[57] CLAIM

The ornamental design for a boat lighting system, as
shown and described.

DESCRIPTION

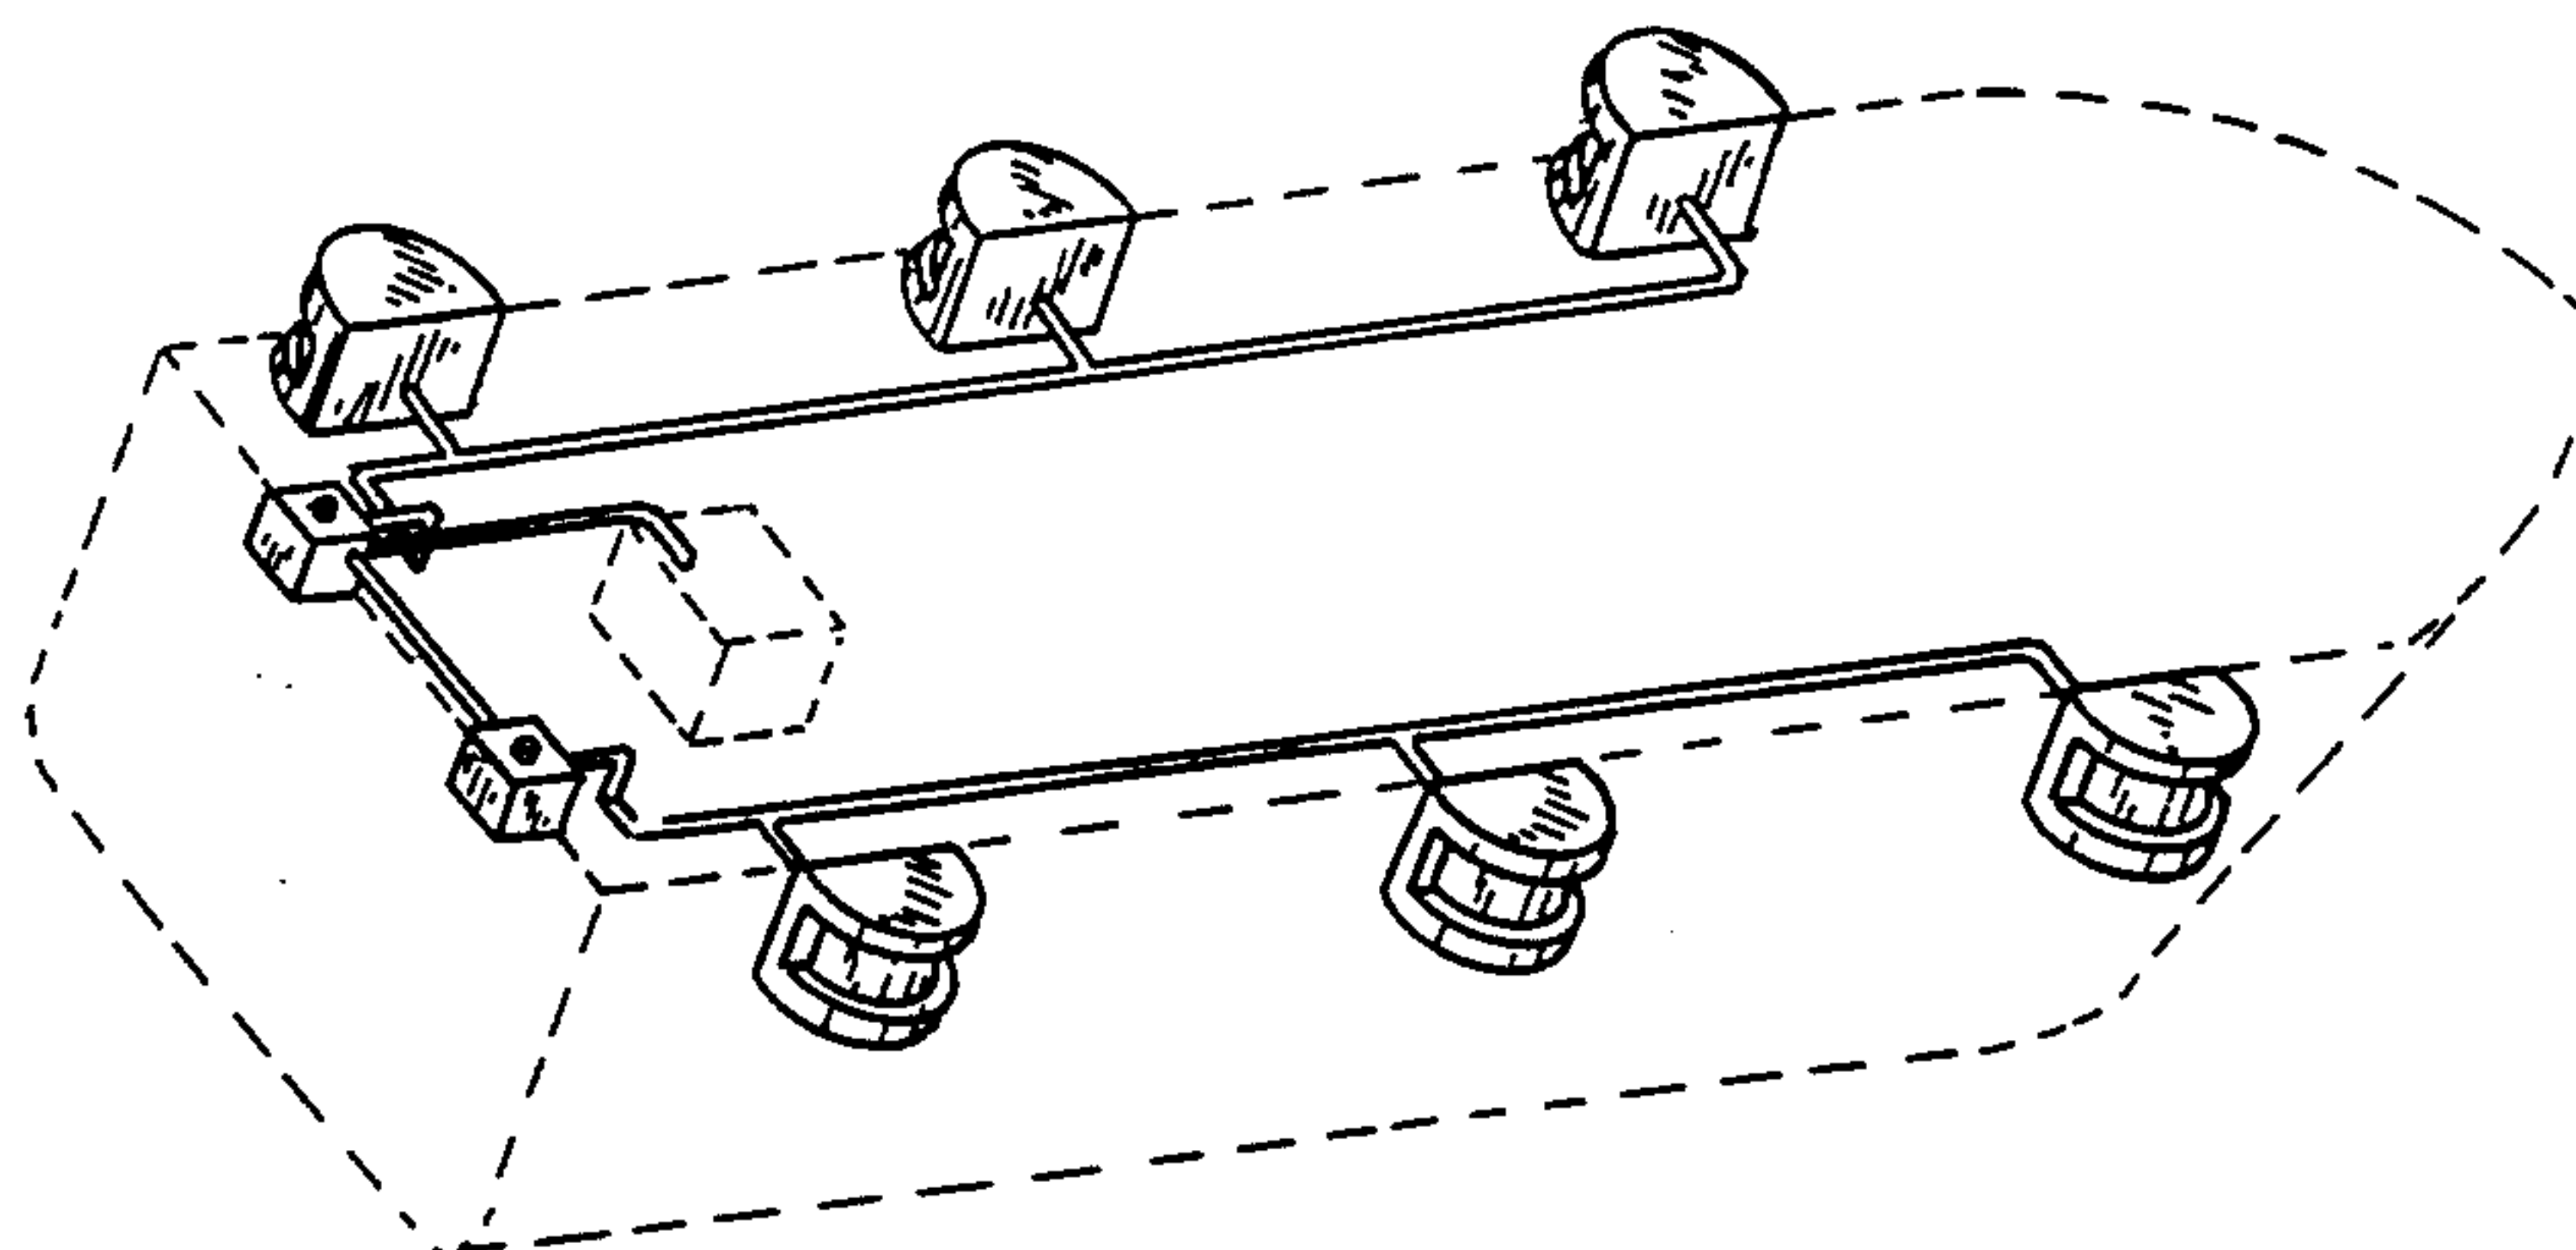

FIG. 1 is a perspective view of a boat