[57] CLAIM

The ornamental design for a bi-directional lashing patch, as shown.

DESCRIPTION

FIGS. 1 and 2 are respectively top and bottom plan views of a bi-directional flexible lashing patch showing our new design;

FIG. 3 is a front elevational view thereof, the rear elevational view being a mirror image thereof; and

FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image.
