[57] CLAIM

The ornamental design for an automatic candle snuffer, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the automatic candle snuffer showing our new design, the lid being in the opened position as it would appear when the candle engaged by the cylindrical bracket is burning;
FIG. 2 is a perspective view thereof, the lid being in the closed position as it would appear when extinguishing the candle;
FIG. 3 is an elevation view thereof as seen from the rear of FIG. 1;
FIG. 4 is an elevational view thereof as seen from the left hand side of FIG. 1; and
FIG. 5 is a top plan view thereof in the open position as in FIG. 1.
