[57] CLAIM

The ornamental design for an automatic telephone dialer base, as shown.

DESCRIPTION

FIG. 1 is a front, top, perspective view of an automatic telephone dialer base showing my new design; FIG. 2 is a top plan view thereof, and the bottom of the dialer being plain and unadorned; FIG. 3 is a side elevational view thereof, the side opposite to it being a mirror image thereof; and FIG. 4 is a rear perspective view thereof. The broken line showing of a telephone in FIG. 1, and of a plug for attachment to a telephone in FIGS. 3 and 4 is for illustrative purposes only and forms no part of the claimed design.
