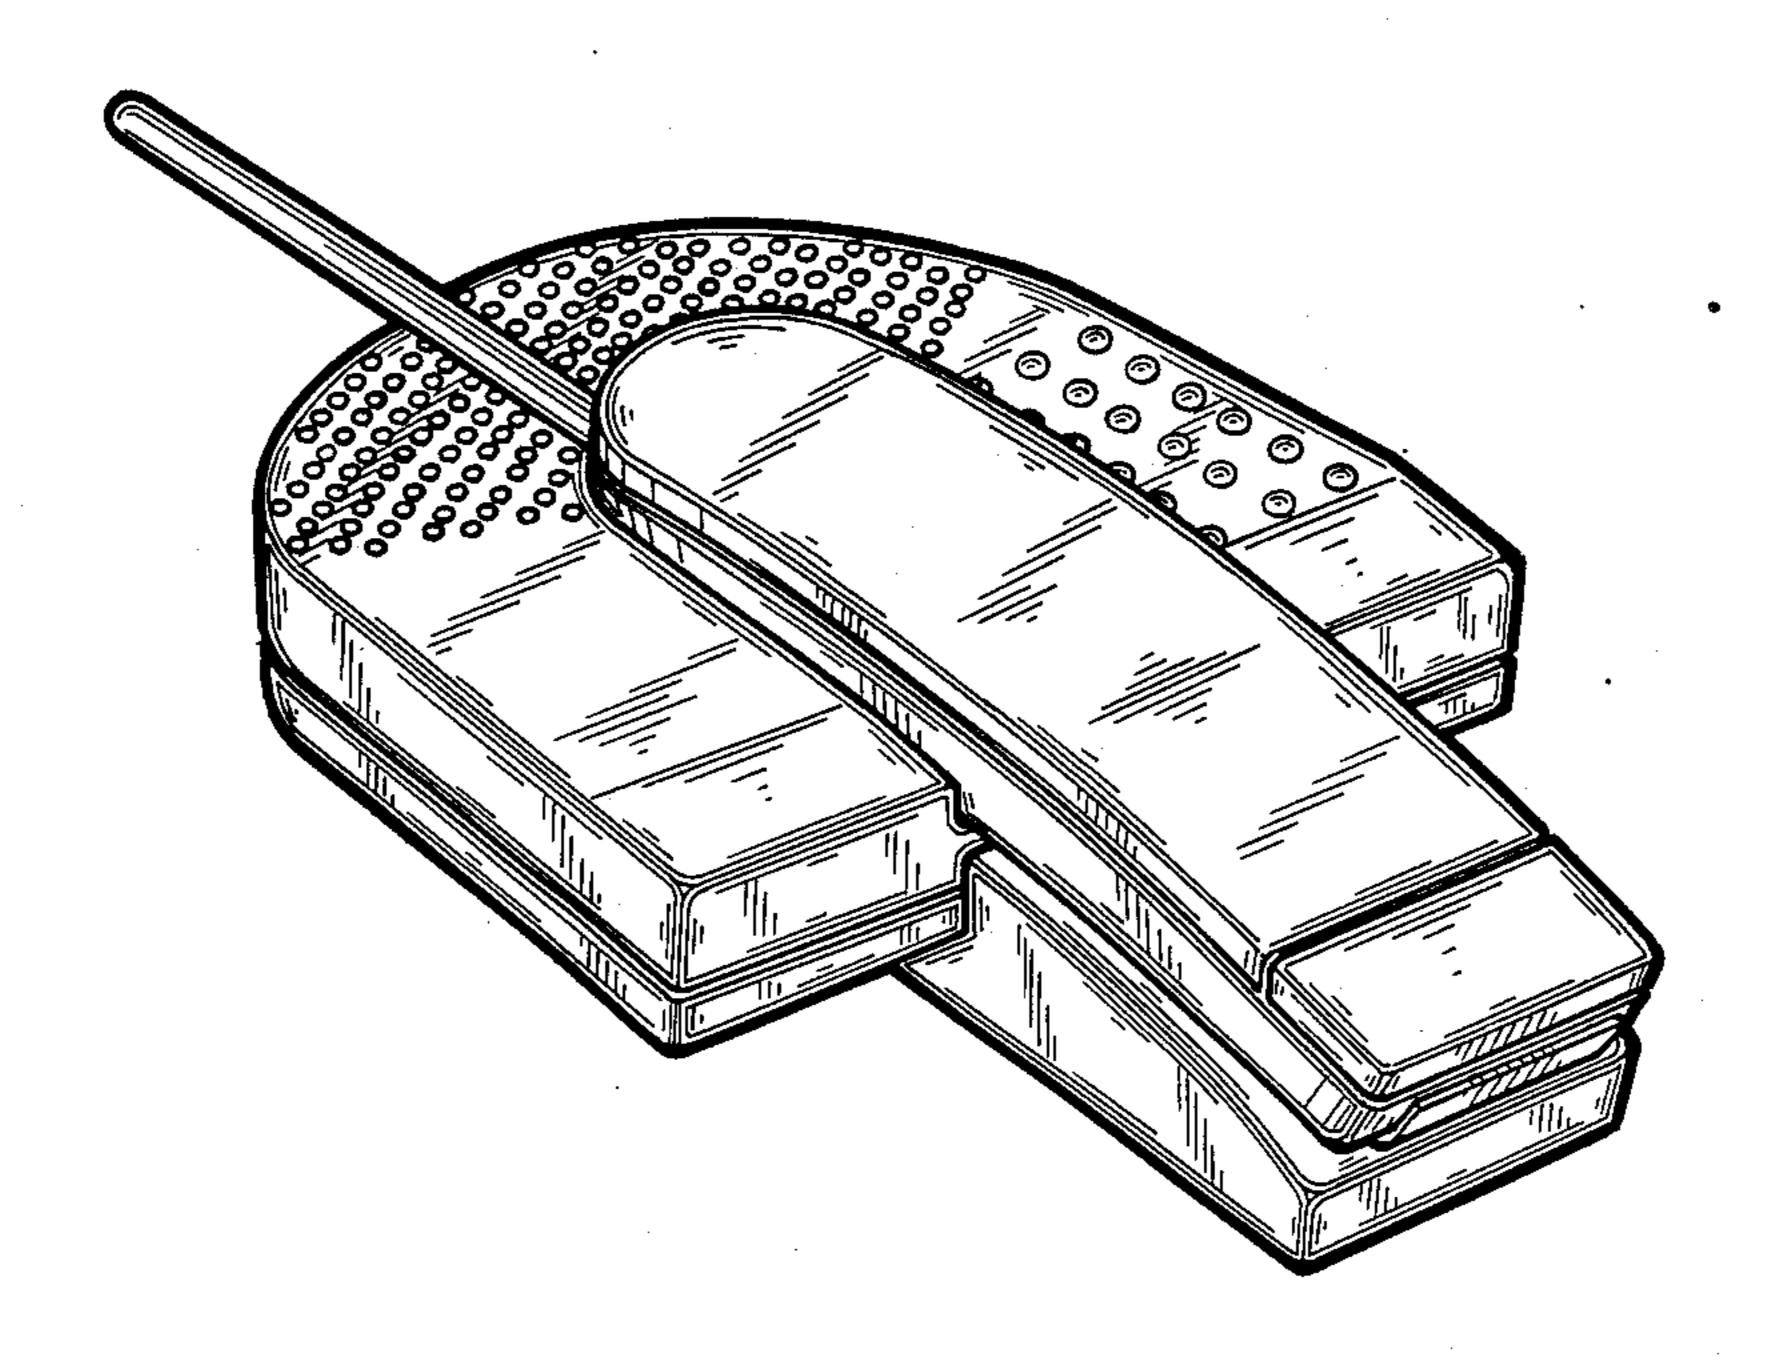

FIG. 17 is a right side elevational view thereof;

FIG. 18 is a bottom plan view of the handset telephone; FIGS. 19 and 20 are respectively front and rear elevational views of the handset telephone alone; and

FIG. 21 is a left side elevational view of the handset telephone alone.
