[57] CLAIM

The ornamental design for a pair of windows for the roof of a van or similar vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the front, left side and top of a pair of windows for the roof of a van or similar vehicle embodying my new design;

FIG. 2 is an enlarged perspective view thereof taken more from the front and top than in FIG. 1;

FIG. 3 is a left side elevational view of the left window of the pair;

FIG. 4 is a top plan view of FIG. 2;

FIG. 5 is a bottom plan view of FIG. 2;

FIG. 6 is a right side elevational view of the inner side of the left window of the pair taken along line VI—VI in FIG. 4;

FIG. 7 is a front elevational view of FIG. 2; and

FIG. 8 is a rear elevational view of FIG. 2.

A supporting vehicle, here a van, is shown in broken lines in FIG. 1 and a fragment thereof is shown in FIG. 3, as typical environmental structure, and the structure shown in broken lines is not part of the design sought to be patented.

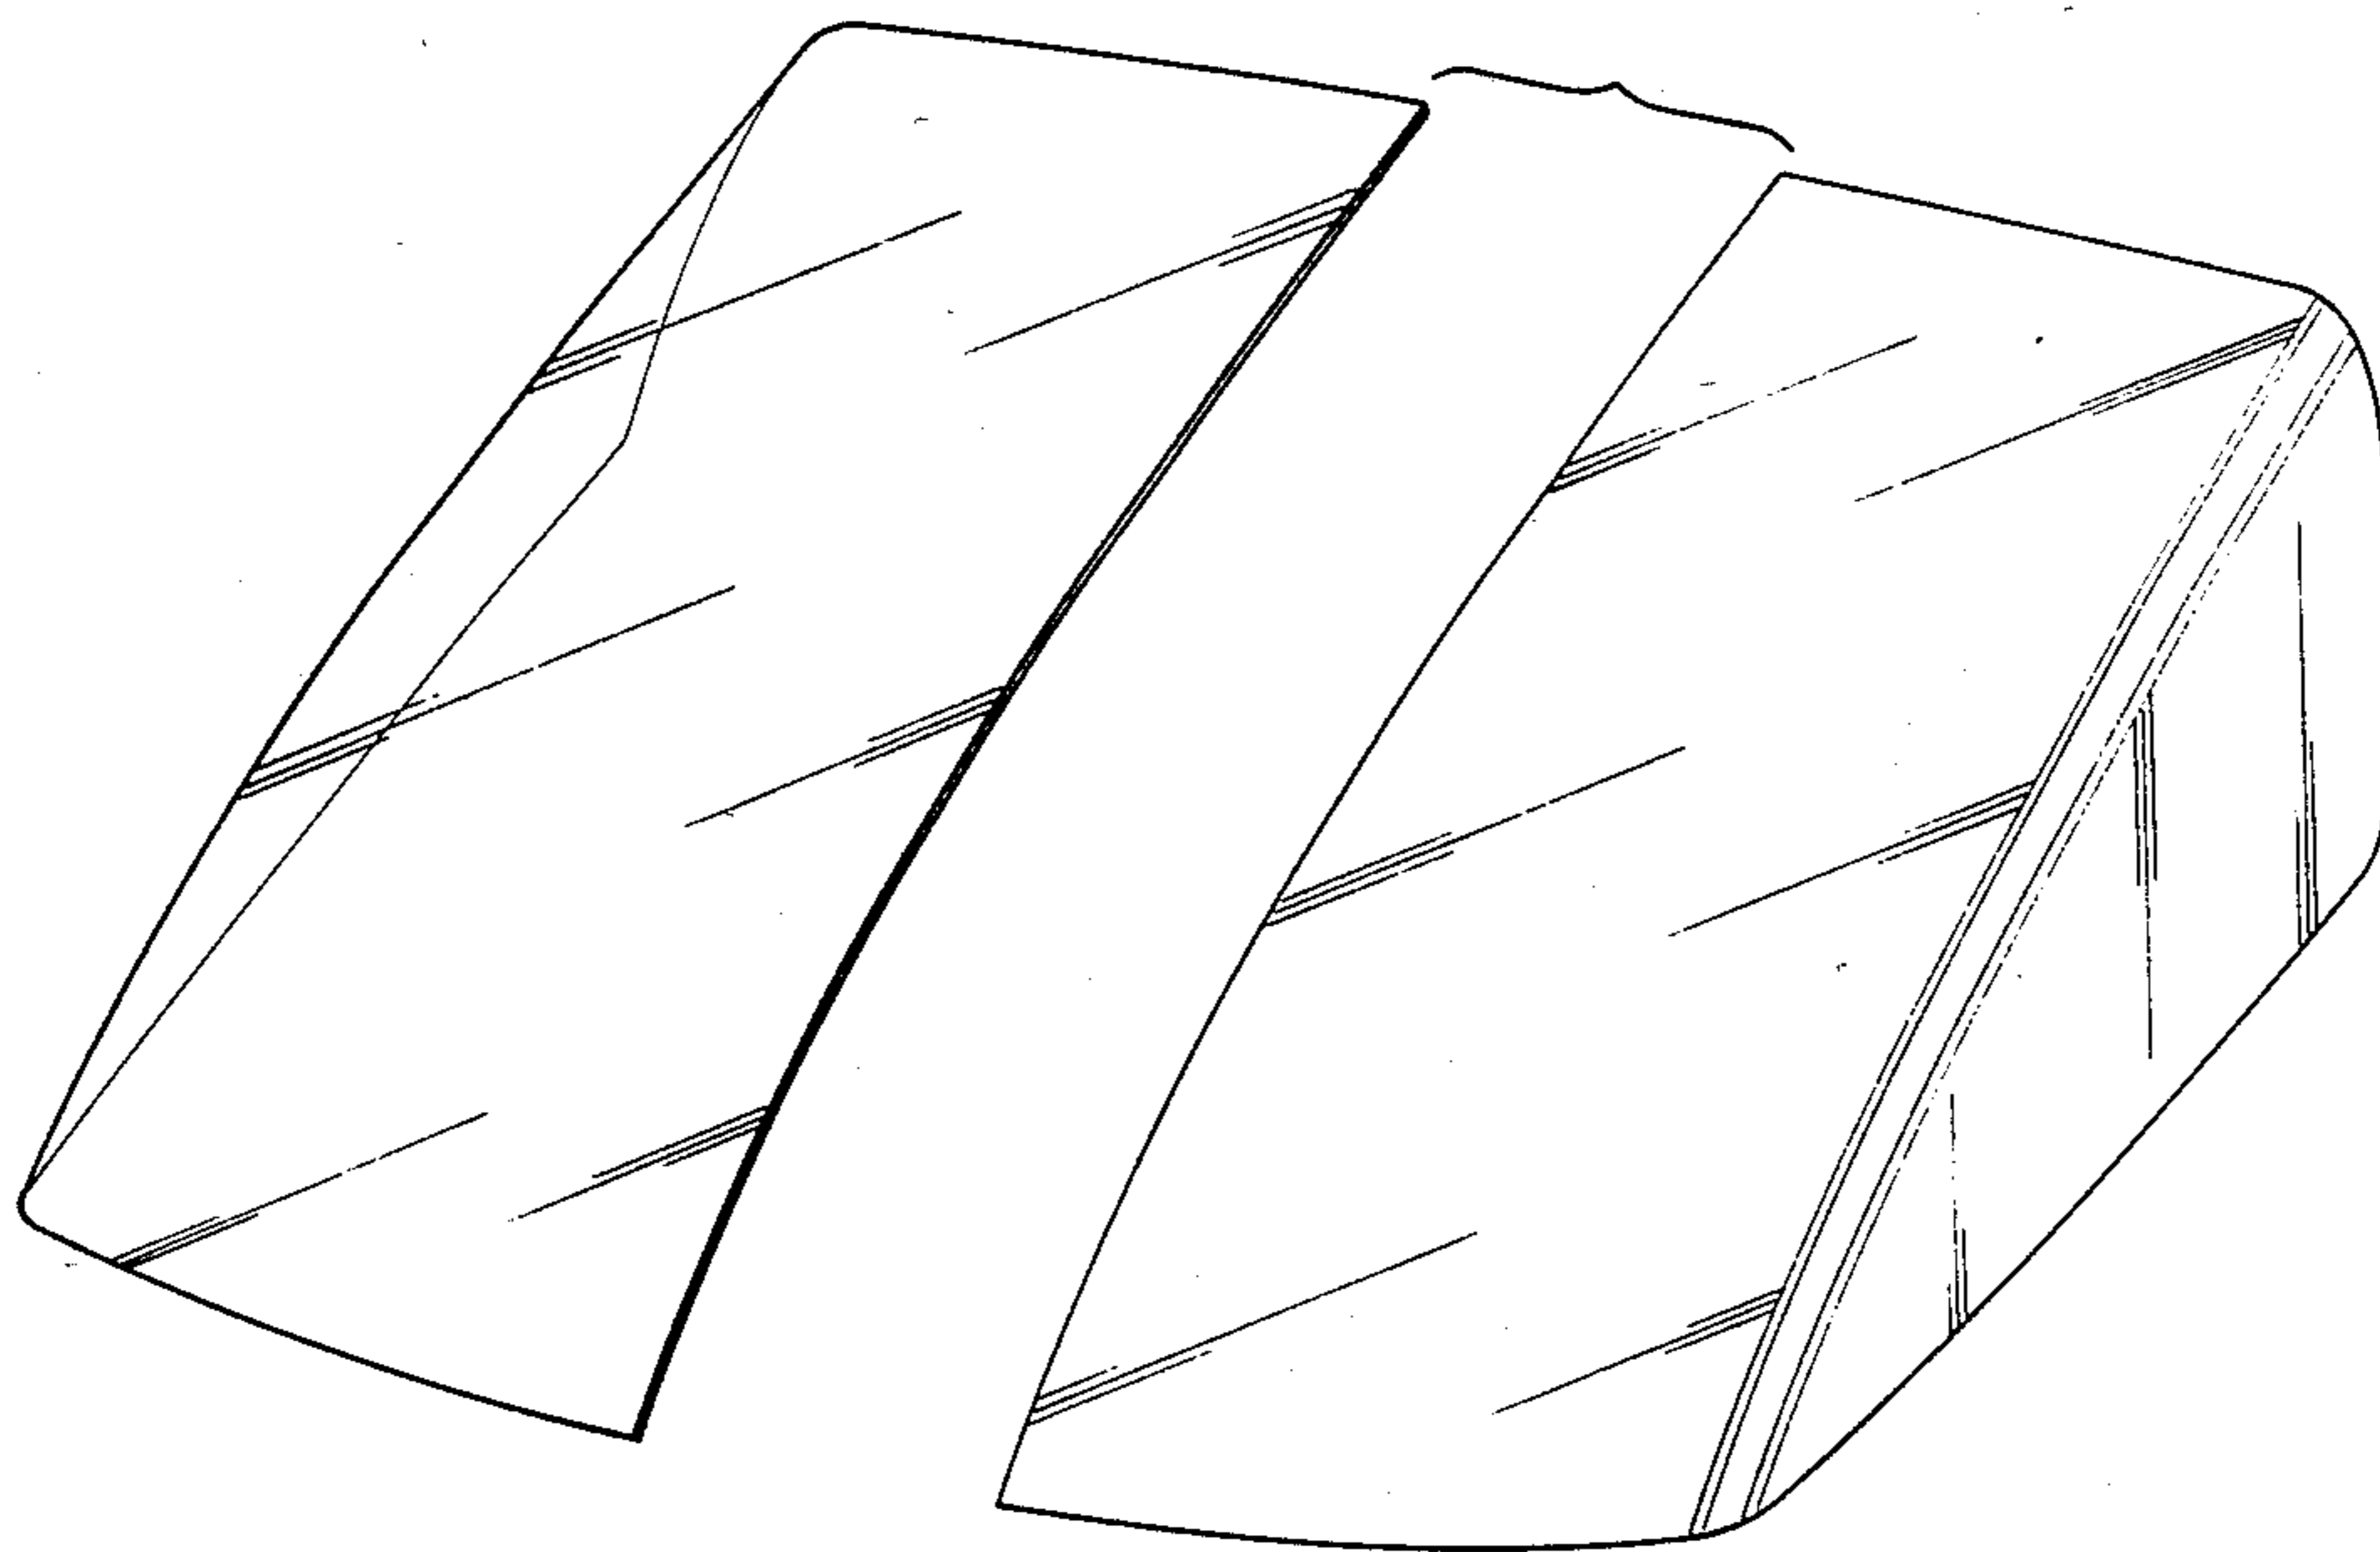

FIG. 1

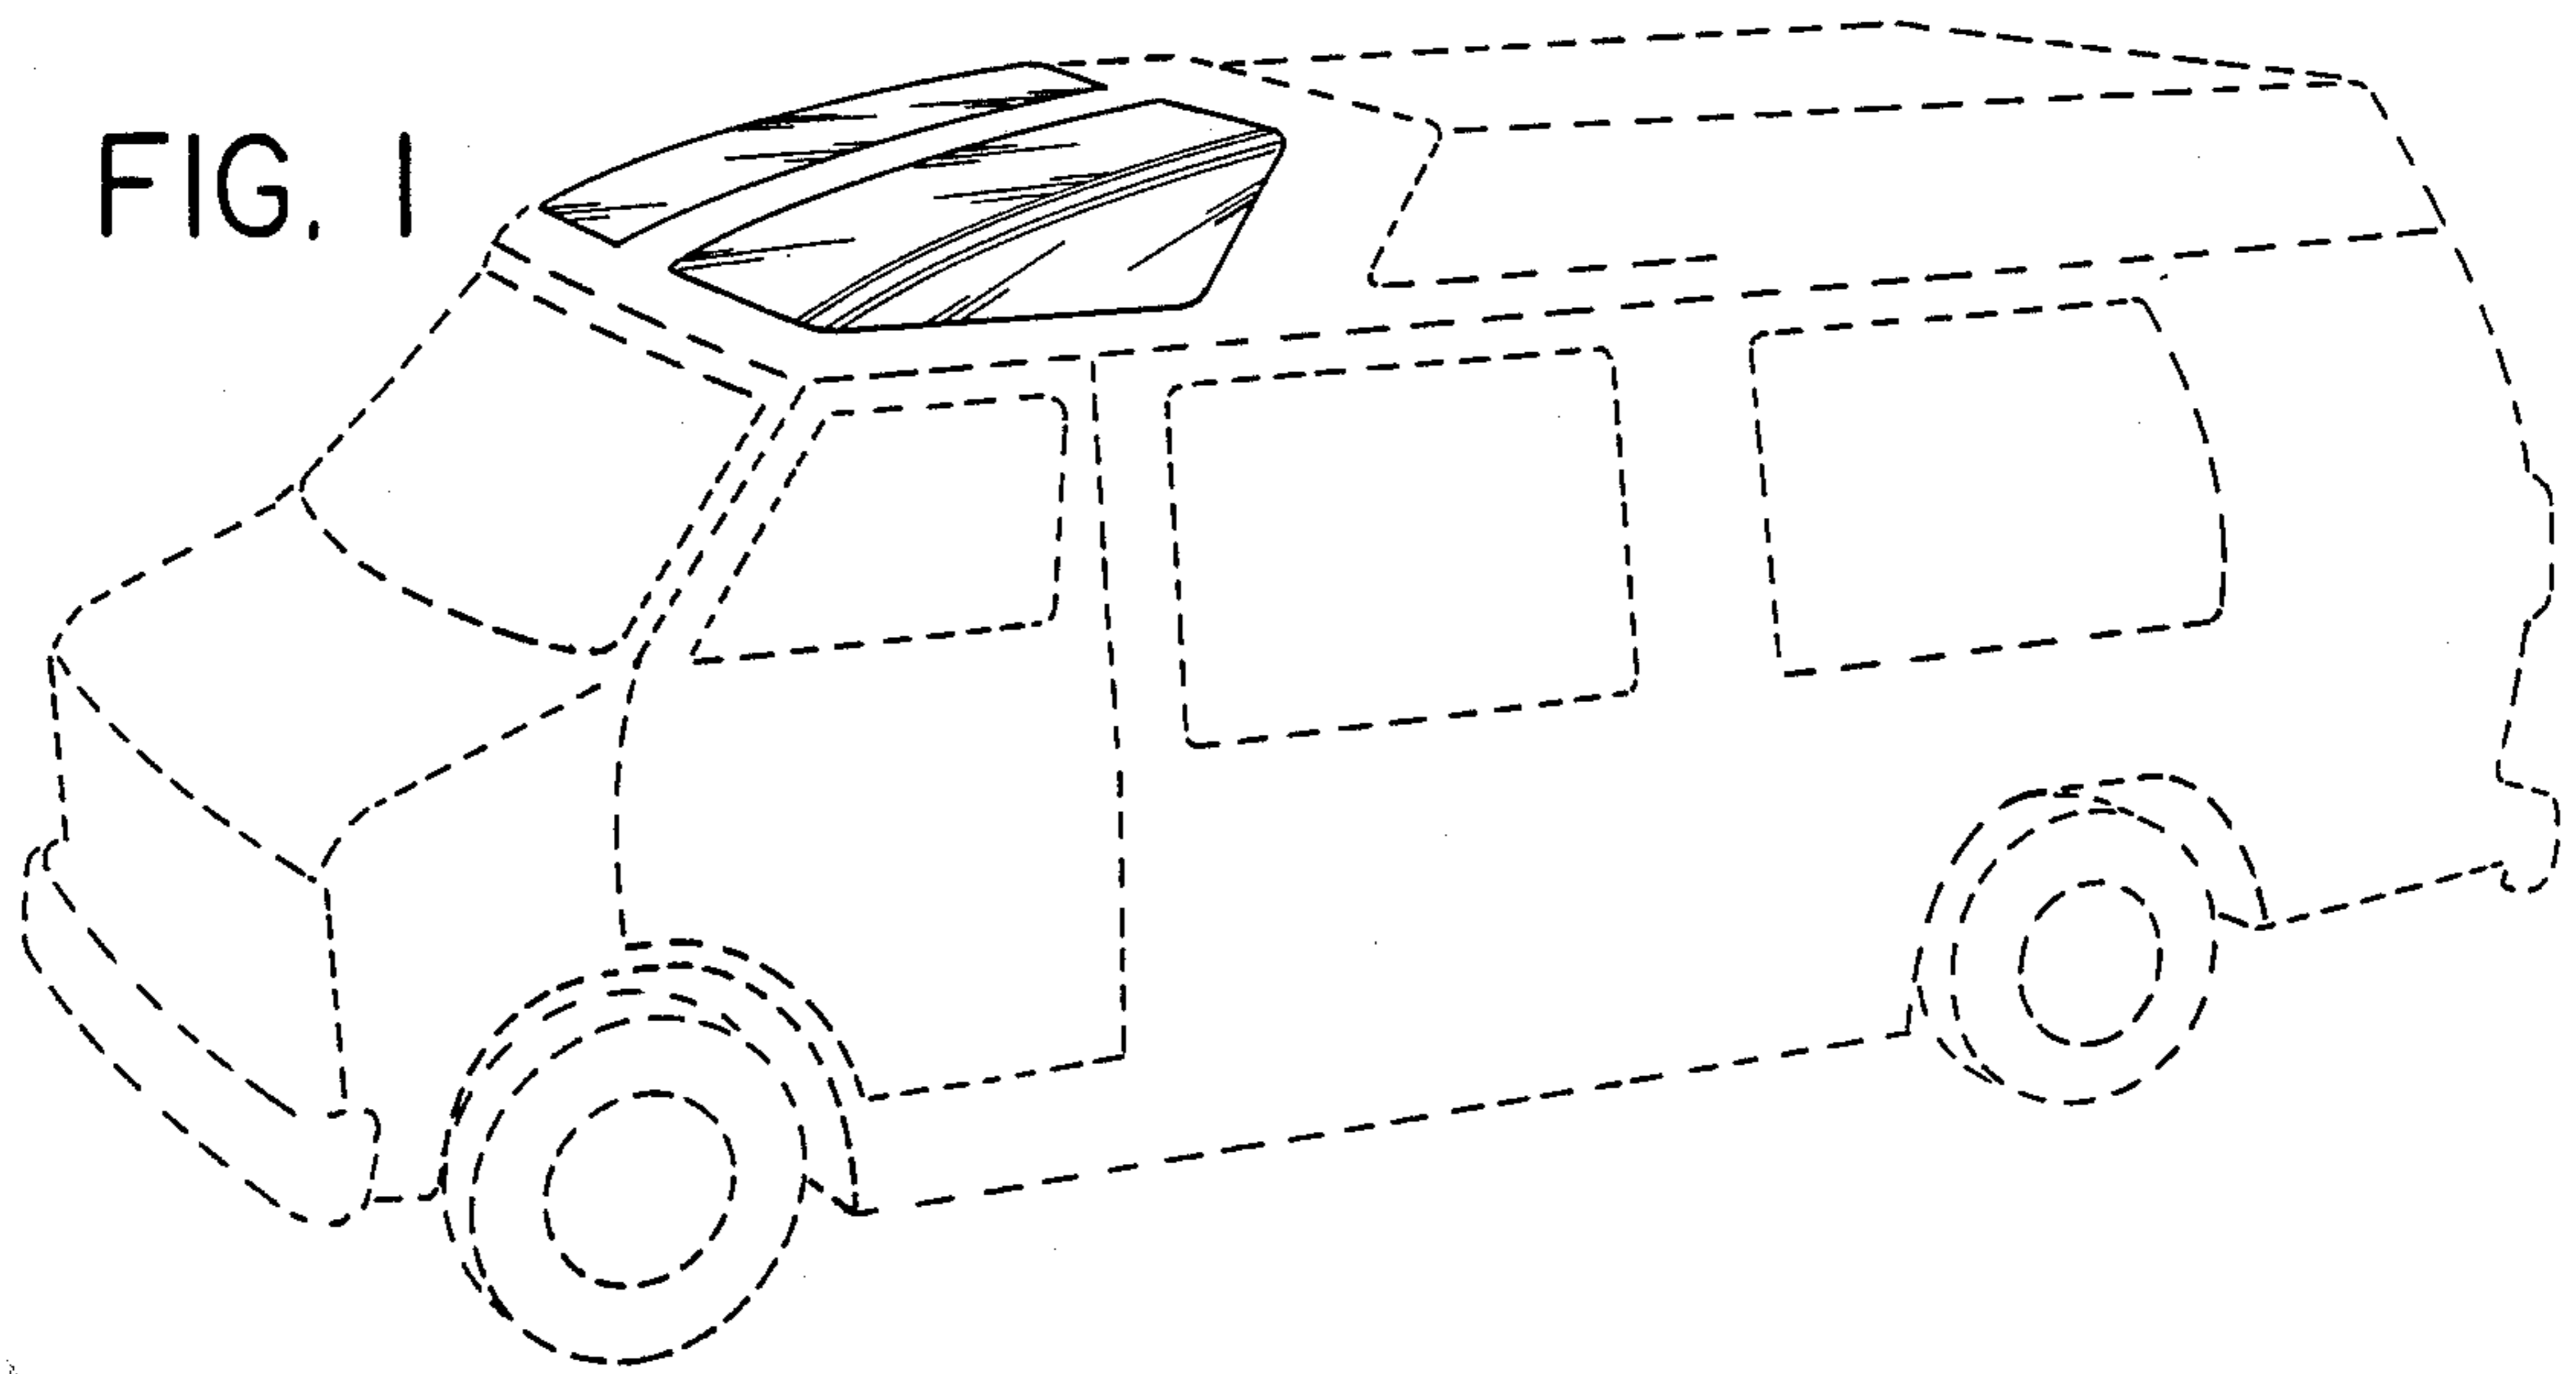

FIG. 2

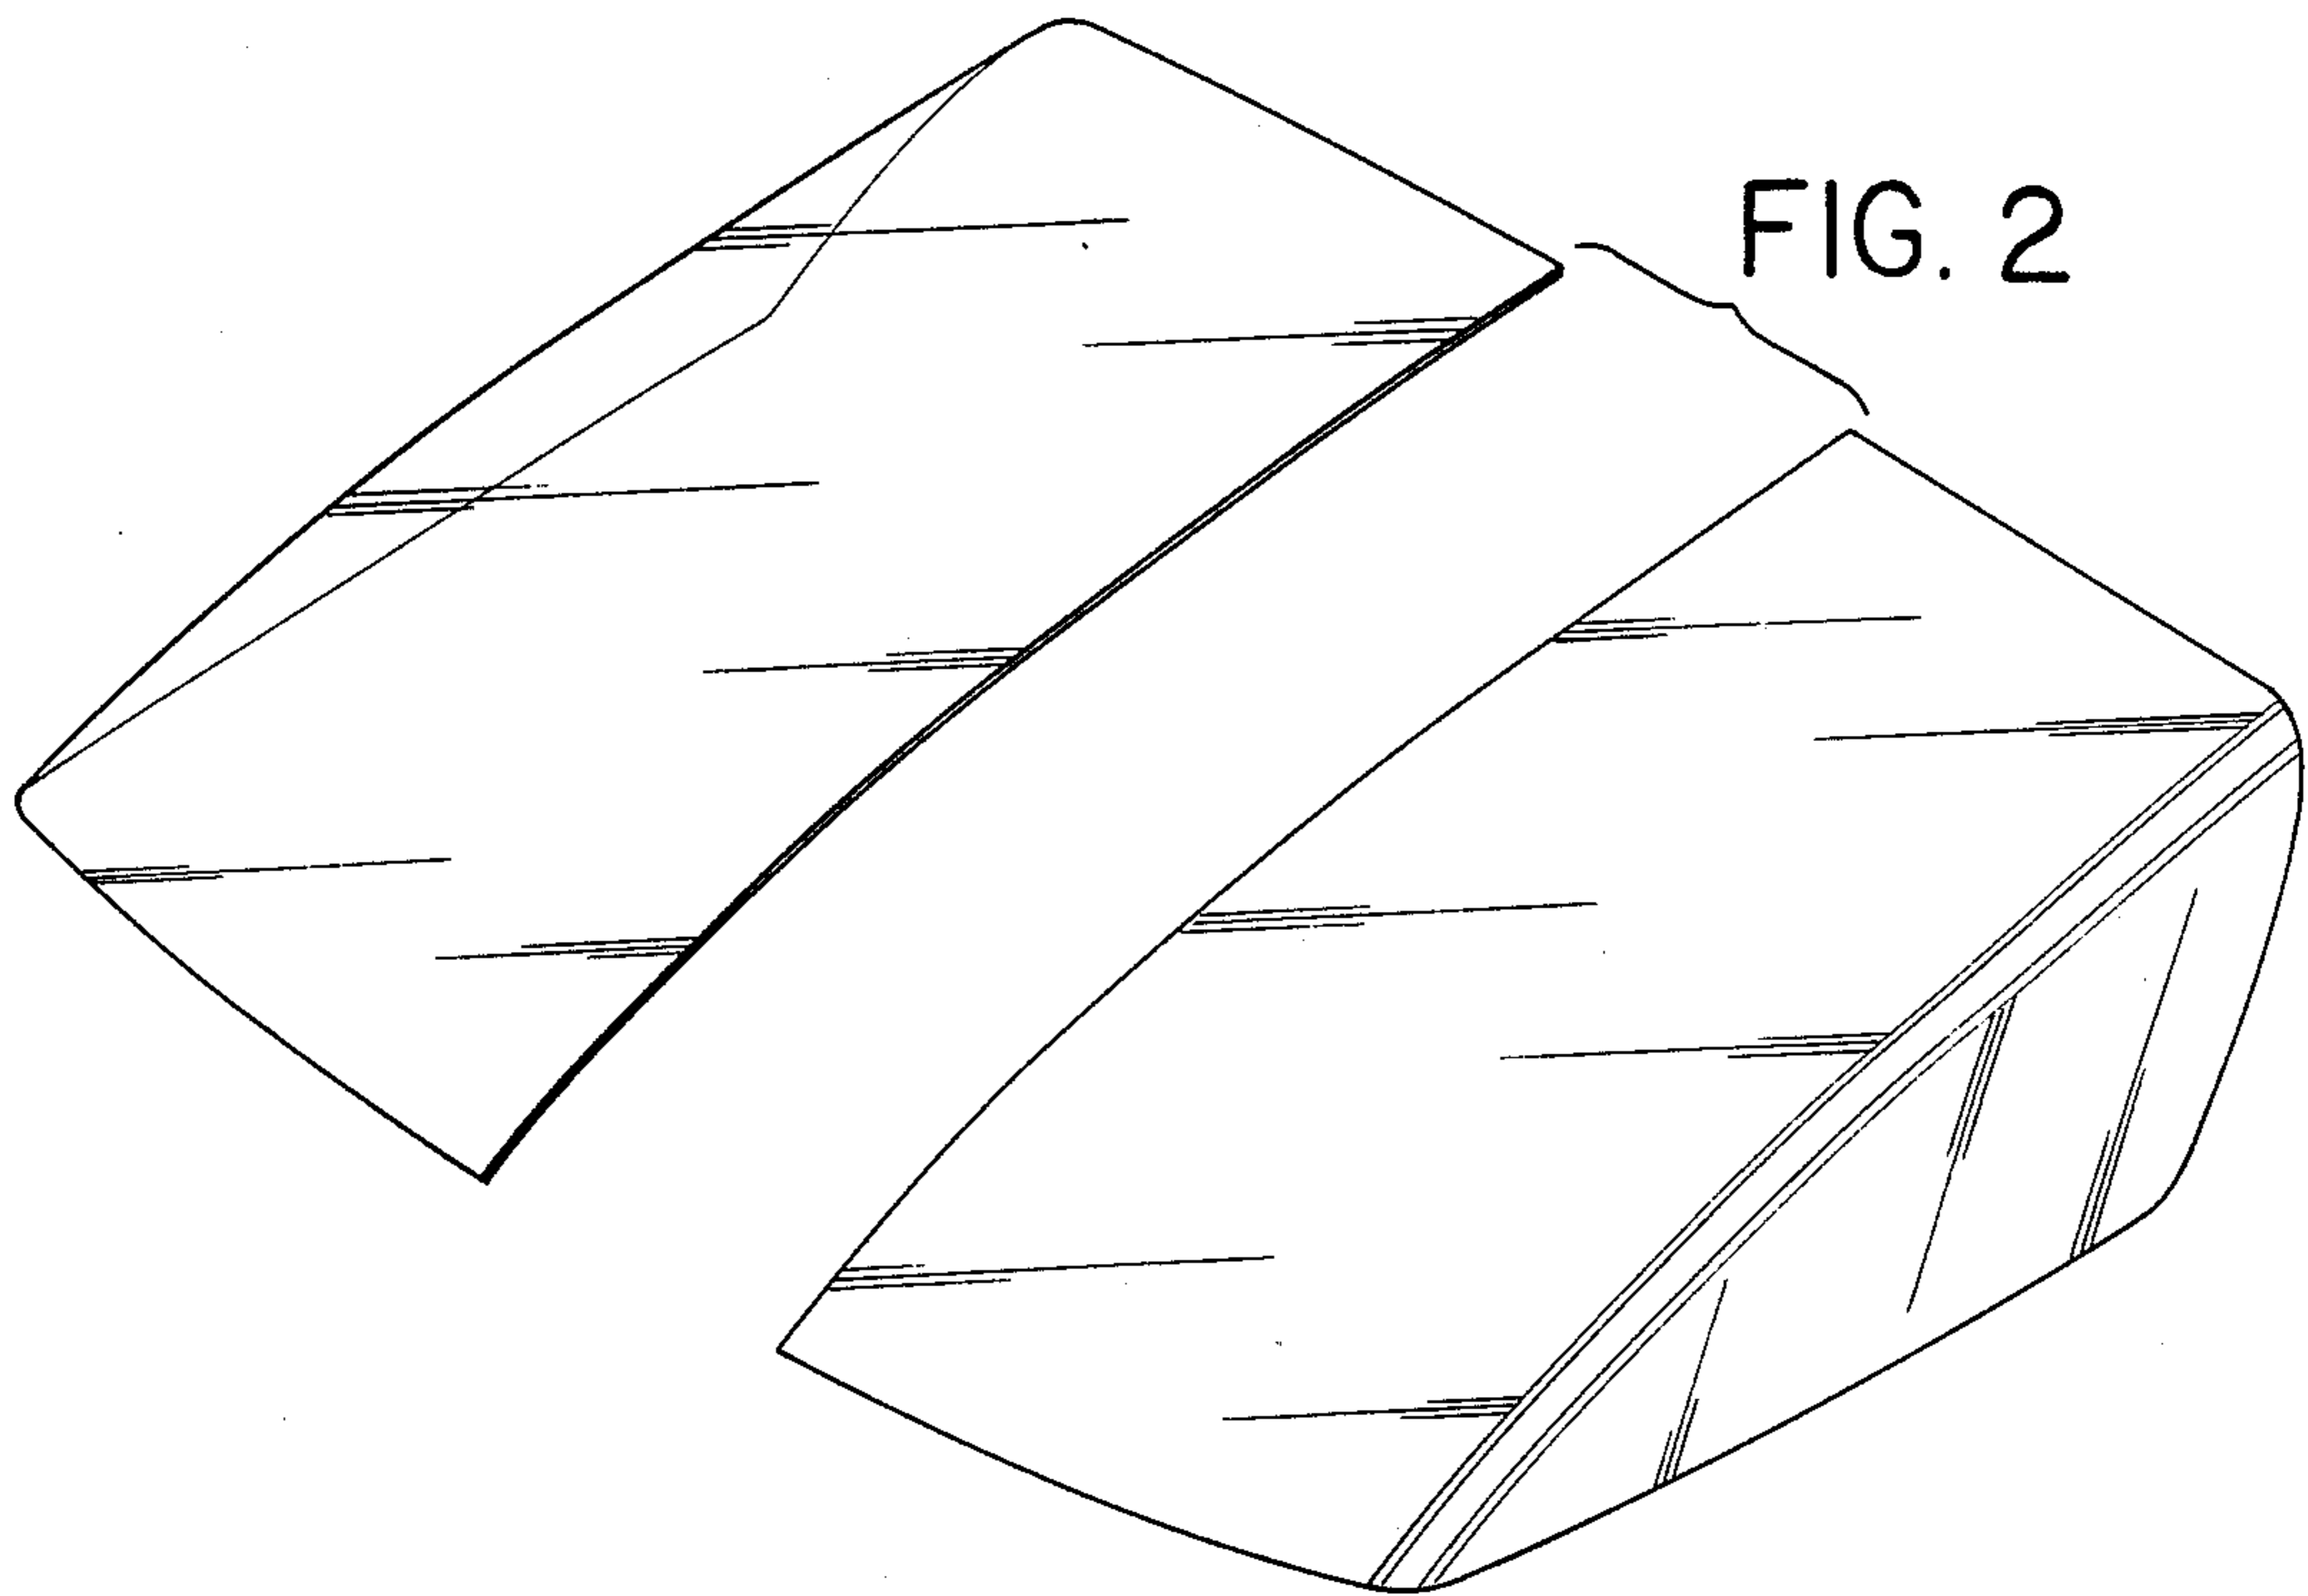

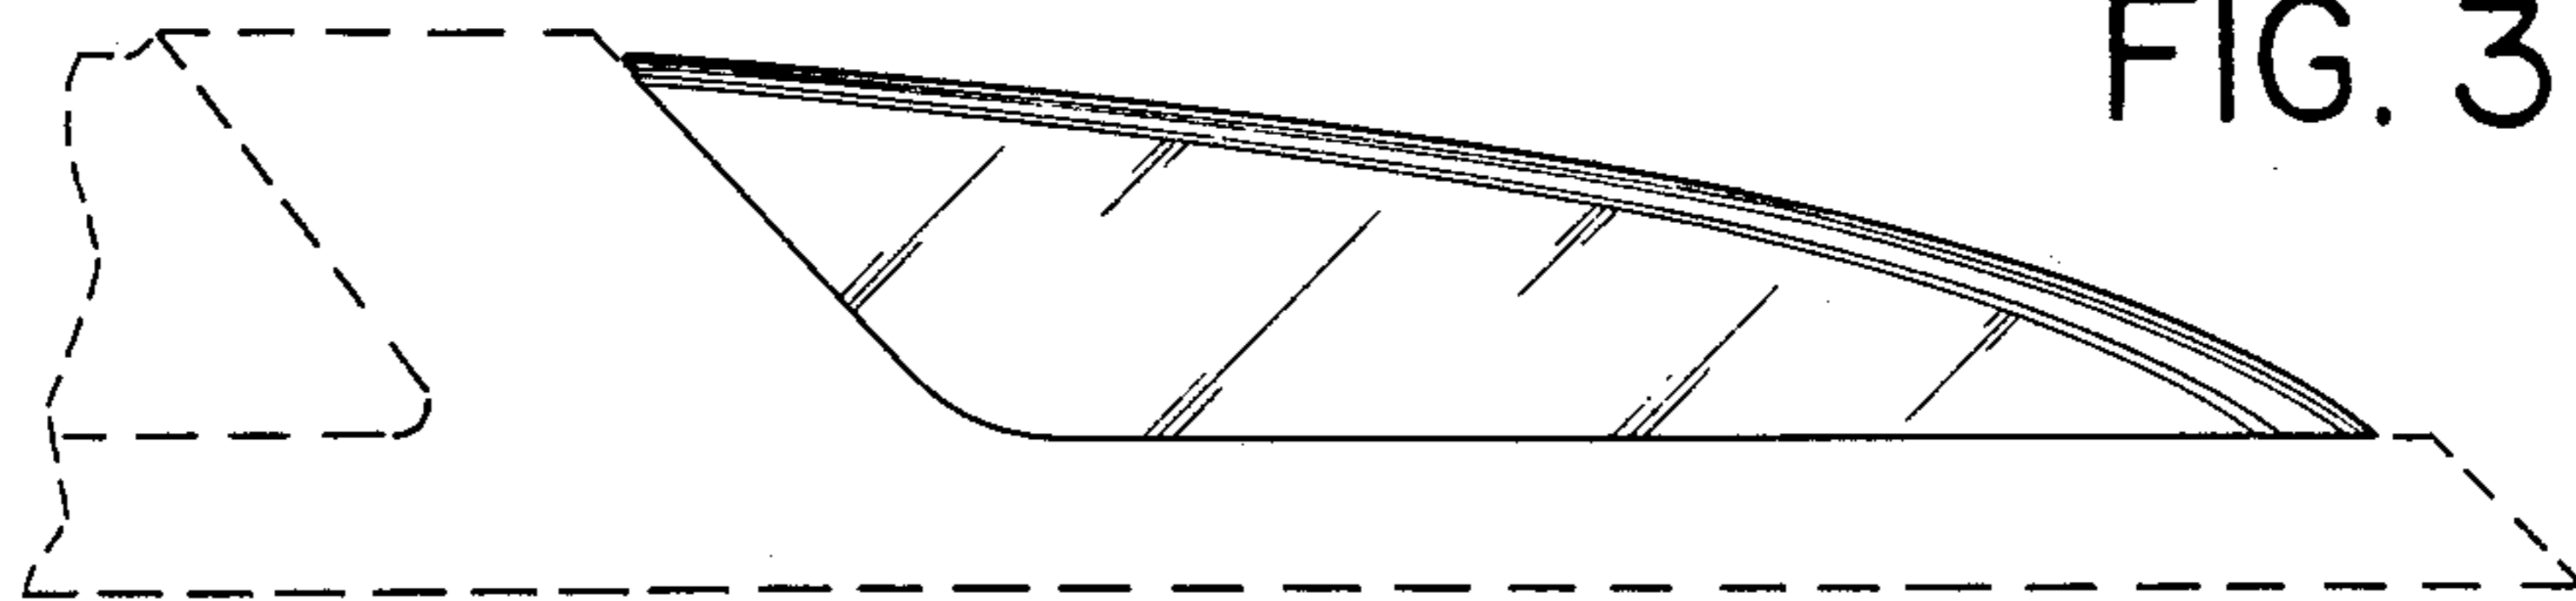

