[57] **CLAIM**

The ornamental design for a shipboard operations terminal used with digitized voice control machine and communication systems, as shown and described.

DESCRIPTION

FIG. 1 is a left side, top and front perspective view of a shipboard operations terminal used with digitized voice control machine and communications systems showing my new design;

FIGS. 2 and 3 are respectively top and bottom plan views of the terminal in FIG. 1 thereof;

FIG. 4 is a rear elevational view thereof; and

FIGS. 5 and 6 are respectively right and left side elevational views thereof.
