CLAIM

The ornamental design for a telephone, as shown.

DESCRIPTION

FIG. 1 is a front elevational view of the first embodiment of a telephone showing our new design with the handset and its base positioned in cradled relationship; FIG. 2 is a rear elevational view of this embodiment, and of all other following embodiments herein after shown;

FIG. 3 is a left side elevational view of embodiments 1, 2 and 6 thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view of this embodiment, and of all other following embodiments herein after shown;

FIG. 7 is a top plan view of the handset of the telephone positioned aside from its base shown in top plan view thereof;

FIG. 8 is a front, top and right side perspective view thereof;

FIG. 9 is a top plan view of a second embodiment thereof in cradled relationship;

FIG. 9A is a front, top and right side perspective view thereof;

FIG. 9B is a front elevational view thereof;

FIG. 9C is a right side elevational view thereof;

FIG. 10 is a top plan view of a third embodiment thereof in cradled relationship;

FIG. 10A is a front elevational view thereof;

FIG. 10B is a left side elevational view thereof;

FIG. 10C is a right side elevational view thereof;

FIG. 11 is a front, top and right side perspective view of the third embodiment thereof;

FIG. 12 is a top plan view of a fourth embodiment thereof in cradled position;

FIG. 12A is a front, top and right side perspective thereof;

FIG. 12B is a front elevational view thereof;

FIG. 12C is a left side elevational view thereof;

FIG. 12D is a right side elevational view thereof;

FIG. 13 is a top plan view of the fifth embodiment of the telephone base with the handset removed for clarity of illustration;

FIG. 13A is a front, top and right side perspective view of the fifth embodiment thereof in cradled position;

FIG. 13B is a front elevational view thereof;

FIG. 13C is a left side elevational view thereof with handset in place;

FIG. 13D is a right side elevational view thereof with handset in place;