lighting system
showing my new design;

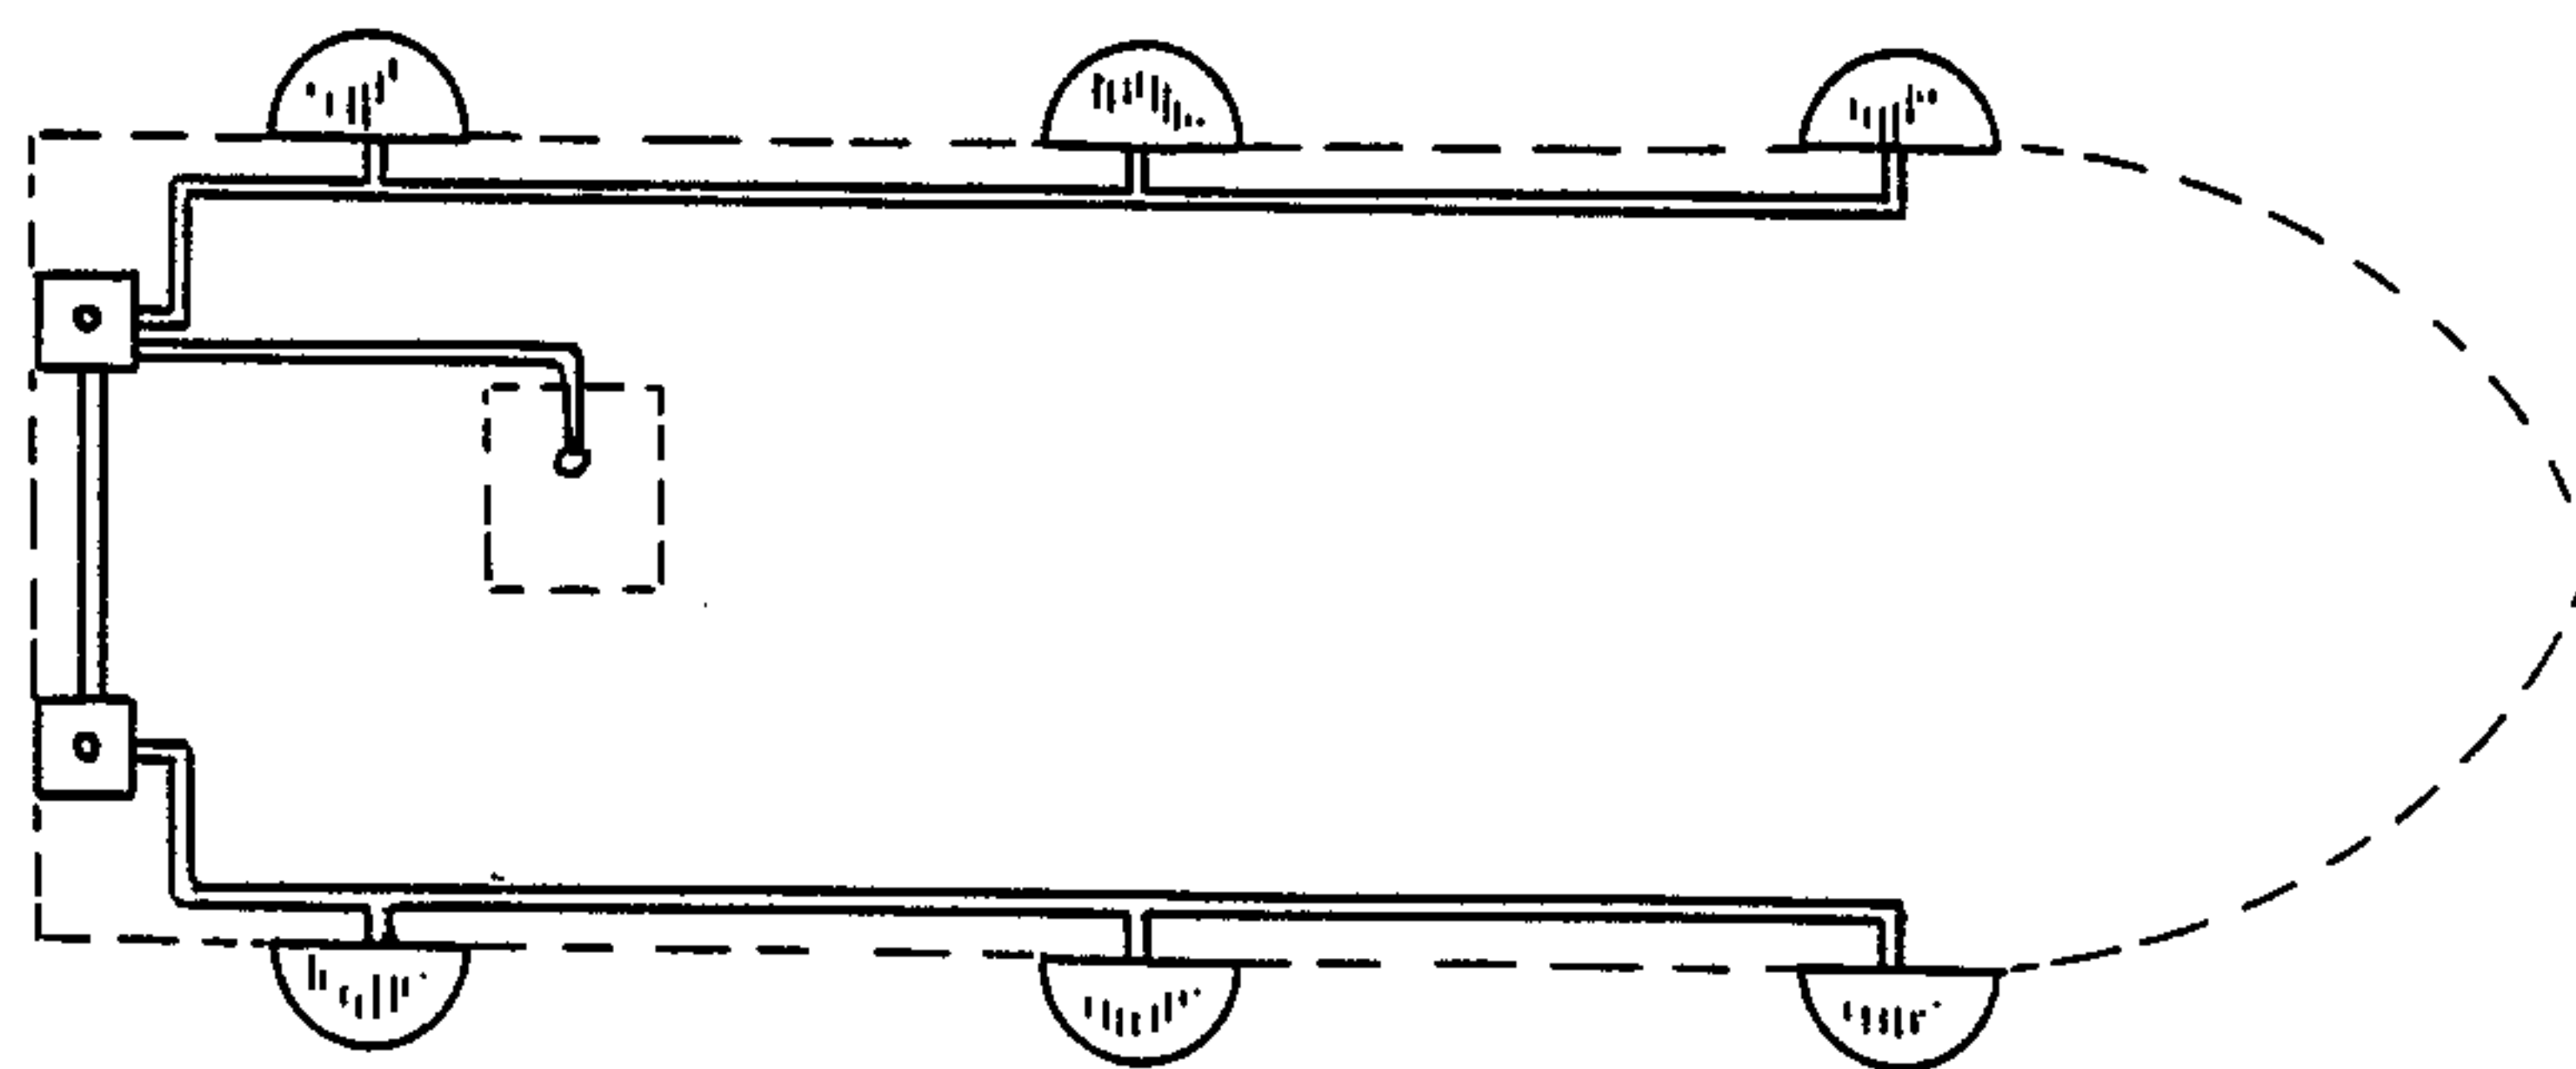

