[57] CLAIM

The ornamental design for an automobile lock for attachment to a floor-mounted gear shift lever and hand brake, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an automobile lock for attachment to a floor-mounted gear shift lever and hand brake showing my new design; FIG. 2 is a perspective view thereof, with one end shown partially extended and rotated; FIG. 3 is a reduced top plan view thereof, with one end shown partially extended, the bottom being substantially similar in appearance; and FIG. 4 is a reduced side elevational view thereof, with one end shown partially extended, the opposite side being substantially similar in appearance.
