[57] **CLAIM**

The ornamental design for a hasp-type latch, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and side perspective view of a hasp-type latch showing our new design, the leaf portion being pivoted to an open position;
 FIG. 2 is a front elevational view thereof, with the leaf portion shown in a closed position and the undisclosed rear being plain and unornamented;
 FIG. 3 is a bottom plan view thereof, with the leaf portion shown in a closed position; and
 FIG. 4 is a fragmentary perspective view thereof, with the left portion shown in a closed position, the post member rotated into latching position and the remaining portion omitted for clarity of illustration.
