CLAIM

The ornamental design for a portable pneumatic tool housing, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of the portable pneumatic tool housing showing our new design;

FIG. 2 is a side elevational view thereof showing peripheral structure in broken lines for illustrative purposes only;

FIG. 3 is an enlarged front perspective view thereof;

FIG. 4 is an enlarged front perspective view thereof showing peripheral structure in broken lines for illustrative purposes only;

FIG. 5 is an enlarged front elevational view thereof showing peripheral structure in broken lines for illustrative purposes only;

FIG. 6 is an enlarged rear elevational view thereof;

FIG. 7 is an enlarged rear elevational view thereof showing peripheral structure in broken lines for illustrative purposes only;

FIG. 8 is an enlarged top plan view thereof, the bottom being plain and unornamented;

FIG. 9 is an enlarged top plan view thereof showing peripheral structure in broken lines for illustrative purposes only.

The broken line is for illustrative purposes only and forms no part of the claimed design.
