[57] CLAIM

The ornamental design for a combined face plate and control operators for an electrical switch or similar articles, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of the combined face plate and control operators for an electrical switch or similar article showing our new design, the slider knob in the center position; FIG. 2 is a front elevational view thereof; FIG. 3 is a bottom plan view thereof; FIG. 4 is left side elevational view thereof; FIG. 5 is a rear elevational view thereof. The back box and electrical conductors are shown in broken lines for illustrative purposes only.
