[57] CLAIM

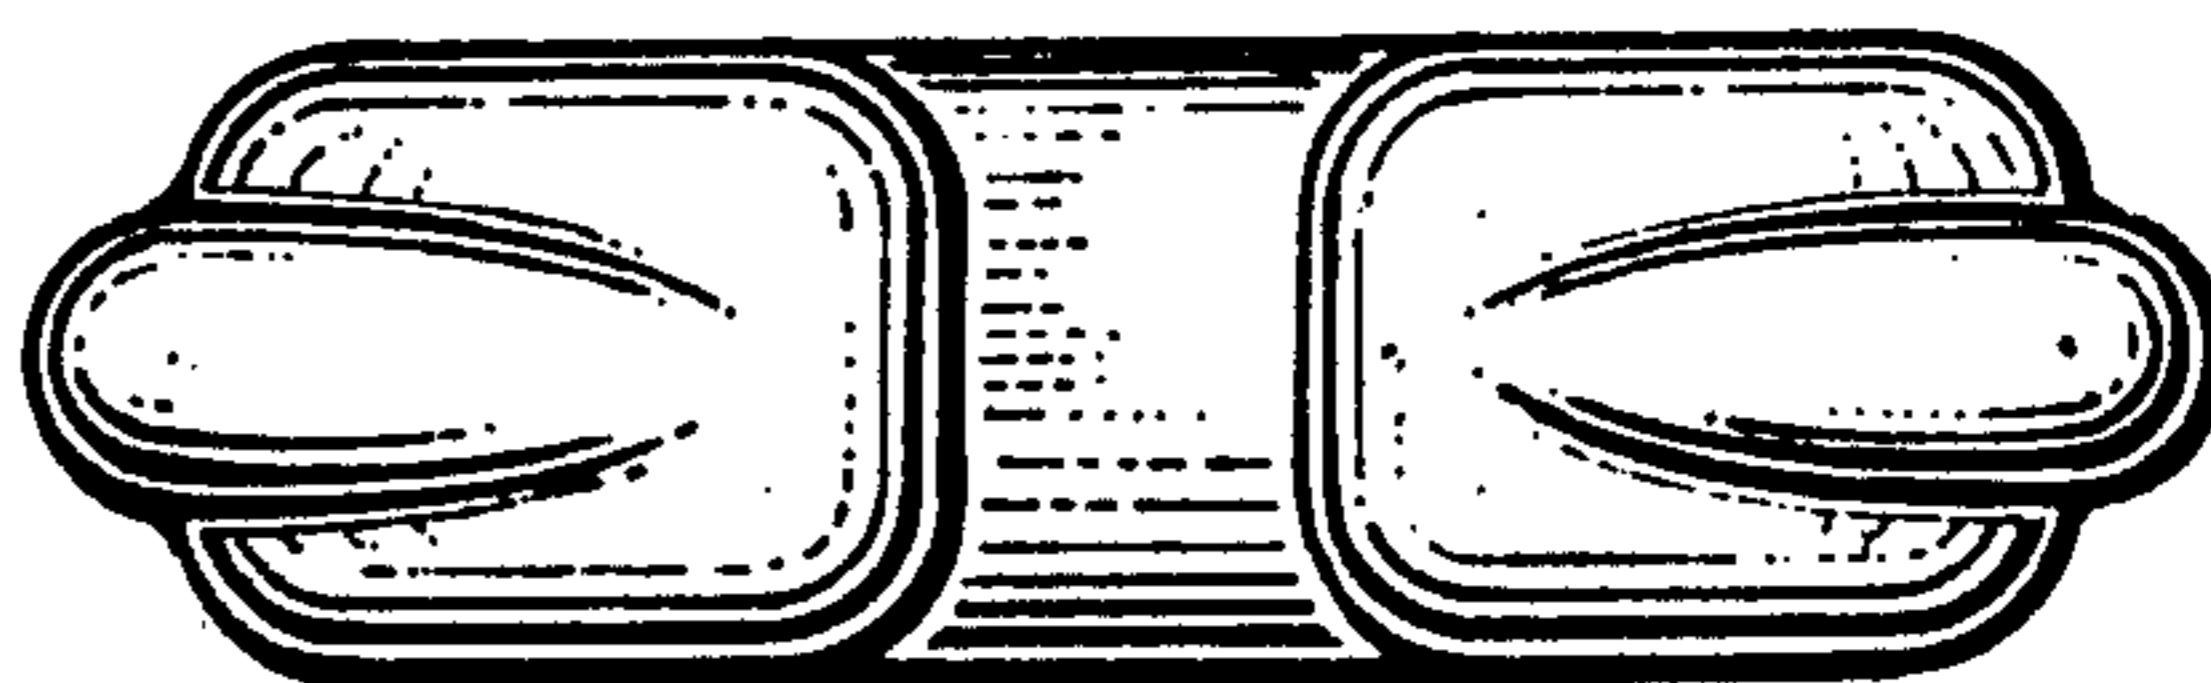

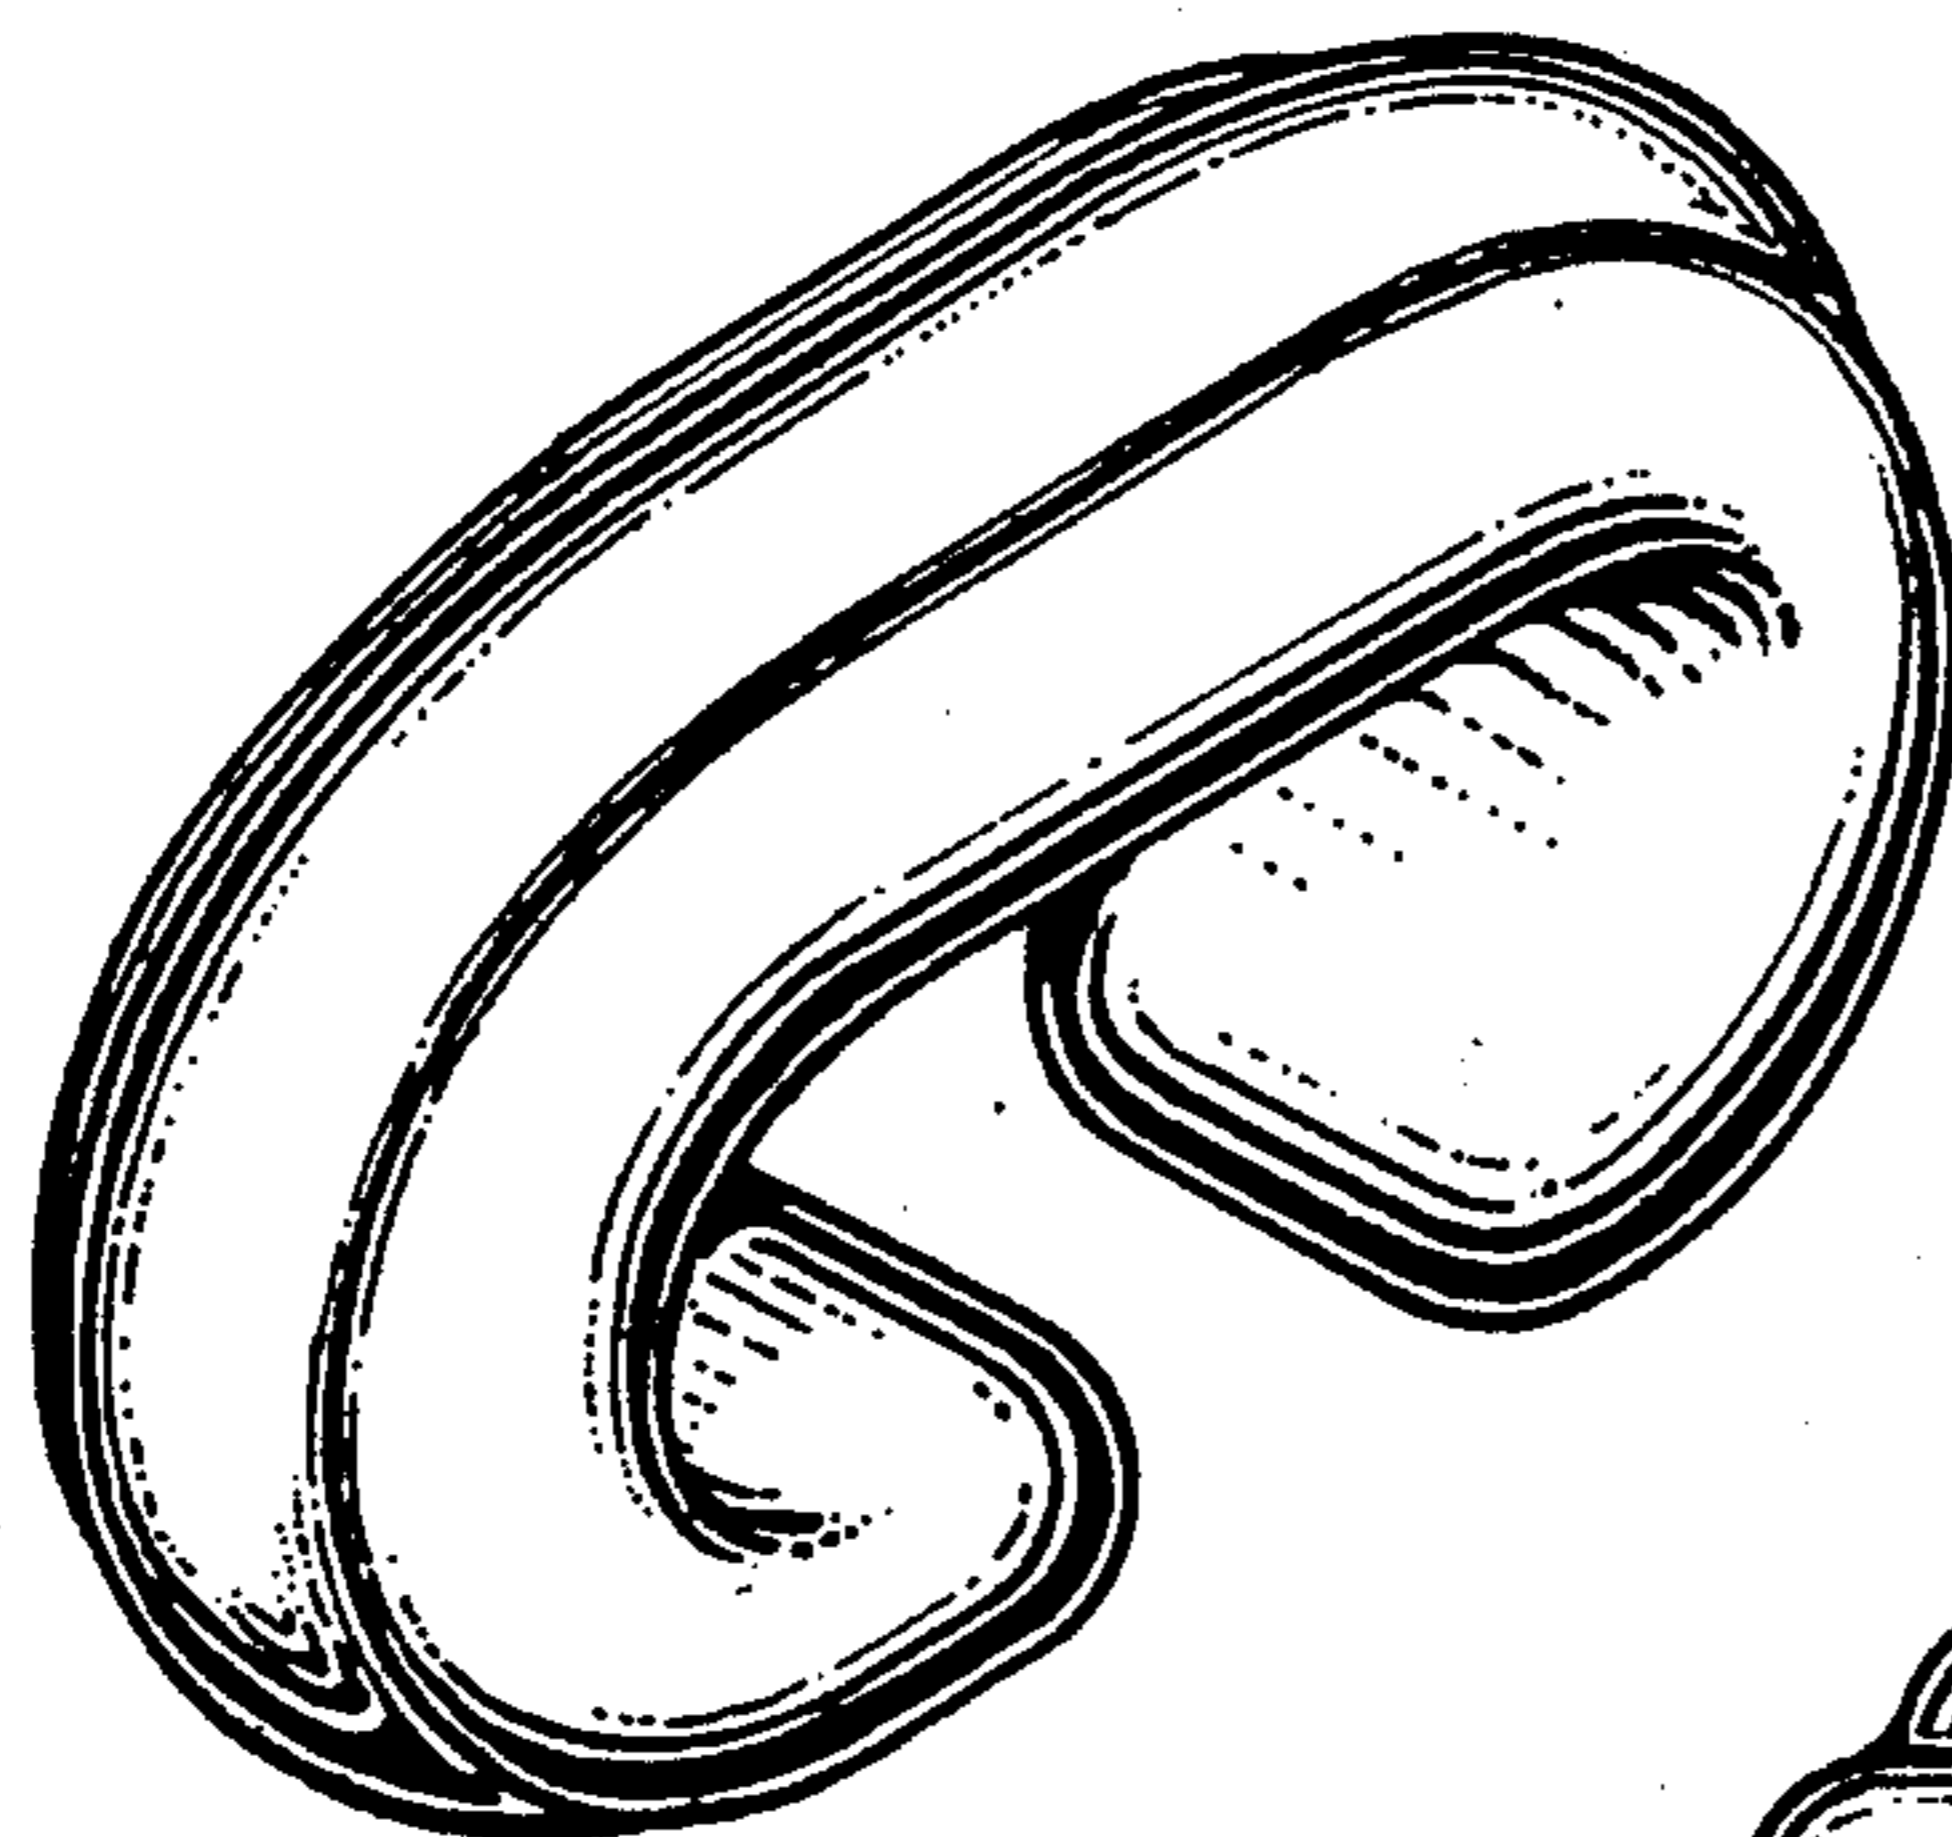

The ornamental design for a hook for repair of elastomeric drive belt, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of hook for repair of elastomeric drive belt, showing my new design;
FIG. 2 is a front elevational view thereof, the rear elevational view being identical to the figure shown;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a top plan view thereof; and,
FIG. 5 is an elevational view of one end thereof, the opposite end being identical to the figure shown.
The broken lines in FIG. 2, representing adjacent ends of a helically wound elastomeric drive belt connected by the hook of the present claimed design invention, disclose the environment and form no part of the design.