FIG. 3

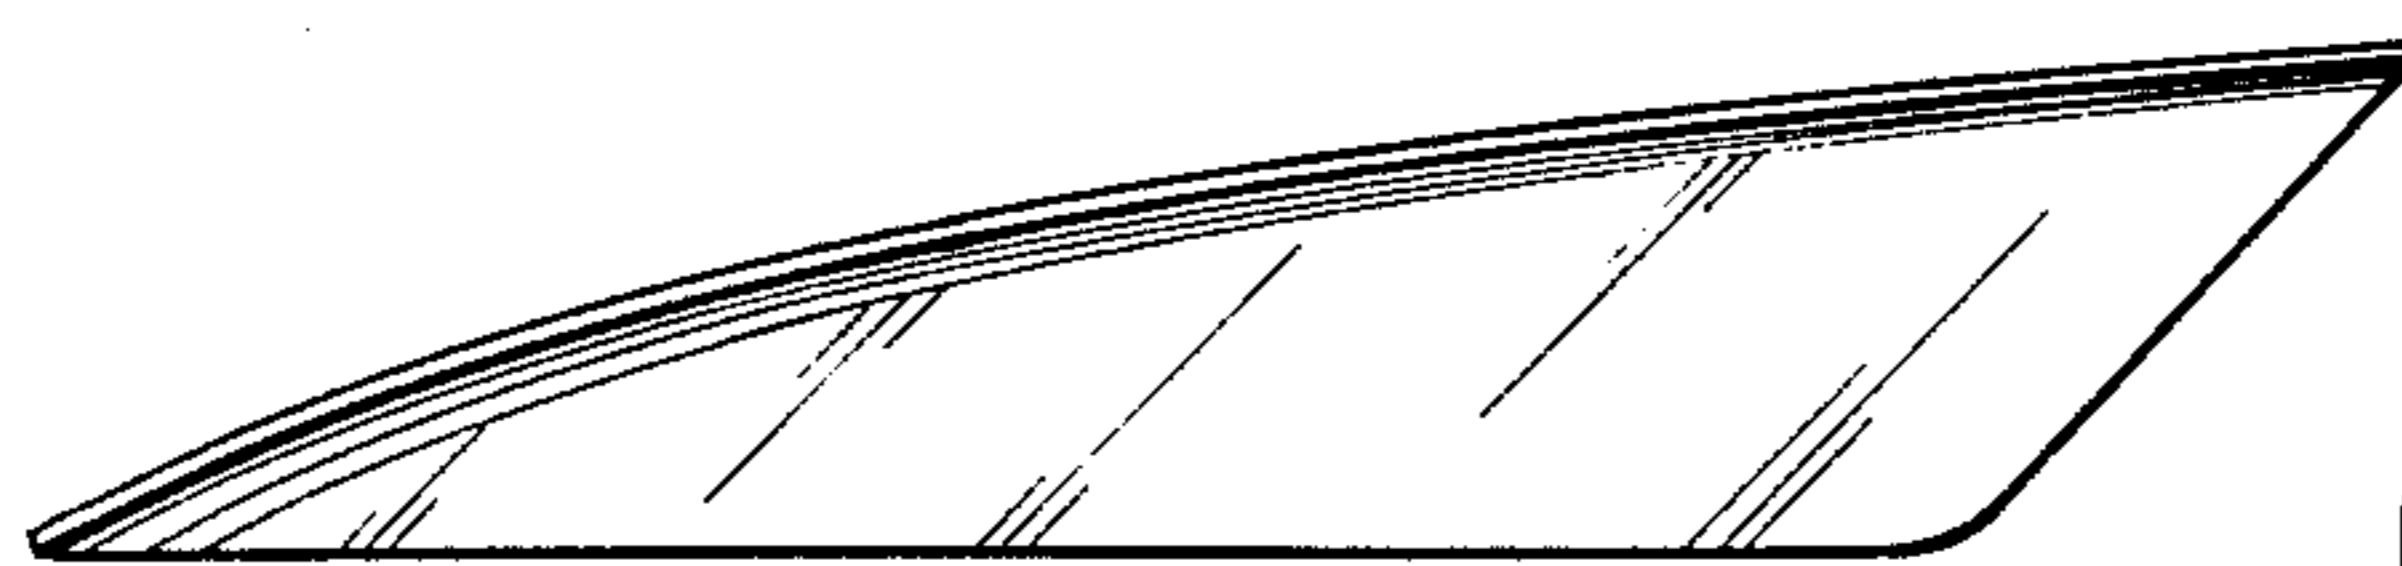

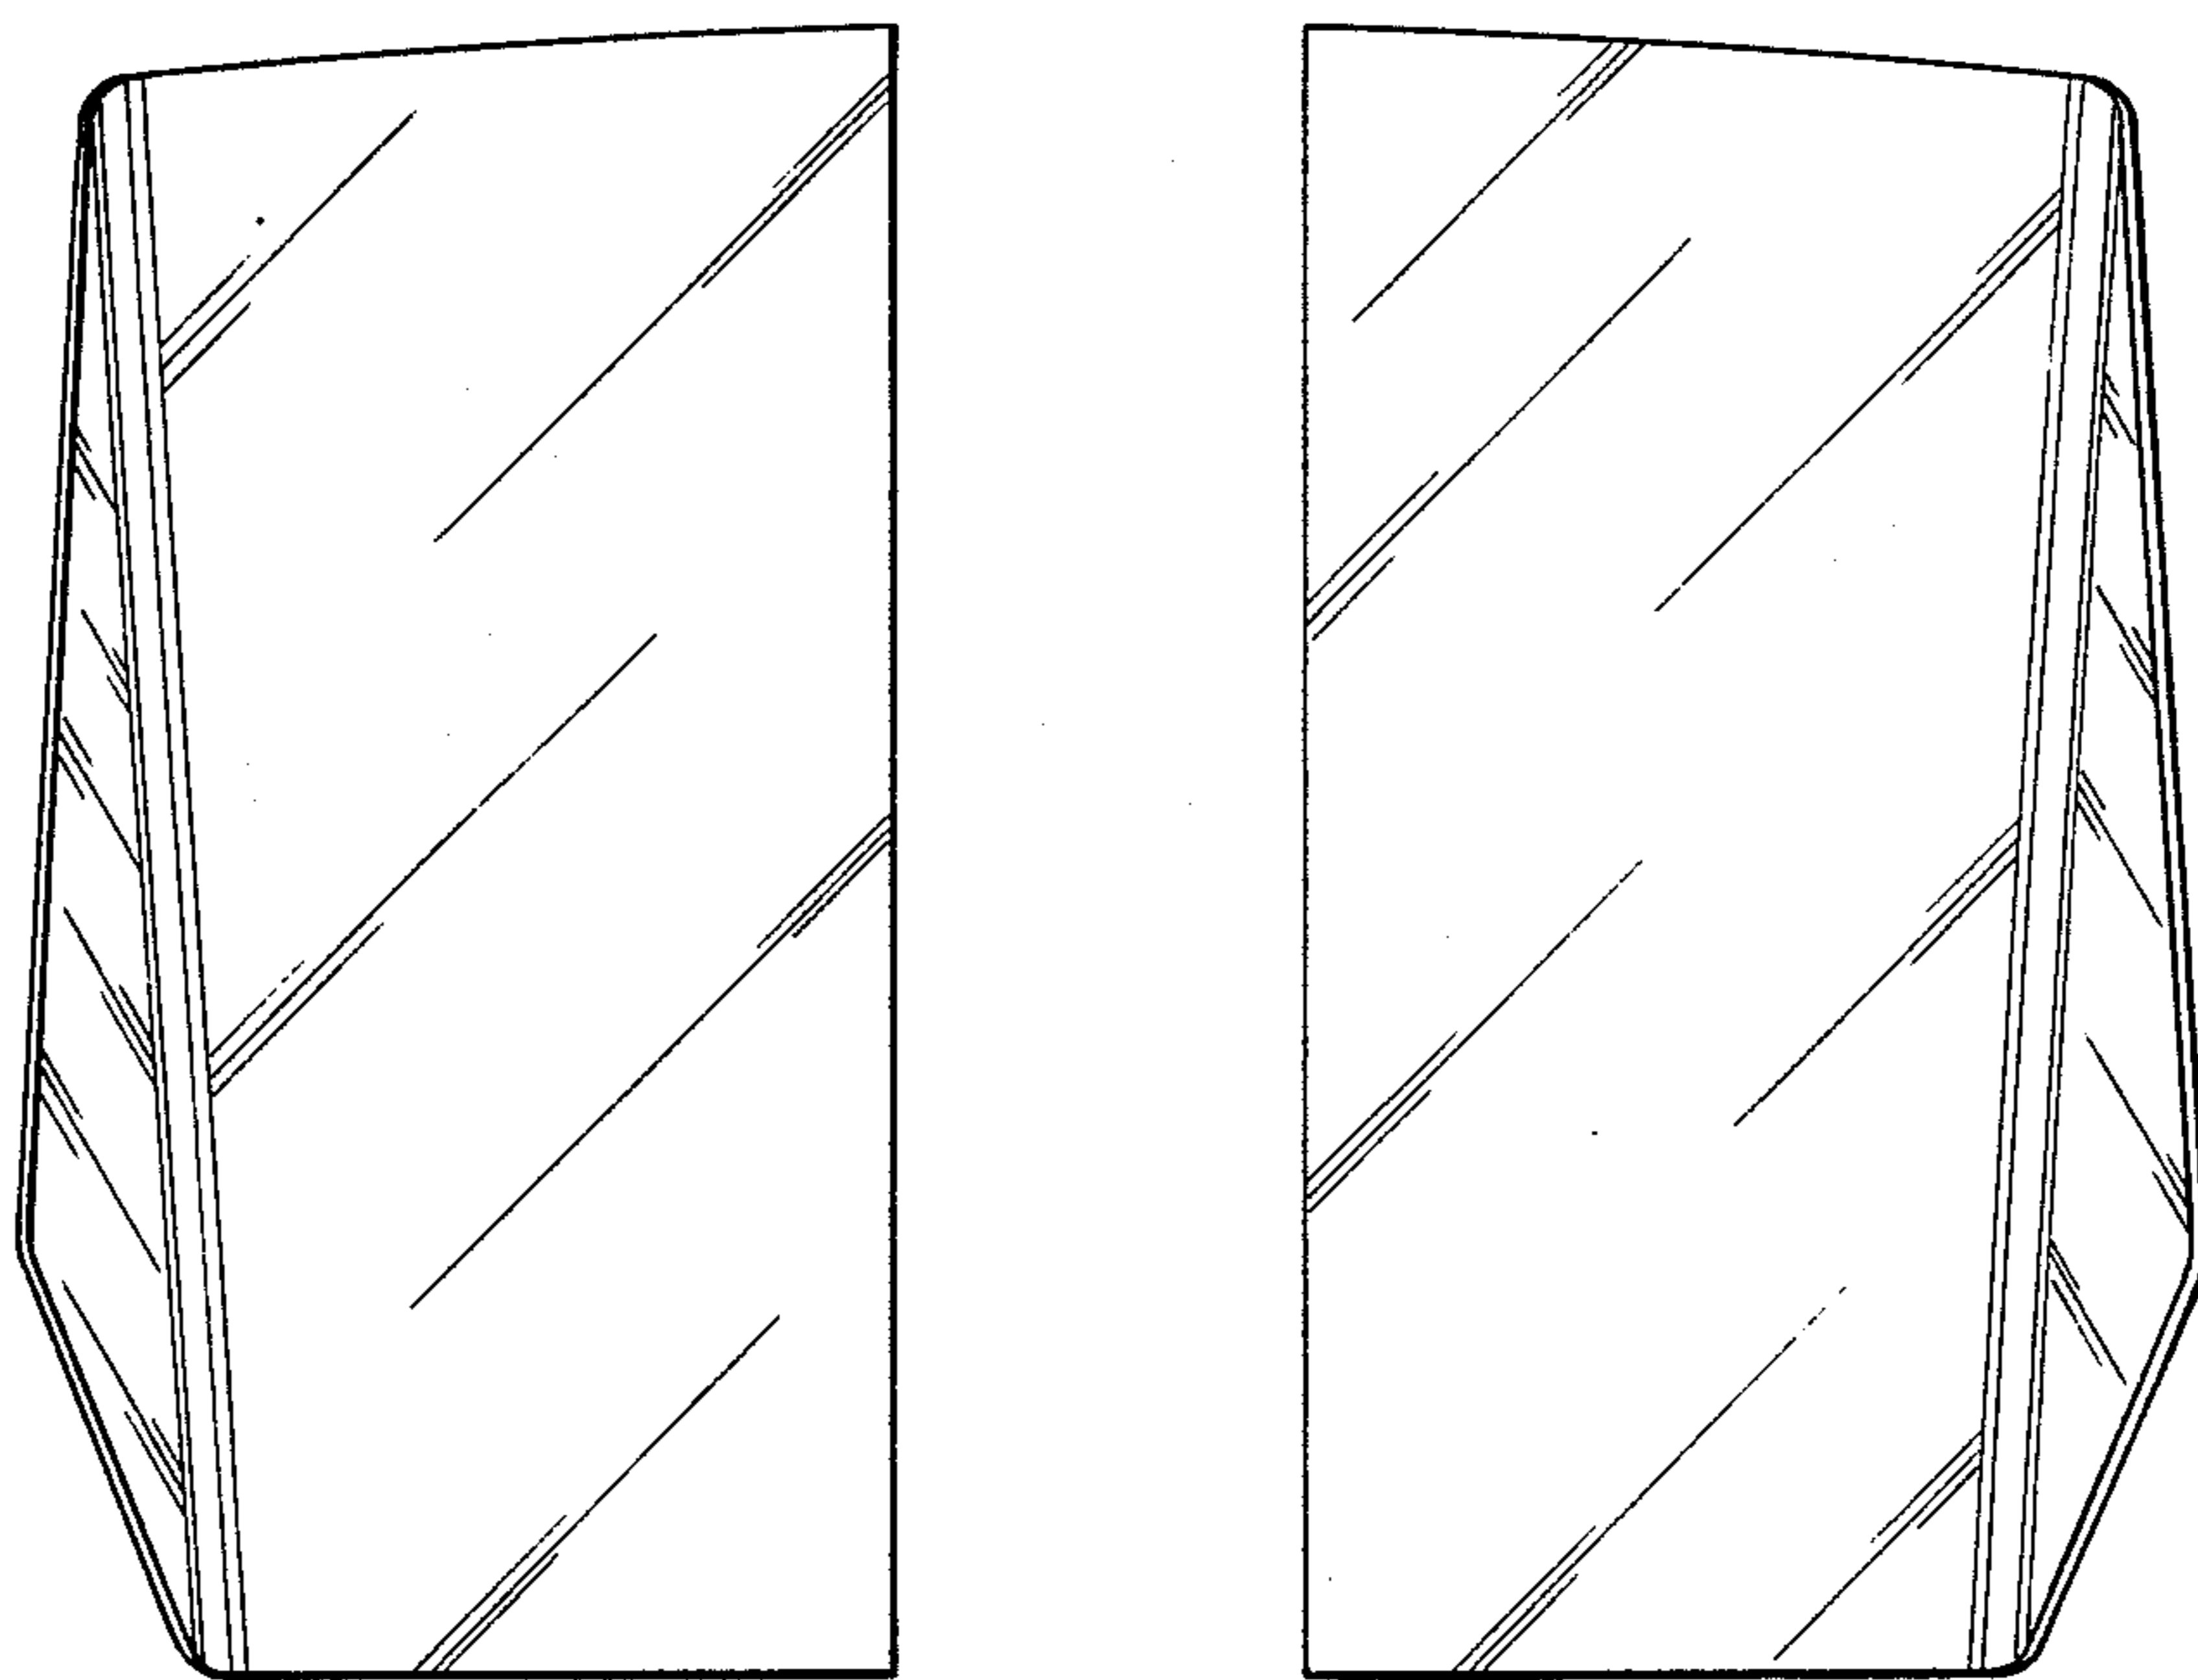

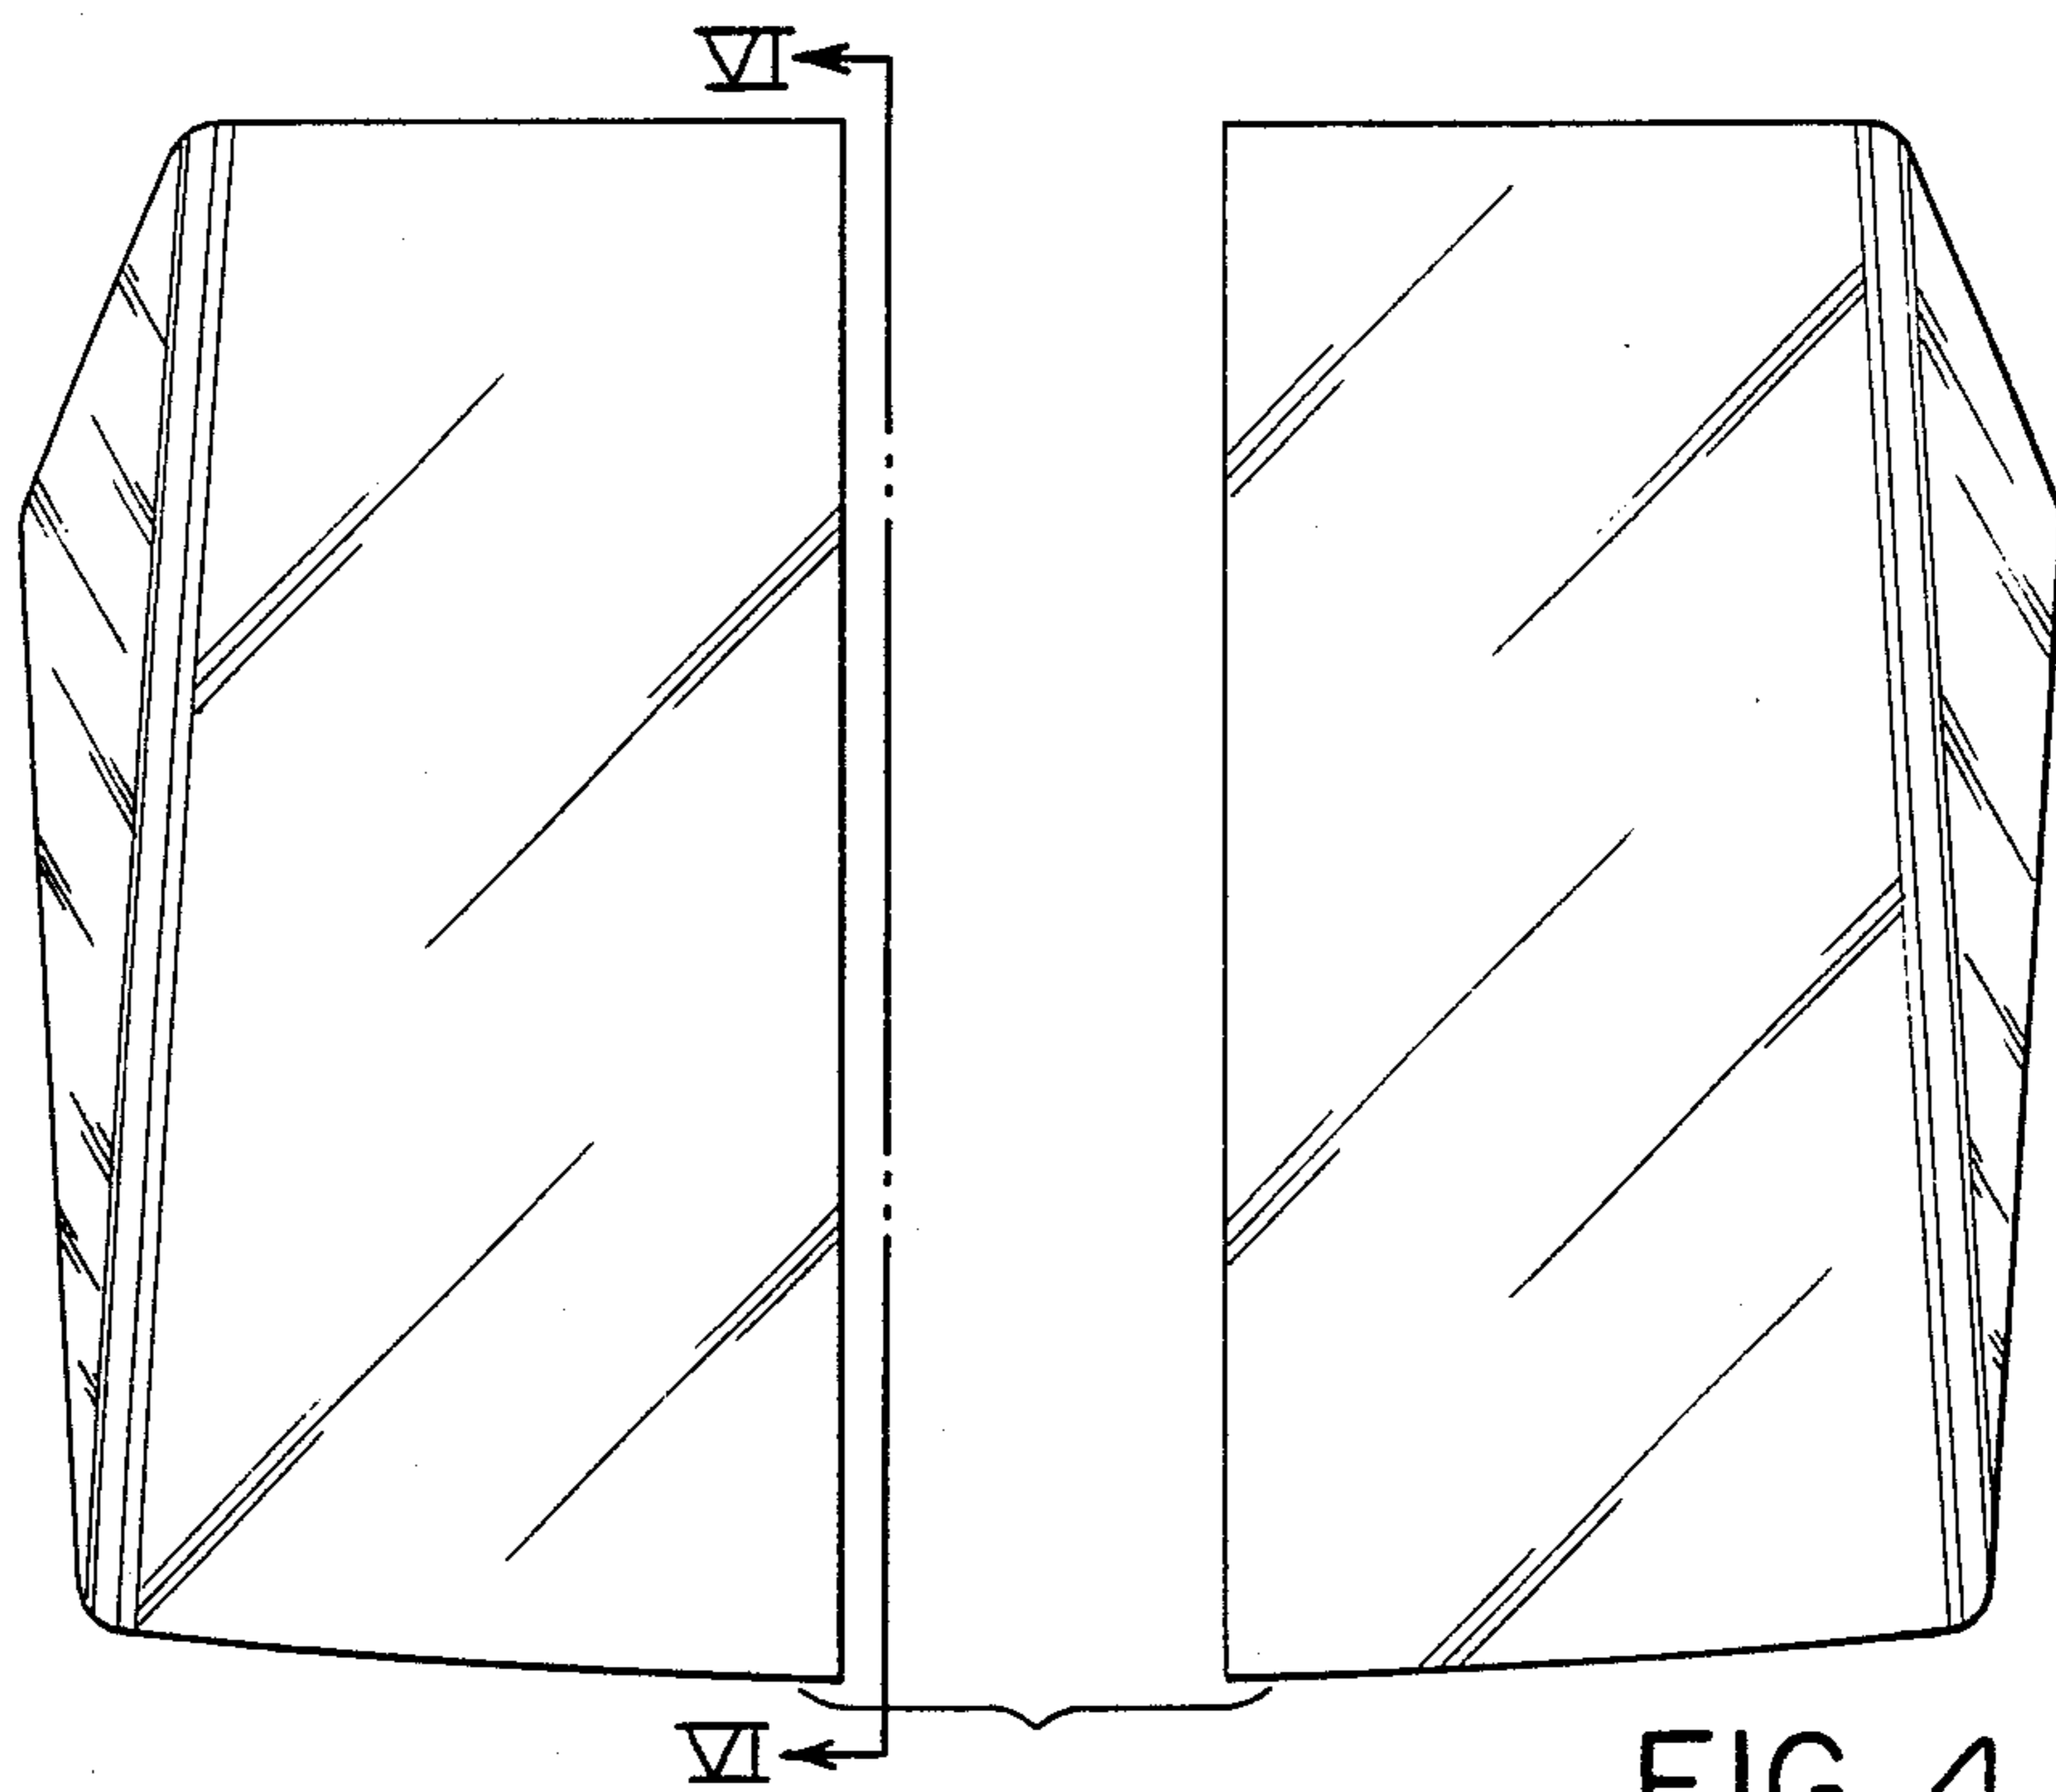

FIG. 7

FIG. 8