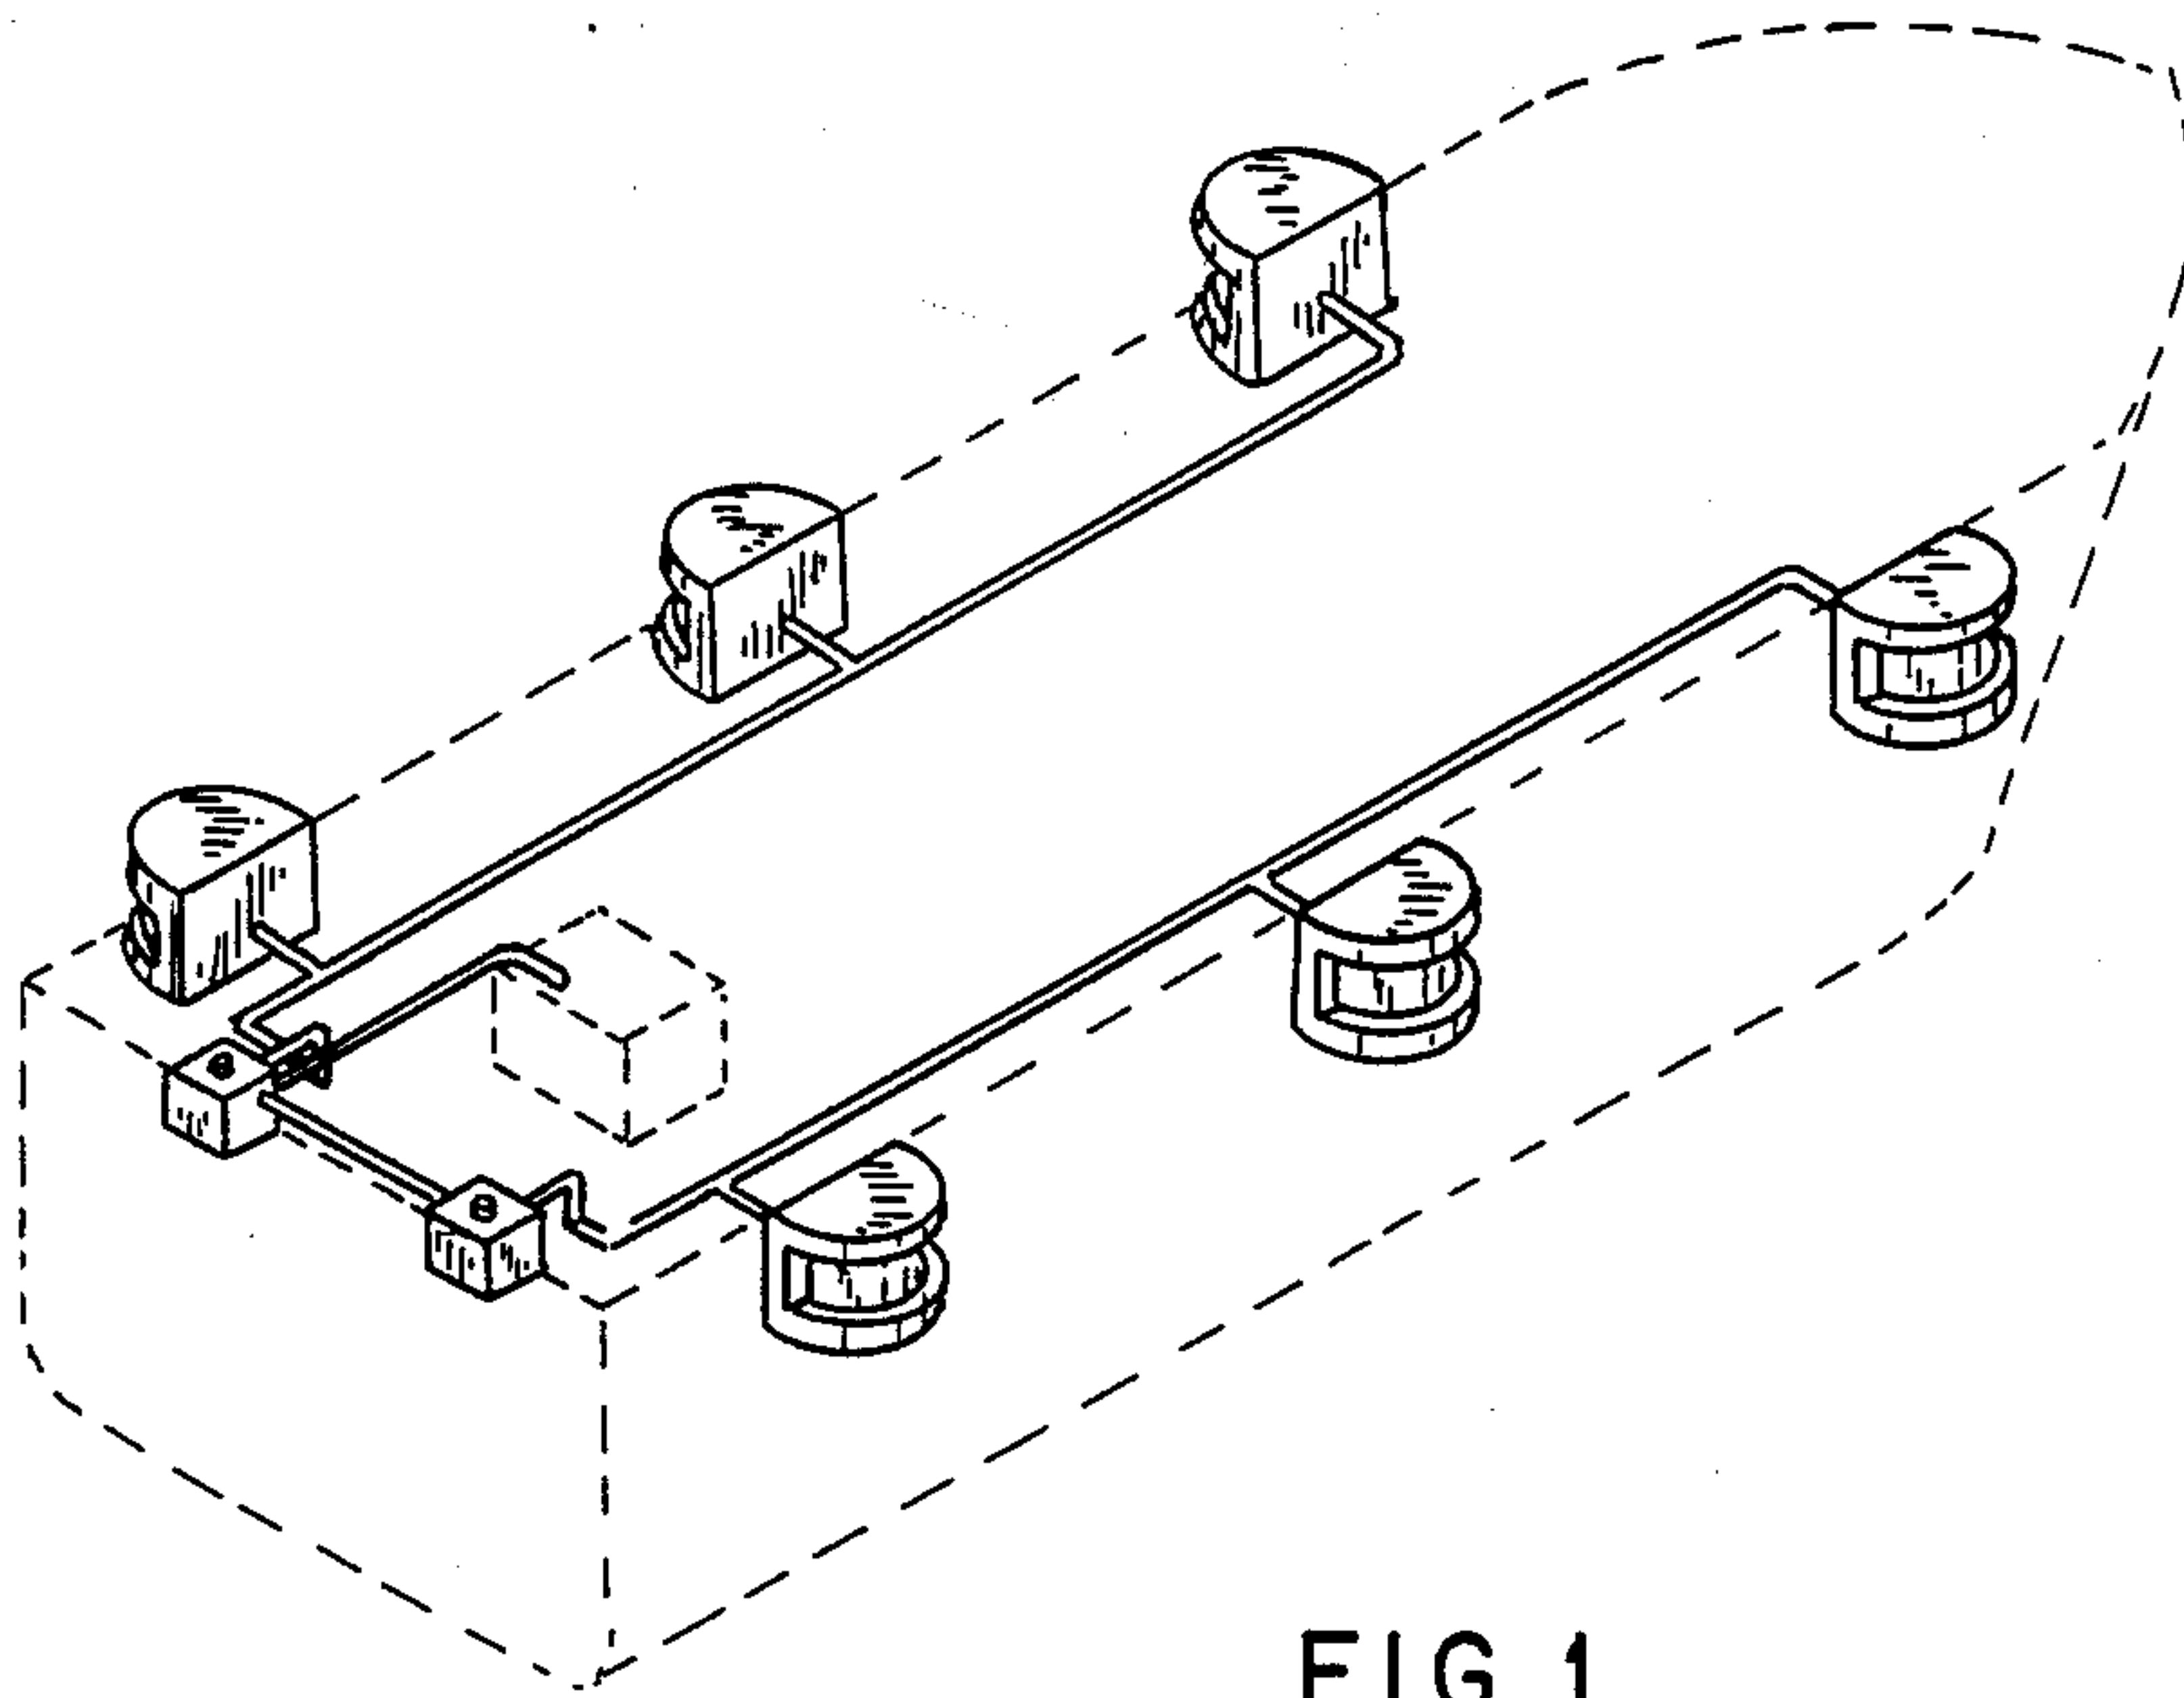

FIG. 2 is a top plan view thereof, the bottom plan view
being a mirror image except for the omission of the
switch from the bottom surface of each control box;

FIG. 3 is a right side elevational view thereof, the left
side being a mirror image;

FIG. 4 is an end elevational view thereof, the opposite
end being a mirror image.

The boat and interior power supply are shown in bro-
ken lines for illustrative purposes only.
