[57] CLAIM

The ornamental design for a half-size heated cabinet, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a heated food transporting cabinet showing our new design.

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a right side elevational view thereof;

FIG. 4 is a left side elevational view thereof;

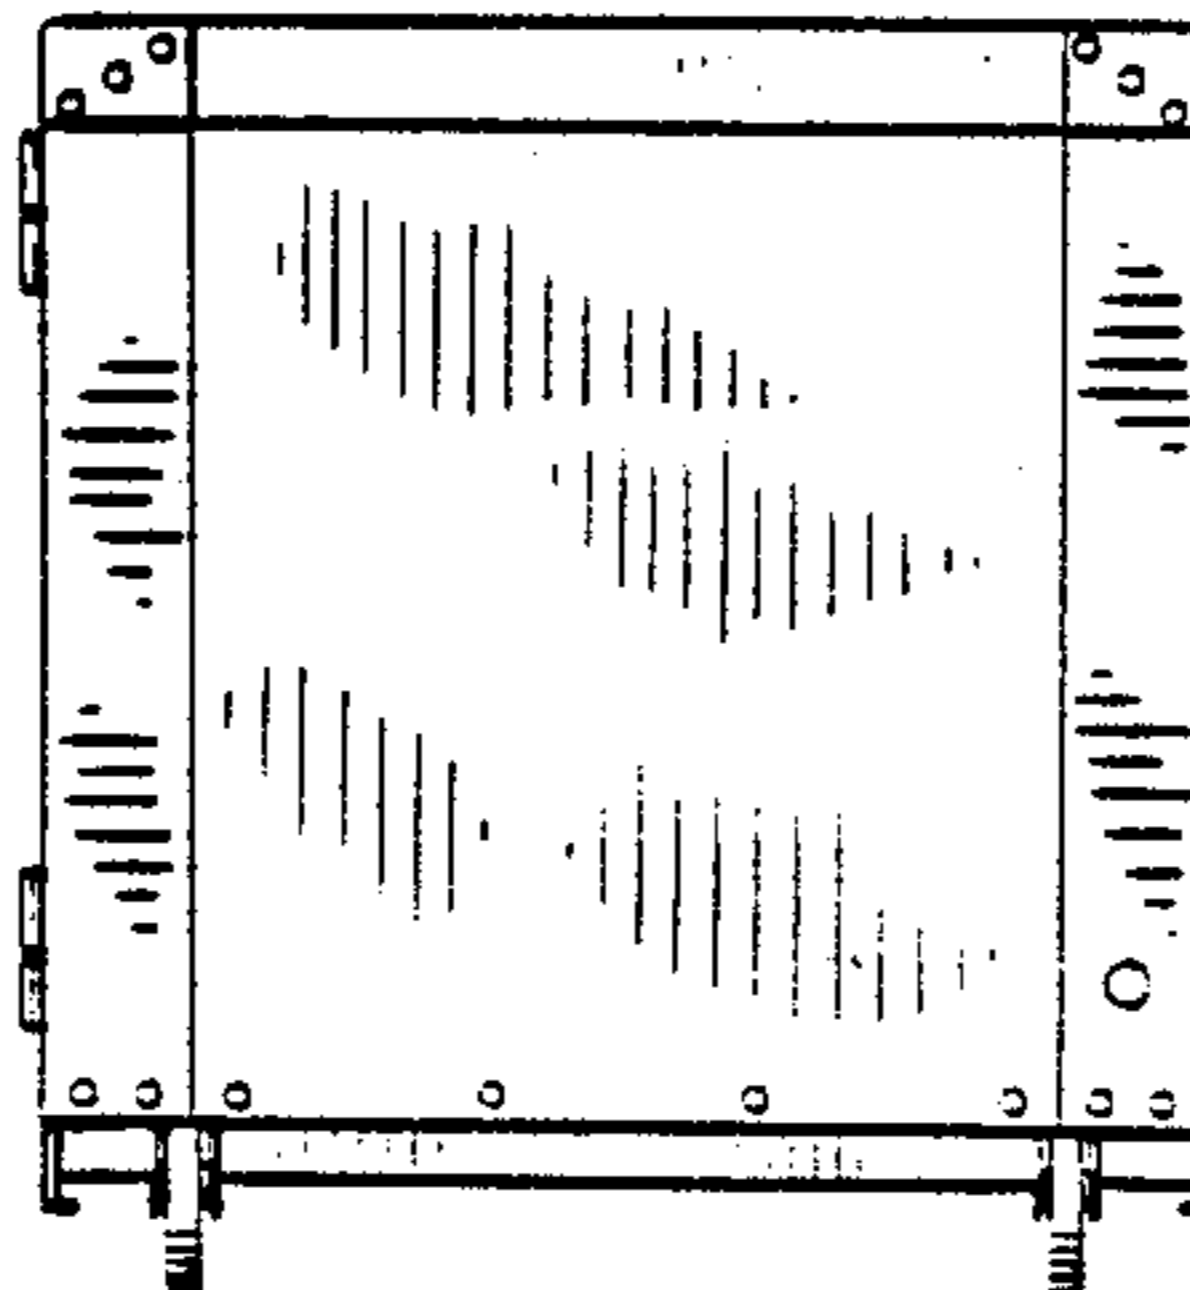

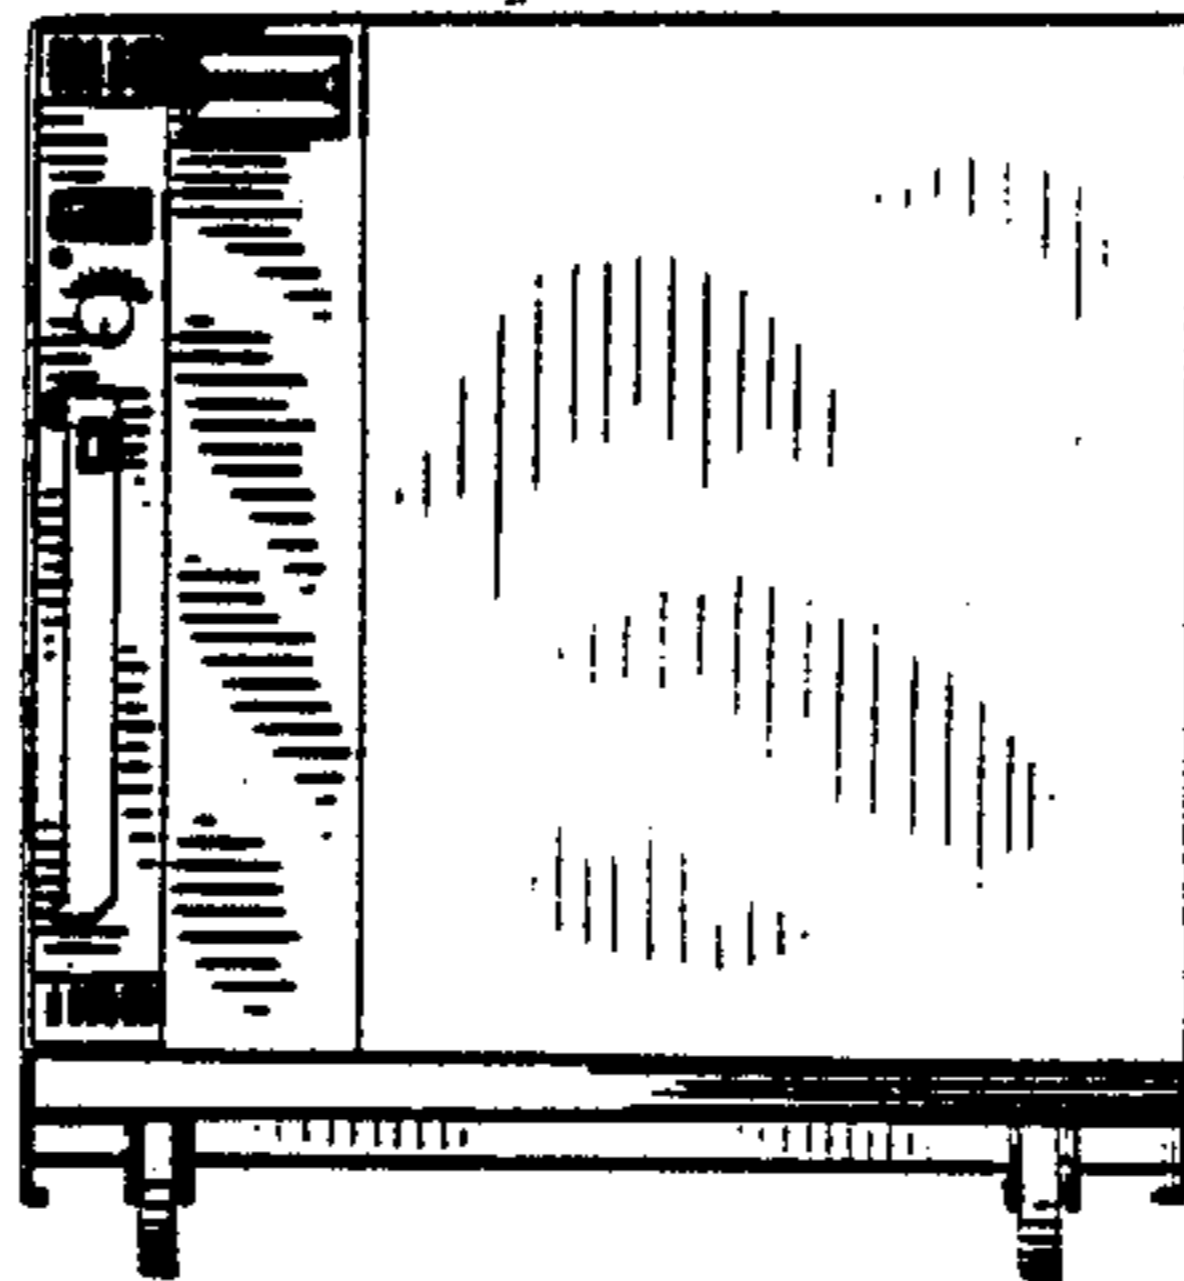

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a front elevational view of the interior of the heated food transporting cabinet with a door in open position; and

FIG. 8 is a front elevational view of the interior of the cabinet showing a second embodiment, the exterior of the cabinet is identical to the first embodiment as shown in FIGS. 1 through 6.

The portion of the cabinet door in FIGS. 7 and 8 is shown broken away for convenience of illustration.
