[57] CLAIM

The ornamental design for the illuminated map holder, as shown and described.

DESCRIPTION

FIG. 1 is a top, side isometric view of an illuminated map holder showing my new design; FIG. 2 is a right side elevational view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a bottom plan view thereof; FIG. 5 is a left side elevational view thereof; FIG. 6 is a front elevational view thereof; FIG. 7 is a rear elevational view thereof; FIG. 8 is a top side isometric view of a second embodiment thereof, the second differs from the first because of the slightly modified body shape; FIG. 9 is a right side elevational view thereof; FIG. 10 is a top plan view thereof; FIG. 11 is a bottom plan view thereof; FIG. 12 is a left side elevational view thereof; FIG. 13 is a front elevational view thereof; FIG. 14 is a rear elevational view thereof; FIG. 15 is a top side isometric view of a third embodiment thereof, the third differs from the original because of the pair of retaining clips and a body shape similar to the second embodiment.