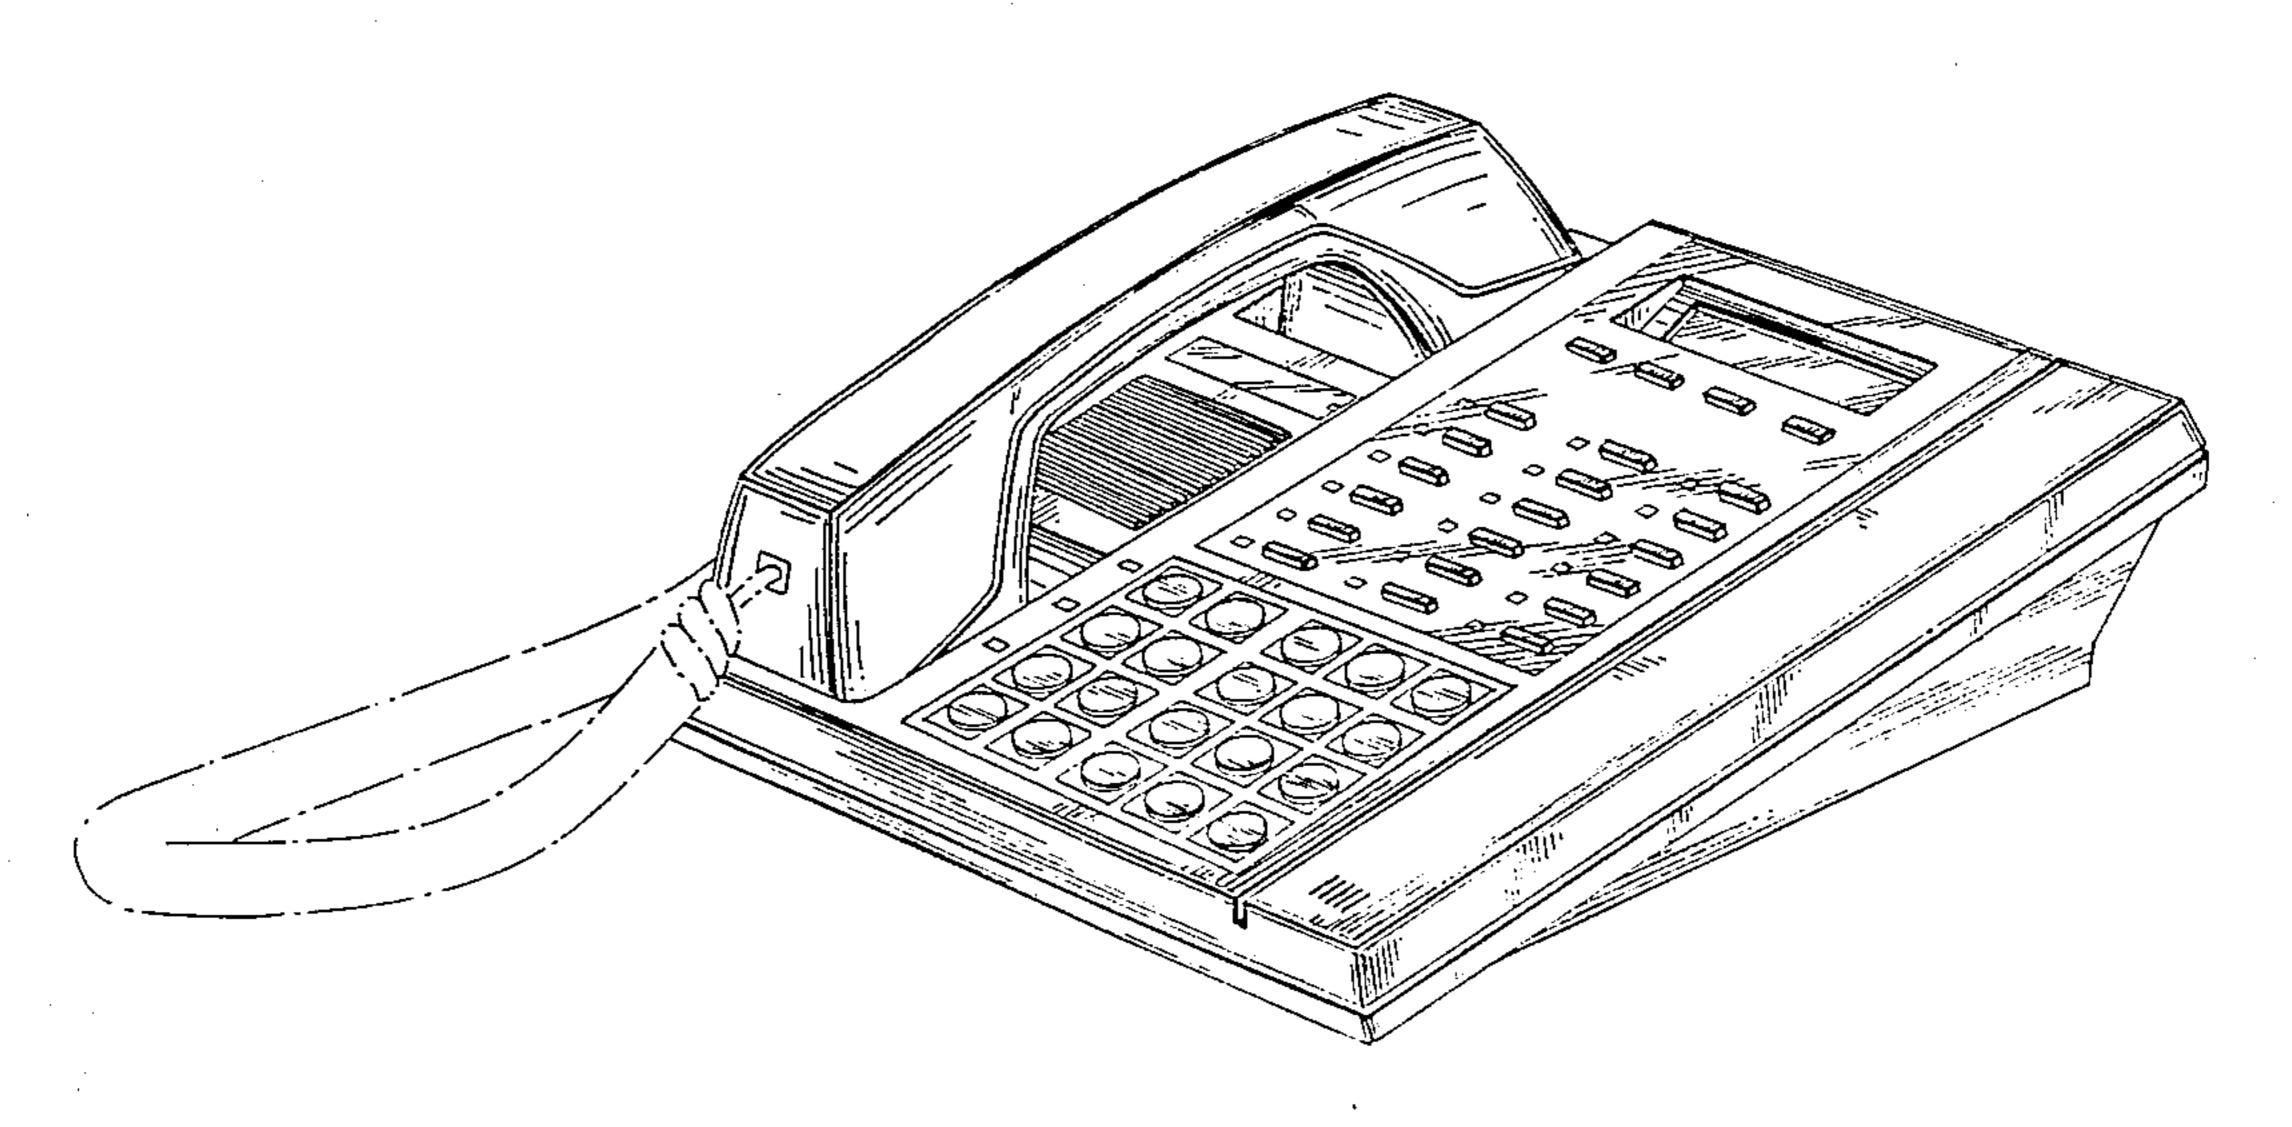

FIG. 14 is a top plan view of a sixth embodiment of the telephone base with the handset removed for clarity of illustration;

FIG. 14A is a front, top and right side perspective view thereof in cradled position;

FIG. 14B is a front elevational view thereof, with handset in place; and

FIG. 14C is a right side elevational view thereof with handset in place.

The broken line showing of telephone cord in sundry figures is for illustrative purposes only and forms no part of the claimed design.
