CLAIM

[57] The ornamental design for an interlocking hook and loop pile fabric touch fastener cable strap combination, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of an interlocking hook and loop pile fabric touch fastener cable strap combination, the side opposite being a mirror image; FIG. 2 is a top plan view thereof, the bottom side being devoid of ornamentation; FIG. 3 is perspective view thereof, a perspective view of the side opposite being a mirror image; and FIG. 4 is a side elevational view of a second embodiment thereof, the side opposite being a mirror image; FIG. 5 is a top plan view thereof, the bottom side being plain and unadorned; FIG. 6 is a perspective view thereof, a corresponding perspective view of the side opposite being a mirror image. The only difference the second embodiment has vis-a-vis the first being an extra pile fabric layer in the upper portion of the cable strap configuration combination evident in FIGS. 4 and 5.
