The ornamental design for a control panel for a combined vehicular radio receiver and digital clock, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a control panel for a combined vehicular radio receiver and digital clock showing our new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a bottom plan view thereof; FIG. 4 is a left side elevational view thereof; and FIG. 5 is a right side elevational view thereof. The broken line showing is for illustrative purposes only and forms no part of the claimed design.
